WELCOME TO LAKE JELS IN VEJEN, DENMARK

The Danish Canoe Federation, Sport Event Denmark, SportsCenter Denmark, the Triangle Events, and the Vejen Municipality have the great honor of welcoming the canoe world elite to the 2023 ICF Canoe Marathon World Championships.

The World Championships will take place in a unique and traditional setting at Lake Jels in the municipality of Vejen, Denmark. We are excited to offer participants and spectators a special experience in one of Denmark's central Viking areas where, to this day, many of the proud Viking traditions are passionately displayed. With an innovative approach to old traditions, we create a focus on health, Nordic food, and sustainability.

The beautiful surroundings on and around Lake Jels will form the framework for the competitions whereas Sportscenter Denmark will be a vibrant Athlete Village catering to all the needs for the athletes' stay.

We are here to create the best possible setting for an unforgettable experience and a fair race for you and your team.

See you in August!

On behalf of the organizing committee,

Mayor of Vejen Municipality
Frank Schmidt-Hansen

JOIN THE VIKINGS

We are planning a huge Viking party offering participants and spectators a special experience in one of Denmark's central Viking areas, where to this day many of the proud Viking traditions are passionately maintained. The central focal point is nature, which we use as an arena for the world Championships, with a great focus on how to take better care of it. With an innovative approach to old traditions, we create a focus on health, Nordic food, and sustainability.

The Vikings were unsurpassed masters on the water, could party, and explore with a special endurance. We will pass on that inspiration. The 2023 ICF Canoe Marathon World Championships will show both international athletes, family, and tourists that we in Denmark and the Triangle area have the surroundings, the skills, and the community to create a professional, festive, and exciting event beyond the ordinary.

ATHLETES VILLAGE

The majority of the accommodations will be part of the Athlete Village. Sportscenter Denmark will be, in the best Olympic city style, a vibrant center for the athletes' stay and catering. It is also Sportscenter Denmark who will be your contact for any and all accommodation needs.

We are creating a temporary campus for all teams and participants where everything an athlete needs or desires is gathered in one place.

We can offer a wide variety of accommodation opportunities within 800 meters from the Sportscenter: The Sportscentre's own 4 star hotel, a youth hostel, cabins, dorms, and a gym style set-up. In other words, there is an accommodation opportunity for all needs and budgets.

An important aspect of the athletes village is not confined to being where participants sleep and eat. This is a canoe-village for a week where we can offer a broad selection of activities athletes and coaches alike can enjoy with their fellow-canoeists. There is the opportunity to go for a swim in the pools, treat yourself to a visit in the wellness center, or just hang out in one of the lounge areas adapted specifically for athletes. We are creating a village atmosphere specifically for paddlers.

There will be point-to-point shuttle service from the Athletes Village and the venue in Jels. It is a 20 minute drive and we will have the shuttle service organized with extra buses during peak hours.

SUSTAINABILITY

We share our knowledge about the water environment and sustainable solutions among participants, spectators, and business partners.

We are sorting waste in 9 fractions and need your help to succeed.

Participant and volunteer catering will primarily be made with local produce including attractive vegetarian options.

We are working on UN's Global Goal No. 17: Partnerships. We are collaborating with our partners to create an amazing environmentally friendly event. Learn more in the next bulletin on how to help us all help the environment.

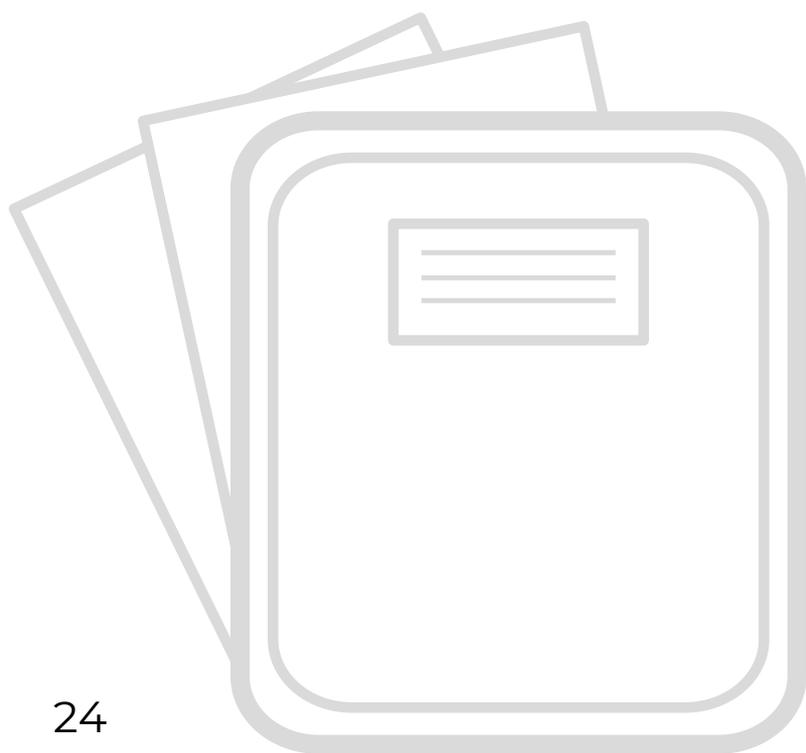

ICF will plant mangrove trees to offset the carbon dioxide released through the travel to and from chosen ICF events.

VISA

Denmark is a member state of the European Union (EU). As such, all accredited participants who are citizens of the European Union are granted free access to Denmark.

Participants (typically outside the Schengen area) who require a visa to enter Denmark will, upon request, receive an invitation letter from the Danish Canoe Federation, sending their confirmation of participation.

Please be aware that there are strict and early deadlines on requesting a visa. We encourage you to consult with the embassy as soon as possible.

MANDATORY ANTI-DOPING EDUCATION

For the ICF World Championships, ICF World Cups and ICF Ranking Races and Continental Championships, every athlete, coach, and support personnel must pass the relevant anti-doping online course on the Anti-Doping Education Learning platform (ADEL) corresponding to their role OR the corresponding NATIONAL course. This is also mandatory for masters.

For example, the Danish Masters should [take this course with Antidoping Denmark](#) instead of the ADEL.

Athletes who have completed the online anti-doping education in the previous years are not required to complete the course again.

To access the ADEL courses, please [click](#)
