2019 ICF CANOE SPRINT WORLD CUP DUISBURG 31.05. - 02.06.

Dear friends of canoeing,

Deutscher Kanu Verband would like to invite you cordially to the

2019 ICF CANOE SPRINT WORLD CUP DUISBURG

taking place at the regatta course in Duisburg.

It would give us great pleasure if your nation's canoe sprint team would take part in this event.

Please find enclosed registration documents from Kanu-Regatta-Verein Duisburg e.V..  
Please direct your entries to the address given in the bulletin.

Looking forward to seeing you in Duisburg

Yours sincerely  
DEUTSCHER KANU-VERBAND E.V.

We were delighted to receive a lot of praise and suggestions but also some criticism with reference to past World Cup events or even World Championships. As a result we regard it as our task and obligation to introduce further improvements.

We know that athletes as well as all other participants and guests expect an outstanding organization and perfect competition conditions from us.

We gladly accept this challenge. But above all we are looking forward to the meeting of the canoe family on the Wedau Course in Germany's largest sports park. Together with the German Canoe Federation, the city of Duisburg, our many volunteers and the team of the Duisburg Kanu-Regatta-Verein, we will also invite you to experience our hospitality during the ICF World Sprint Cup from 31 May to 2 June.

What we have learned in 40 years as a regatta location of international importance: We cannot meet the high expectations on our own. Only the cooperation with the ICF and you, representing an international federation, will prepare the center stage for the athletes during the three days of competition. Nothing less is our goal: We want the athletes to be able to show their best side.

This first bulletin informs you about the status of the preparations, which we started right after the this year's ICF Canoe Sprint World Cup in Duisburg. It also contains all the information currently available to make your preparations for Duisburg as easy as possible. Detailed questions, which we cannot answer yet, will be answered with the following bulletins.

We are very much looking forward to the usual good cooperation and to your support. Please help us by submitting all necessary information within the respective time frames. You support us in this way and enable your athletes to achieve the best possible results. As mentioned, this is our goal.

If you have any questions after reading the Bulletin, please do not hesitate to contact us.

Duisburg looks forward to hearing from you.

## General Information of Germany

Germany is a western European country, stretching from the beaches of North Sea and Baltic Sea to the Alps on the southern border. Since reunification in 1990 Germany has approx. 82.5 M inhabitants and covers an area of 357,386 square km. Therefore Germany is one of the most heavily populated countries in the world. Berlin is the capital and also the largest city by population. MEZ (winter time) applies from end of October until end of March. During the remainder of time MESZ (summer time/ MEZ - 1h) applies.

## General Information of Duisburg

Status: Major centre on the Lower Rhine

Population: 502,000; Area: 232.82 square kilometres

Sports clubs: 500; Membership: 110,000

Attractions: Inner Harbour district, Zoo, Landschaftspark North, museums, opera house, City-Palais centre with casino, Forum shopping centre

Duisburg is situated at the heart of the Rhine-Ruhr region, the third-largest conurbation in Europe, optimal road, rail, water and air connections make Duisburg the ideal place for business, sport and culture. The city at the confluence of the Rhine and the Ruhr is Europe's leading steel location and "duisport" is the continent's largest inland port.

A cosmopolitan trading city and port, Duisburg is simply full of life with its Inner Harbour district (an attractive waterside leisure area) and its regenerated city centre which boasts the *Forum* shopping centre and the *City-Palais*, a shopping centre, casino and many more attractions. Some 12,000 young people from Germany and beyond study on the Duisburg Campus.

The city has also become home to many immigrants and is proud of its partnering links with China, France, Great Britain, Honduras, Lithuania, Russia, Togo and Turkey. Numerous festivals, concerts and exhibitions with top-class artistes fill the cultural events calendar all year round.

As the host of the *1989 Universiade*, *the World Games 2005*, *the 1983 Rowing World Championships* and the *1979, 1987, 1995, 2007, 2013 World Championships in Canoe Sprint* and the *2016 Paracanoe World Championships*, the city has internationally acknowledged experience and its *Sportpark Duisburg* is an event Centre renown worldwide.

## Course

### Description of competition venue and sports infrastructure

Regatta course Duisburg is located at the heart of sports park Duisburg, within 3 km from the City Centre, embedded within the Neudorf and Wedau area. Besides the regatta course, the sport park comprises the football stadium "MSV-Arena", an athletics stadium, an indoor pool, the centre of excellence of the West German Football Association, a large provision of accommodation, a cantina, two sports halls, the home of Hockey and Tennis club "Raffelberg" with a number of hockey and tennis courts. It also provides football pitches for two more sports clubs, club houses for 3 swimming clubs with separate pools, club facilities of two canoe clubs, the club house of Duisburg Rowing club, a waterski complex and a rope course.

The regatta course is 2250 metres long with a width of between 125 to 135 metres. The general direction of the course is South to North. The course does provide a minimum water depth of 7 meters. Ballooning of the course follows the rules of the "Albano-System". A parallel canal of 30 metres width is provided to the West of the course with links into the main regatta course at 1100 metres and 1800 metres.

The regatta building with 6 boat storage halls, changing rooms, gymnastics hall and toilet facilities is situated on the eastern bank in the finish area. Additionally there are 2 large new boat ports for boat storage.

The Federal and State centre of excellence for canoeing is adjacent to this building. This provides accommodation, meeting room, sanitation, 5 additional boat storage halls, workshop and the office of the regatta course manager.

Next in row is a pavilion which is used as a service point where drinks and snacks are available. It is also base for the 44 sqm video wall which allows spectators to watch race action and results. The open space between the pavilion and the rescue station with the motor boat marina can be used for additional grandstands. In front of these buildings are extensive pontoons allowing to launch canoes and bring them ashore.

We have always invested in modernizing the venue Regatta Course to be fit for the future and to meet the demands of a modern venue. From August 2016 the buildings at the east side of the course were redeveloped, renovated and extended at costs of about 8,7 million €. Significance was given to energy efficiency in order to contribute to climate change targets by reducing the output of carbon dioxide as well as barrier free access. Hereby we especially would like to offer a future proof venue for para canoeists meeting their demands (e.g. having additional changing rooms, showers and an elevator on the outside).

The western bank of the course accommodates the regatta house with the finish tower and the main grandstand. The regatta house also provides office space for regatta organisers. The front of this building is the location for victory ceremonies. The open space next to the regatta house gives sufficient space for a marquee accommodating weight scales for boats. There is also sufficient space for information stalls for VIPs, guests of honour and visitors. The rear of the building with its triangular green, surrounded by a tarmacated track, is the ideal location for a large catering marquee, additional boat storage and boat service, for the TV facility, for a press and media centre and other structures.

The entire regatta course is surrounded by large trees and is therefore protected from winds. The course can be used even in bad weather conditions and offers almost equal chances on all 9 tracks.

## Weather

The average temperature in May/June is 19.8 C. The frequency of storms in this month according to German environment agency is about 5%. This site is not prone to adverse weather conditions during the proposed dates. Wind conditions are favourable in the summer months specifically, and in general, are not a concern as the venue is surrounded by trees and is not a lake system that is susceptible to wind effects. Main wind direction in June is West/Southwest with a speed of 8.6 to max. 30.1 km/h.

## Airport, Rail and Roads to the Venue/City

### Airport

Duesseldorf International (DUS), Germany's third largest airport is approx. 25 minutes away and provides good quality links to international air traffic and consequently to all major airports around the world.

### Train & Bus

"Duisburg Central" station is one of the largest railway stations in Germany. It is the most important passenger station serving the City and interchange between a number of major railway lines. It provides access to all Intercity Express, Intercity, Regional Express and regional lines and also to the Rhine-Ruhr S-train system. "Duisburg Central" is situated only 5 minutes away by car from the regatta track.

S-train station "Duisburg-Schlenk" is the station giving spectators from the region direct access. S-train line S1 provides a direct link to Duesseldorf am Rhein and major cities in the Rhein-Ruhr area (Muelheim, Essen, Gelsenkirchen, Bochum, Dortmund etc.).

Duisburg Central is also stop to a number of bus routes, connecting Duisburg with other German Cities and Eastern Europe.

### Motorways

Duisburg can be reached by motorway from all directions. Duisburg-Kaiserberg interchange at the crossing of A40 and A3 is only 5 minutes away. Breitscheid interchange to the South is only 10 minutes away and provides access to A52, A556 and A3. "Wedau" exit on the A3 and "Sportpark Duisburg" exit on the A59 are situated only 2 minutes away from the regatta track.

## Description of competition venue and sports infrastructure

### **Athletes Area Characteristics**

The athletes area is located to the East of the regatta course, comprising changing facilities with 6 boat storage halls, the Federal and State Centre of Excellence with 5 boat storage halls, the 2 new boat ports and the tea pavilion.

The whole complex stretches along the finish area for 150 m to one side of the finish line and 100m to the other. Therefore athletes have unrestricted view of the final stages of every race. This area is secured by fencing and surrounded by high trees. This area offers limited space creating the requirement to store boats outside the dedicated storage facilities. For this purpose marquees fitted with boat racks will be provided on the open spaces surrounding the buildings. Boat storage halls will be fitted with additional furniture and provide suitable seating on the key side to the front of the storage hall covered by canopies.

### **Services for Athletes**

Catering for athletes will be provided in the tea pavilion (60 seats at tables). The full extent of the services available at the venue will include:

- onsite hot and cold food and beverage
- changing and shower areas
- wireless internet for the athletes
- boat and paddle storage and repair

The area for merchants and vendors for athletes will be situated within a compound at the link canal to Lake Berta.

### **Technical Aspects of the Course**

The Regatta course Duisburg is a category A course according to certification by ICF. All requirements of the ICF Organisers Manual are met.

**Finish-Tower & Grand Stand**

**Victory Ceremony**

- 100% forfeit if cancelled after 21.04.2019**

## Transport of Athletes and Officials during Competition

The HOC will be running a transport service with busses, vans and cars during the World Cup led by an experienced transport manager.

Relations between Regatta course and hotels will be served constantly by a scheduled bus service organised in different bus lines. This shuttle service will be free to accredited participants. It will be available on training days with shorter intervals during race days to insure all participants will reach the regatta course on time.

Jury and officials will be provided with a individual transport service with vans and cars to insure a timely transfer to and from their hotels at the begin and end of competition sections.

## Medical insurance

We have to ask all participants of the 2019 ICF CANOE SPRINT WORLD CUP DUISBURG to take out a medical insurance policy in their respective home country. All cost in excess of the normal first aid, ambulance and physiotherapeutic services are to be covered by this medical insurance policy. The organising committee will not cover any expenses in connection with hospital or dental treatment

## Medical care

We provide a First Aid station within the athletes area staffed by an experienced regatta surgeon and a team of experienced medics to deal with cases of emergency. An ambulance will be parked outside the Centre of Excellence.

The municipal hospital of Duisburg is situated to the West of the regatta course in approx. Distance of 2 km. An ambulance and emergency unit is situated during the time of the event. It takes 3 minutes for an ambulance to reach the hospital. The HOC will brief the hospital prior to the World Cup on event times.

## Visa

All participants are kindly requested to contact the German Embassy or Consulate in their home country. Be aware that visa applications may take some time to process. Please send requests for supporting documents to your visa application to the organising committee without any delay once specified by the German Embassy or Consulate. We will then contact the German Embassy in your home country directly.

## Boat Rental

We have an agreement with major boat manufacturers (Nelo, Vajda, Plastex) that the requested rental will be provided by them during the event.

*If you are interested please contact these manufacturers directly:*
