# ***Information Bulletin No.1***

## **2021 ICF CANOE SPRINT WORLD CUP AND FINAL OLYMPIC QUALIFIER**

20 – 23 May 2021 Barnaul

(Russian Federation)

## ***Greetings***

### ***The Governor of Altayski Kraj***

Dear friends!

The holding of the World Cup stage on the regatta venue in Barnaul is a new step in the development of international canoeing, which is increasingly exploring new territories.

The Super Cup, which hosted the Altai in 2018, was the first regatta held by the International Canoe Federation in our region. The organisation of the competition, the great interest of the fans to them, the friendly attitude of the residents of the Altai Kraj to all participants in the competition, without exception, caused the most positive emotions among athletes, international officials, representatives of the International Canoe Federation and guests of the competition.

Successful international competitions increased interest in kayaking and canoeing in our region. The government of Altai Kraj actively supports the development of this sport. With supporting of the state, the material and technical base of regatta venue in the Altai Kraj with kayaks and canoes continues to strengthen.

We welcome the expansion of international relations and the acquaintance of new friends with Altai. I hope that both athletes and foreign fans will feel as comfortable as possible in the Altai Kraj. We tried to create suitable conditions for this.

I hope that the World Cup in 2021 in Barnaul will be a great holiday, both for the participants in the competition and for the fans of kayaking and canoeing in Russia and around the World!

Victor TOMENKO

Governor of the Altai Kraj,

Prime Minister of the Altai Kraj

## ***The President of the Russian Canoe Federation***

Dear friends!

On behalf of the All-Russian Kayak and Canoe Federation, I personally cordially congratulate the participants, organisers and guests of the Kayak and Canoe World Cup!

The competitions will be held at the regatta venue and base of the sports school of the Olympic Reserve named after Konstantin Kostenko, World champion, initiator of the creation of the regatta venue Barnaul. This building is unique in its technical characteristics. After a training camp in Barnaul, Russian canoeist Maxim Opalev became the first Olympic canoe champion in Beijing in 2008. Since then the canoe-kayak base of the sports school named after Konstantin Kostenko has been constantly in our attention.

With the efforts of the Government in the Altai Krai, the Kayak and Canoe Federation in the Altai Krai, a world-class canoe-kayak centre has been established in Barnaul in the last few years. The All-Russian Kayak and Canoe Federation believes that the regatta venue in Barnaul is the most important event for the development of this sport in Eurasia and the preparation of Russian athletes for major international competitions in this part of the World.

I am sure that the participants in the World Cup stage will show good results here, and the fans will enjoy an unforgettable show.

Evgeny ARKHIPOV

President of the All-Russian Canoe Federation

## ***The Chairman of the Organising Committee***

Dear friends!

Welcome to Barnaul, at the World Cup, to show high results in the competition and to enjoy the Siberian hospitality!

The Kayak and Canoe Federation on the territory of Altai has been hosting competitions of this level for several years. Thanks to the support of the Altai Kraj Government, the All-Russian Kayak and Canoe Federation and the trust of the International Canoe Federation, the dream has become a reality.

We have been preparing for this event for a long time and we will try to do everything to make the participants in the regatta feel comfortable in Altai and demonstrate high results in the competition. The arrival of top athletes in Barnaul will serve as an excellent impetus for the further development of our sport in the Altai Territory and Russia. I hope that the competition in the centre of Eurasia will become an unforgettable celebration of sports, friendship, cooperation, for all guests and participants in the tournament!

Yuri SHAMKOV

President of the Federation

Canoe kayak in the Altai Territory

***In this Bulletin No. 1, you will find the most important information about the competition, accommodation and all the services.***

## ***1 Travel Information***

### ***Flight to Barnaul***

**The HOC will provide free flight tickets by regular flights from Moscow to Barnaul and return, for all accredited participants of the World Cup.**

Flight duration is 4h. Flights depart Moscow at evenings and arrive at Barnaul next morning. The return flights depart early morning from Barnaul and arrive in Moscow at same morning.

You can get to Barnaul by flying to Novosibirsk which is 200km from Barnaul.

**If you plan to use the free flights tickets, please book them ASAP. The booking will be on principle “First booked, first served”.**

To book your seats, please send us a list to the following e-mail [office@barnaul2021.com](mailto:office@barnaul2021.com)

Booking terms:

- Booking until 18<sup>th</sup> March 2021.
- Late booking will be possible if there are available seats and will cost 300€ return ticket Moscow – Barnaul – Moscow.

Free flight tickets cancellation terms:

- Until 18<sup>th</sup> March – free cancellation.
- After 18<sup>th</sup> March – penalty fee 300€ per person.

### ***Airport Transfer***

Free of charge Airport Transfer (Barnaul and Novosibirsk airports) is available for all accredited people. If teams book their own flights, please provide the details to the HOC by 26.04.2021 as the latest in order a proper pick up to be organised.

## ***Venue Transportation***

There will be bus shuttle service between the HOC official hotels and the regatta course, which can be used by all accredited people. There is no separate booking needed for the use of the normal shuttle lines.

## ***Self-Drive Cars***

It is on all days possible to drive to the regatta venue with your own car. Two (2) free of charge parking passes per team are available for team vehicles up to a maximum of 3.5t. Additional parking passes are available for 50€ for the duration of the access period.

## ***2 Boats distribution***

For the second time in the ICF history all the boats can be given from the Organisers. First time was back in 2006 at the ICF World cup in Guangzhou (China).

Having in mind that Barnaul is a long way from Central Europe (5 600km from Szeged – 70h drive without border crossing time, 6 500km from Paris – 75h drive without border crossing time), we encourage the teams to use the boats provided by the HOC.

**The HOC will provide a large number of single and double Nelo and Plastex boats.** We will try to provide for each athlete and crew the required model and size boat. To cover everyone requirements we encourage all NFs to book their boats ASAP. Again, the principle “First come, first serve” will apply. Earlier we know the required models and sizes, more accurate distribution we will provide.

In case we are short in some models and sizes boats, we will ask athletes to share boats. ICF promised, if needed, to adjust the schedule to allow boat sharing.

To book your boat, please send us a list to the following e-mail [office@barnaul2021.com](mailto:office@barnaul2021.com)

Boats booking cancellation terms:

- Until 18<sup>th</sup> March – free cancellation.
- After 18<sup>th</sup> March – penalty fee

### Map of the Venue

## 16 Weather

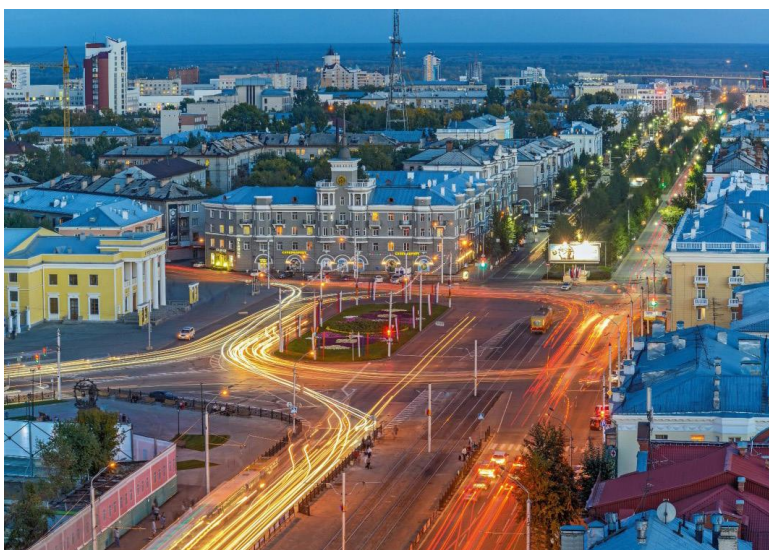

The climate in Barnaul is moderate and warm.

The territory of Altai is called the "Pearl of Siberia". The region ranks first in the country in terms of shown area of cereals. Altai is well known for the radon thermal waters of the federal resort of Belokurikha. World-class athletes in many sports annually hold

rehabilitation camps in the resorts of Belokurikha. The organisers have developed special travel packages that will allow guests to get acquainted with the sights of Altai.

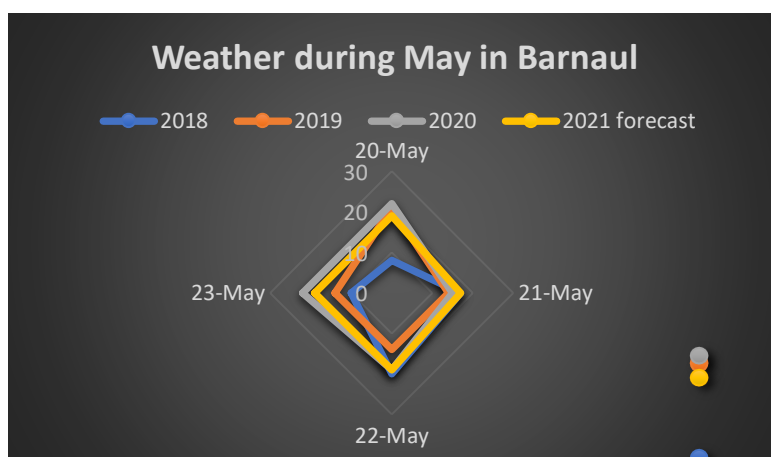

Gorny Altai is one of the leaders in the Russian tourism industry in the number of visits and the variety of services provided. The main highway of the Upper Altai - Chuisky tract is included in the list of the five most beautiful highways in the World by National Geographic magazine.

The climate in the territory of Altai is continental.

Summer temperatures + 20-30 degrees Celsius.

Average temperature in days of competition in last three years and expectations forecast for 2021 is displayed at the graph.
