INTRODUCTION

After a worrying period of absence of sports events for all of us around the world, depriving us of exercising our passion and seeing our champions shine, the Host Organizing Committee (HOC) is already working to welcome in the best conditions the many teams and athletes next summer.

A sporting and historical territory located in the Hauts-de-France region of France, the most touristic country in the world, Saint-Omer, is happy to host the World Canoe Polo Championship.

Following the success of the 2017 European Championship, Saint-Omer is preparing to welcome you for the 2022 ICF Canoe Polo World Championship. A promising edition where everyone is impatient to rediscover, after a long wait, the magic and beauty of team sport.

This bulletin may be useful to organize and plan your visit to the competition. This will also be used to confirm your participation at the event.

The information contained in this bulletin is for us, the information which we considered the most important to communicate to you. The following editions will relate to the details of the event (equipment, services, tourism...).

The host organizing committee strives to organize this competition with the utmost care, in order to provide you with an honorable and quality experience.

The Organising Committee

PRESIDENT'S WORDS

Saint-Omer passed its first test with the hosting of the European Canoe Polo Championship in 2017. Our territory has long demonstrated to the various sports federations its ability to organize major popular events. Based on these successes and our experience in organizing national and international competitions, we applied to organize the World Canoe Polo Championship in August 2022.

It is a whole collective, the elected officials of the communities, the club of Saint-Omer, the Inter-municipal Sports Office, tourist and economic players and especially the volunteers, who will mobilize to make this event a real celebration of sport and offer the best reception conditions for competitors and spectators.

I hope that these 6 days of competition (from August 16 to 21, 2022), will leave us with many memories.

This identity sport and of community interest of the "Pays de Saint-Omer" will undoubtedly meet the same success as the European Championship thanks to the atmosphere of the matches of the French team, thanks to the effort of the many international athletes selected, thanks to the mobilization and the fervor of the residents and supporters.

The "Pays de Saint-Omer", which has been labeled "Terre de jeux 2024", is looking forward to seeing you at this major 2022 sporting event to continue our sporting tradition together. the beginnings of the 2024 Olympic and Paralympic Games.

Jean Zoungrana, FFCK President

THE VENUE IN THE CITY

The land of Saint-Omer:

Each event is an opportunity to get together to reinvent together the meaning we want to give to our lives ... hope, laughter, cries of fervour. The “Pays de Saint-Omer” likes to be associated with major unifying events.

Institutions, associations are mobilized so that the competition is crowned with success and that the party is more beautiful, bigger, more successful. Many major sporting events take place in the “Pays de Saint-Omer”, a land of sports: the French National Road Race Championship, the French half-marathon Championship, the European Aerobic Championship, the European Championship and soon the World. The Pays de Saint-Omer is also full of secrets. Industry is a force, and the UNESCO-labelled marshland immerses you out of time, and the architectural heritage is surprising ...

You get around on foot on the hiking trails, by bike on the cycle tourism routes, by boat in a labyrinth that must be tamed, by vintage train behind a real steam locomotive, by canoe along the Aa river and the Lys, in 2CV or on a rando-rail.

To discover these treasures, you will have to spend several days there, choosing a hotel, a guest room, a cottage... There will always be a place for you. After admiring the sunset in our marsh, other festivities await you throughout the year such as festivals of theatre, jazz, processions, and traditional festivals. No evening is alike because every moment is unique.

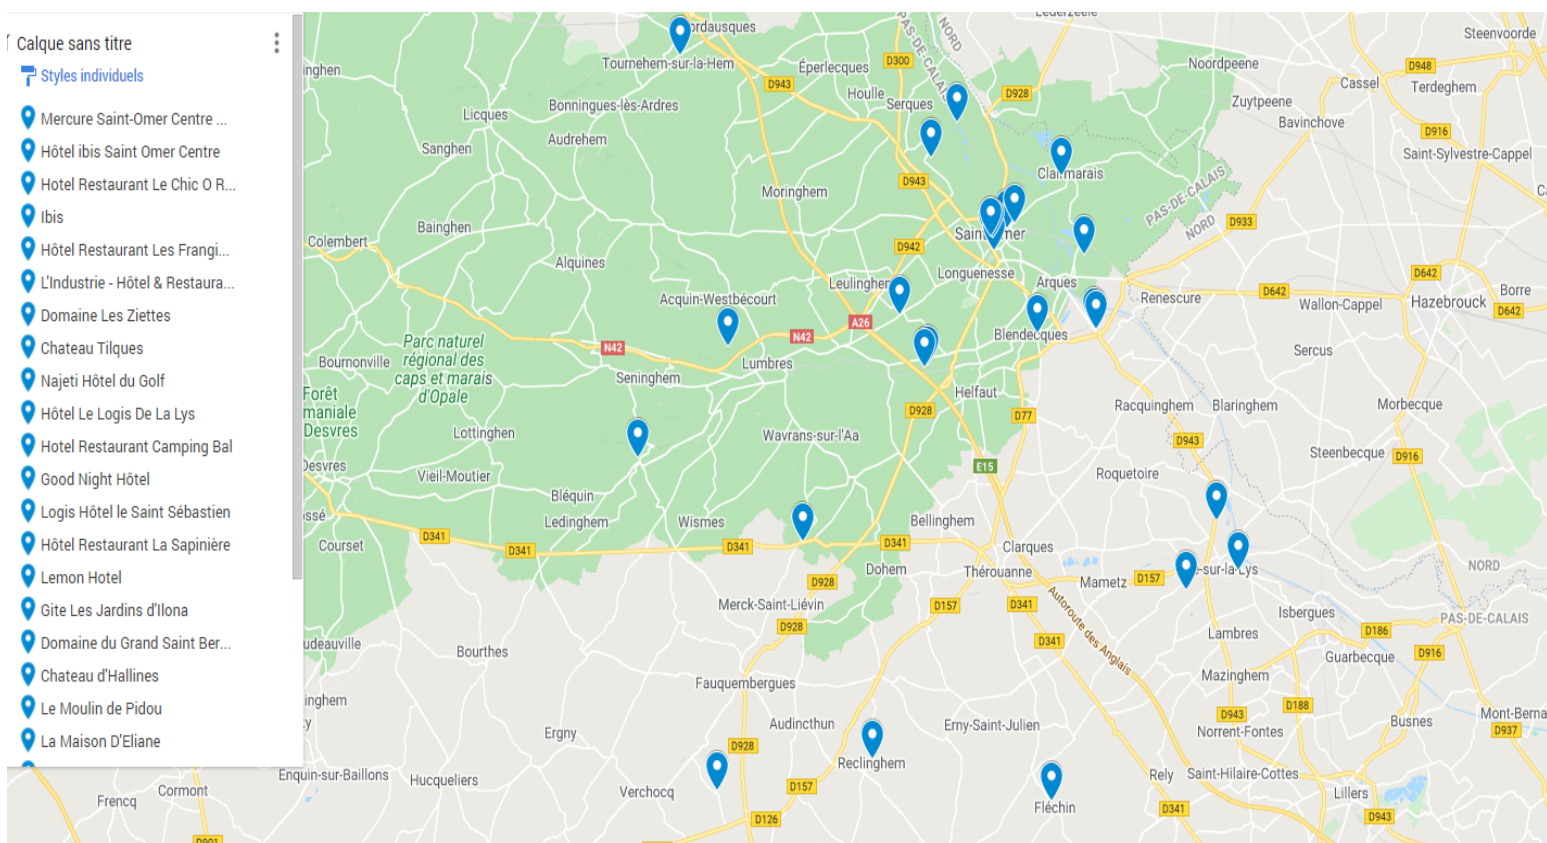

CURRENCY

The currency you can use in Saint Omer is the euro (€).
