BULLETIN
UPDATE 2

DEAR ATHLETES, DISTINGUISHED GUESTS, DEAR FRIENDS OF CANOEING,

On behalf of the German Canoe Federation (DKV), it is my great pleasure to extend a warm welcome to the 2026 Canoe Sprint World Cup in Brandenburg an der Havel. We will not only be welcoming the world's best canoe sprinters, but we will also be placing a special spotlight on Para canoe. Around 1,000 athletes from 50 nations will compete for World Cup points on the historic Beetzsee regatta course and will captivate us with breathtaking performances and thrilling races.

Brandenburg an der Havel is a place that represents canoeing like few others. The regatta course boasts a long history as the venue of numerous national and international competitions and stands as a symbol of the strong traditions and outstanding expertise within German canoeing. Here, once again, the world's best athletes will compete - not only on the water, but also with the team spirit and passion that make our sport so unique. It is also a place that has shaped legends, such as Birgit Fischer, whose extraordinary achievements continue to inspire generations of canoeists.

The 2026 World Cup marks an important milestone on the path toward the major international events of the coming years. The athletes have prepared tirelessly

for this moment and are ready to show us, through exceptional performances, how vibrant and dynamic our sport continues to be.

I am especially delighted that the German Canoe Federation, together with the city and regional regatta team, will host this outstanding event. The region demonstrates not only its deep connection to canoeing, but also the hospitality and enthusiasm we wish to share with the world. The DKV is proud of the quality and dedication of everyone whose commitment and hard work shape the face of our sport.

For me, the World Cup is clearly more than just a competition - it is an invitation to embody the values of sport together: fairness, respect, and the pursuit of excellence. Let us come together as a community and make this event an unforgettable experience for all.

I wish all athletes great success, exciting races, and a memorable time here in Brandenburg. May this World Cup stay with us for a long time to come!

DAJANA PEFEOTORFF

President of the German Canoe Federation

DEAR ATHLETES, COACHES, FANS, AND DISTINGUISHED GUESTS FROM AROUND THE GLOBE,

As the First Chairman of Regattateam Brandenburg Beetzsee and the Chairman of the Organizing Committee, it is my immense pleasure and honour to extend a warm and heartfelt welcome to the 2026 ICF Canoe Sprint and Paracanoe World Cup here in Brandenburg an der Havel!

From 14 to 17 May, 2026, our historic city will once again become the global hub for paddlesports. We are absolutely thrilled to host the world's elite of canoe sprint and paracanoe on our waters. Your dedication, speed, and competitive spirit are a true inspiration to all of us.

We are particularly proud to present our unique natural regatta course on the Beetzsee lake. This course offers not only fair and challenging conditions but is also nestled within a beautiful natural landscape, guaranteeing a memorable atmosphere for both competitors and spectators.

This World Cup is more than just a competition; it is a celebration

of community, sportsmanship, and the spirit of inclusion. The Paracanoe events especially highlight the true strength and diversity within our sport, and we are honoured to feature them prominently.

I wish all participants exciting races, outstanding performances, and a wonderful and successful stay here in Brandenburg an der Havel.

Let the paddles fly!

With sporting best regards,

UWE STEINHÄUSER

BRANDENBURG AN DER HAVEL: WHERE HISTORY MEETS THE WATER

Brandenburg an der Havel is a city that seamlessly weaves centuries of history with a passionate dedication to water sports, making it a truly unique destination in Germany's state of Brandenburg. Nestled amidst a sprawling network of interconnected lakes and rivers, the city offers a rich blend of cultural heritage and active, nature-based tourism.

A TREASURE TROVE OF HISTORY AND ARCHITECTURE

For the visitor, Brandenburg an der Havel is a living history book. As the original namesake of the Mark Brandenburg and the federal state itself, the city boasts stunning medieval architecture. Its three historic city centers—Old Town, New Town, and the Cathedral District (Dominsel)—present a fascinating journey through time. Must-see attractions include:

- The magnificent St. Peter and Paul Cathedral (Dom St. Peter und Paul), one of the most significant Romanesque churches in the region.
- The impressive St. Catherine's Church (St. Katharinenkirche), a masterpiece of brick Gothic architecture.
- The well-preserved historic city walls and gates, such as the Plauer Torturm.
- The city's historic core, surrounded by water, creates an atmosphere of peaceful, accessible beauty, often referred to as the „Venice of the Mark.“

A GLOBAL CAPITAL FOR WATER SPORTS

Brandenburg an der Havel's true modern identity is defined by its strong connection to competitive water sports. The Beetzsee Lake is not just scenic; it is home to one of Europe's finest natural regatta courses. This world-class venue is consistently chosen for major international events, affirming the city's sporting prestige:

Canoe and Kayak Sprint: The Beetzsee regularly hosts prestigious competitions, including the highly anticipated ICF World Cups (such as the one scheduled for 2026). The natural setting provides optimal, fair racing conditions praised by athletes globally.

Paracanoe: The city is a dedicated proponent of inclusive sports, frequently hosting Paracanoe events that showcase incredible athletic dedication.

Rowing: Beyond canoeing, the course is a frequent location for national and international rowing championships, making it a hub for water endurance sports.

The city's infrastructure, combined with its welcoming atmosphere, makes it a top destination for athletes seeking high-quality training camps and competition venues. For tourists, the sporting events provide a dynamic backdrop to their cultural explorations.

Brandenburg an der Havel successfully combines its role as a quiet, historic sanctuary with that of an energetic, world-class sporting arena, ensuring an attractive experience for every kind of visitor.

THE BEETZSEE REGATTA COURSE: WHERE CENTURIES MEET THE FINISH LINE

The natural regatta course on the Beetzsee lake in Brandenburg an der Havel stands as a unique testament to the successful marriage of deep European history and modern athletic excellence. It is more than just a body of water; it is a globally recognized venue where the pursuit of Olympic gold takes place against a backdrop dating back to the Middle Ages.

HISTORIC SETTING, MODERN PERFORMANCE

The course's distinct identity stems from its immediate surroundings. Just a short distance from the Beetzsee lies the city of Brandenburg an der Havel, the original namesake of the region. Athletes and visitors compete and train in the shadow of the venerable Dominsel (Cathedral Island), home to the magnificent 12th-century cathedral, and the preserved brick Gothic architecture of the old city districts. This provides an almost paradoxical atmosphere: competitors are striving for milliseconds with cutting-edge technology, yet they are fully immersed in a scene that has changed little in its historical grandeur.

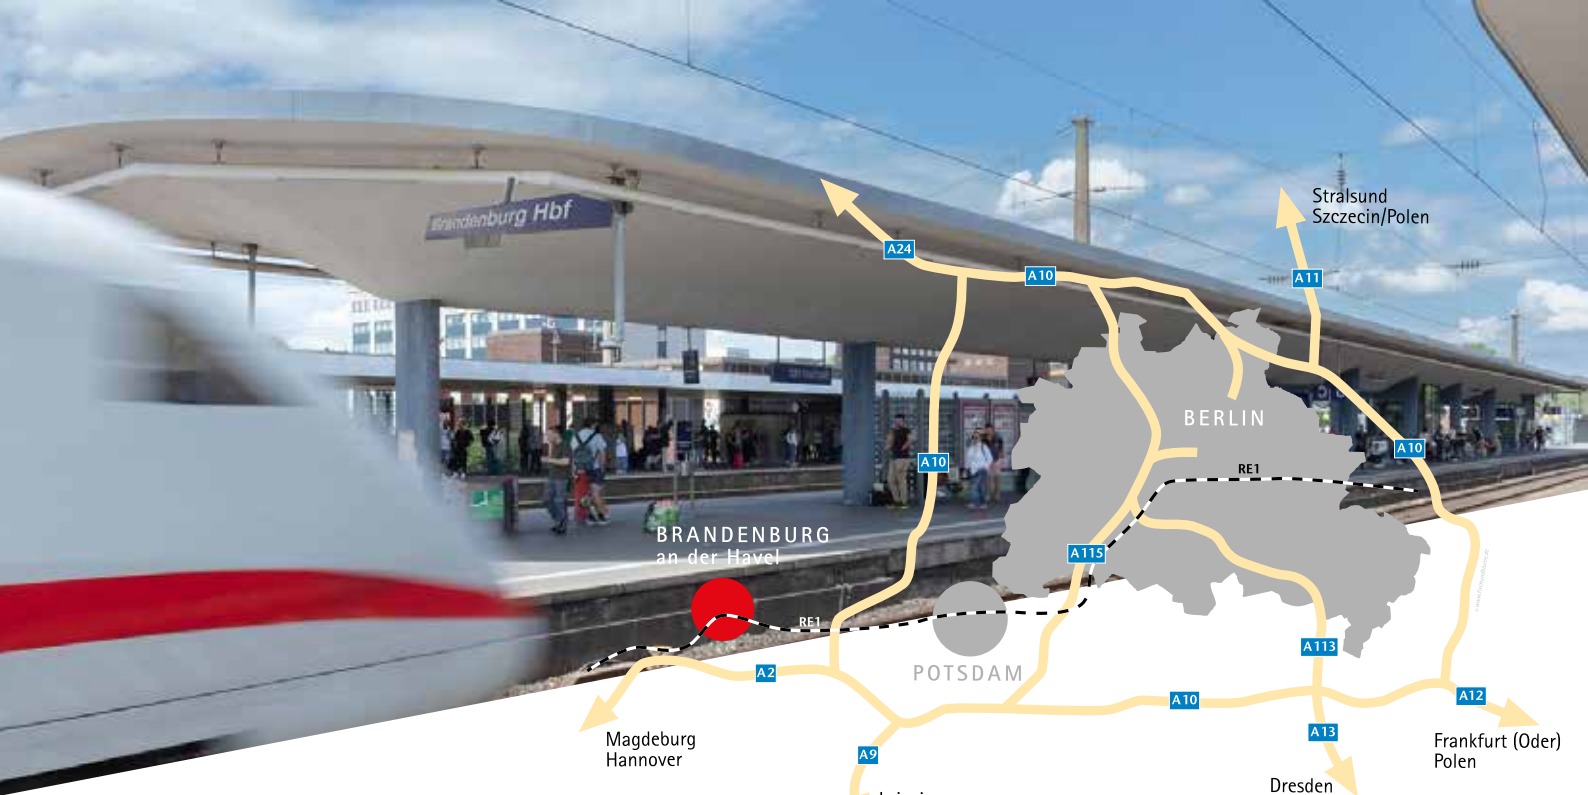

STATE-OF-THE-ART NATURAL VENUE

In contrast to its historic neighbours, the Beetzsee course itself represents the pinnacle of modern athletic requirements. It is celebrated across the international canoeing and rowing communities for being one of the best natural regatta courses in the world.

- **Fairness and Stability:** The lake's protected position ensures optimal, non-turbulent water conditions, guaranteeing exceptional fairness for all competitors across its 2000-meter length.

- **Modern Infrastructure:** Despite its „natural“ label, the venue boasts contemporary infrastructure, including modern finish line towers, integrated timing systems, and dedicated boat storage facilities necessary to host top-tier events like the ICF World Cups and European Championships.
- **Sustainable Sport:** The natural environment reinforces a commitment to sustainable, outdoor sport—a modern trend that perfectly aligns with the historic value placed on the surrounding landscape.

In essence, the Beetzsee Regatta Course provides a powerful synthesis: the enduring legacy of Brandenburg's past grounds the dynamic, high-speed reality of today's competitive sports, making every race a journey through time and a glimpse into the future of paddlesports.

TRAVEL INFORMATION: REACHING BRANDENBURG AN DER HAVEL

Brandenburg an der Havel is easily accessible for international guests, benefiting from its proximity to Germany's capital, Berlin, and excellent connectivity via air and rail. Here is a guide on the best ways to reach the city:

➔ 1. BY AIR: INTERNATIONAL AIRPORTS

The most convenient entry point for international travellers is Berlin Brandenburg Airport (BER).

- **Airport Code:** BER (Willy Brandt Airport)
- **Distance to Brandenburg an der Havel:** Approximately 100 km (62 miles).
- **Connectivity:** BER is a major hub serving numerous airlines and international destinations worldwide.

FROM BER AIRPORT TO BRANDENBURG AN DER HAVEL (BY RAIL)

The quickest and most efficient way to travel from the airport is by regional or intercity train:

- **Regional Express (RE) Trains:** The RE 1 line is the key connection. This train runs frequently (usually every hour) directly from the BER Airport terminal station (via Berlin Hauptbahnhof) to Brandenburg Hauptbahnhof (Main Station).
- **Journey Time:** The total travel time from BER to Brandenburg Hauptbahnhof is typically between 1 hour 20 minutes and 1 hour 45 minutes, depending on the specific connection.
- **Tickets:** Tickets can be purchased directly at the airport train station machines. Look for connections that cover the Berlin ABC zone and beyond (VBB fare zone).

➔ 2. BY RAIL: VIA INTERCITY (IC/ICE)

For guests arriving from other major German or European cities, the Intercity (IC) network provides direct access:

- **Main Line Connection:** Brandenburg Hauptbahnhof is a stop on major East-West rail lines, making it easily reachable from cities like Hannover, Cologne, or Amsterdam.
- **Berlin Central Station (Hauptbahnhof):** Even if a direct connection is not available, travelers can always transfer at the centrally located Berlin Hauptbahnhof and take the frequently running RE 1 train directly to Brandenburg an der Havel.

➔ 3. BY ROAD (CAR & SHUTTLE)

While train travel is recommended, driving is also an option:

- **Autobahn:** The city is located close to the A2 Autobahn (Berlin-Ruhr Area), with the designated exit being Brandenburg/Lehnhin.
- **Rental Cars:** Car rental services are available at BER Airport and major train stations in Berlin.
- **Parking:** Visitors should check with their accommodation regarding local parking availability and fees.

LOCAL TRANSPORT WITHIN BRANDENBURG AN DER HAVEL

Once you arrive at Brandenburg Hauptbahnhof:

- **Trams and Busses:** The main station offers excellent connections via local trams and buses (operated by the VBB/BVB) to all parts of the city, including the historic centre and the Beetzsee Regatta Course.
- **Accessibility:** The city centre is compact and easily explored on foot or by bicycle, especially for visiting the main historical sites.

2026 ICF PARACANOE WORLD CUP INTELLECTUAL IMPAIRMENT RACES, DEADLINE & PARTICIPATION FEE

The ICF has hosted „exhibition“ participation kayak events for Special O athletes for several years. This has been part of the fulfilment of the ICF MOU with Special O World Games to support paddlesport for Special O athletes. This activity has proven consistently popular. We will continue this arrangement for future suitable events. The ICF remains supportive of kayaking in the Special O World Games. These events are scheduled during Lunch Breaks in the Event Programme.

In addition, the ICF ParaCanoe Committee is working on including competitive kayak events for Athletes with Intellectual Impairments (II) as defined by the International Paralympic Committee. In this regard, an II Working Group has been established with its main task to develop an Athlete Classification System which will meet standards of athlete classification as defined by the IPC. In addition, the Working Group will provide recommendations on development of II events.

As the classification system is developed, the population of II athletes also needs to be developed. Consequently, with the support of DKV, the ICF is including II events at the Brandenburg World Cup. In accordance with ICF rules, the events will be exhibition events but will be scheduled within the Event Programme

Details regarding registration will be provided in the 2nd bulletin.

The following races will be held in the respective categories:

Men	Women
II K1 200m	II K1 200m
SO K1 200m	SO K1 200m
SO K2 Unified 200m	SO K2 Unified 200m
