Nomination Henriette Engel Brøns CSP committee

The Danish Canoe Federation is proud to nominate world champion Henriette Engel Brøns to the CSP committee.

The CSPC will gain a unique member, rooted in a strong federation built on canoeing culture. As recent and future host of ICF Canoe Marathon and Sprint World Championship Danish canoeing can contribute to the development of canoeing.

As a person Henriette is a strong athlete, with a proven insight in both marathon and sprint. Documented organizational experience within the ICF and a history - nationally and internationally for caring for her fellow athletes. On top of that Engel Brøns will add to the diversity of ICF management by being young and female.

Engel Brøns will be supported by the Danish Canoe Federation. A federation that was a founding member of ICF. A federation among only a handful who have consistently been represented at the Olympics since introduction of CSP in 1936. A federation who has also played a major role in the development of Canoe Marathon guaranteeing collaboration between disciplines. And finally but not least a federation who has one of the world highest numbers of registered members per capita - bringing valuable knowledge into the ICF in that area.

Engel Brøns and The Danish Canoe Federation is the product of a canoeing culture that is inclusive, diverse, democratic and always open and in constant dialogue with the many stakeholders. By selecting Engel Brøns the ICF will tap into that valuable culture helping to connect canoeing history with its future.

We hope that ICF BOD and EXCO will recognize the potential of Henriette Engel Brøns and select her for a spot in CSPC. For details on Engels Brøns we refer to the attached resume.

With kind regards

Tom Bundesen Faurshou
