

OFFICIAL COMMUNICATION

Item – 1

SUBJECT	Start for Kayak Cross Individual
----------------	---

Dear Participants, Team Leaders and Associated Staff,

Following the disruption of training today due to a ramp malfunction, the ICF is reviewing the start procedure for Kayak Cross Individual events tomorrow.

Hydrostadium engineers will perform an assessment tonight and following the assessment, ICF will determine one of two options for the start.

- Option 1. Use the Kayak Cross Ramp (lane 2 or lane 3) using the automatic timing from the ramp.
- Option 2. Start from Slalom start using the slalom beams for timing.

Further communication at 21:30.

Thanks for your understanding.
