

**2026 ICF CANOE
SPRINT WORLD CUP**
8-10 MAY 2026, SZEGED

DEAR FRIENDS, DEAR FUTURE GUESTS,

On behalf of the Hungarian Canoe Federation, it is a great pleasure and honour for us to welcome you once again to Hungary, in Szeged, for the **2026 ICF CANOE SPRINT WORLD CUP**, taking place 8–10 May 2026.

I believe I can say that the Maty-ér Regatta Course is one of the strongholds of international canoeing. Year after year, it hosts prestigious international competitions, backed by more than 40 years of experience and a uniquely advanced infrastructure. What's more, the city of Szeged—known in Hungary as the “City of Sunshine”—is located just a few kilometres from the venue.

The transformation of the Olympic qualification system marks the beginning of a new era for our sport. As you know, the importance of World Cups has increased significantly, as the results achieved here now also contribute to the quest for quota places for the LA28 Olympic Games.

This alone gives me every confidence that we can look forward to exciting races again in early May. Our organising team, already highly experienced, will once again do everything in its power to deliver a World Cup of the highest possible standard for you and for canoe sprint fans around the world.

I eagerly look forward to seeing you again. Until then, I wish everyone all the very best—and to the athletes, a successful and injury-free preparation!

Friendly regards,

Bálint Szakács

Secretary General of the Hungarian Canoe Federation

Chairman of the Host Organising Committee

The 2,400-metre long, 122-metre-wide regatta course is located two kilometres south of Szeged. Automatic starting system will be used for the start. The facility fully meets the ICF requirements.

ANTI-DOPING

For the ICF World Cup each athlete, coach and support personnel must pass the relevant anti-doping online course on the Anti-Doping Education Learning platform (ADEL) corresponding to their role. More information on the website:

CITY OF SZEGED

Entitled as the capital of sprint canoeing, Szeged is the seat of Csongrád County and the fourth largest city in Hungary. It is situated near the south-eastern border of Hungary right by the Tisza River. A large part of the town lies on the right bank, while Újszeged (New Szeged), a suburban district of residential homes and parks is on the left bank of the Tisza. Szeged is the cultural and economic centre of South-Eastern Hungary and a thriving university town, which is also famous for its open-air theatre.

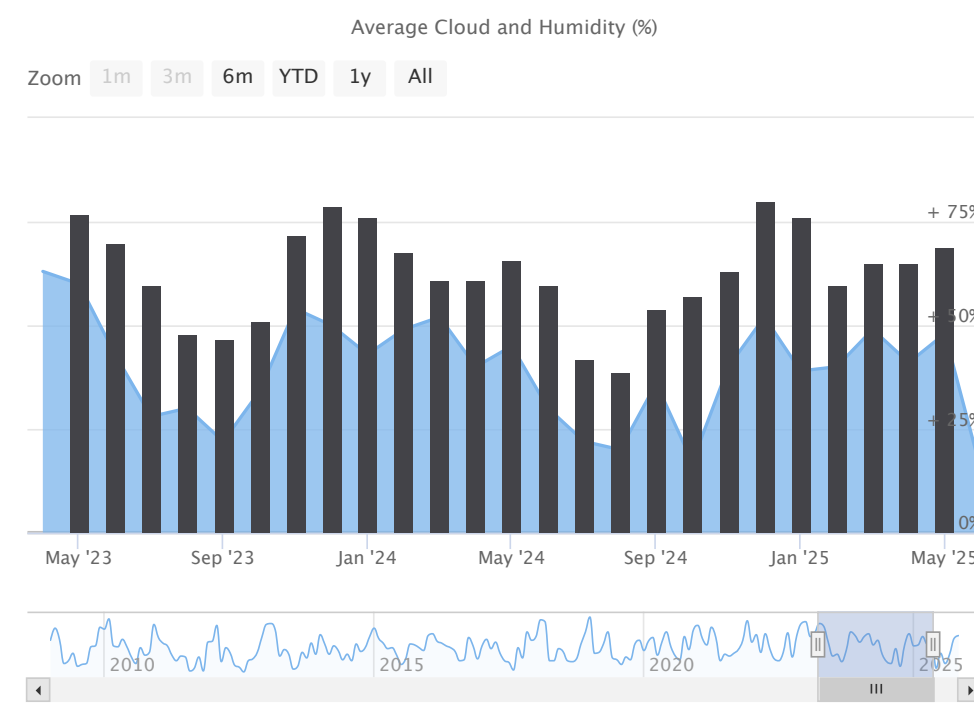

The city centre is marked by the medieval Tower of St. Demetrius and the stately twin spires of the Votive Church. This cathedral was built in the first decades of the 20th century to commemorate the revival of the city after the devastating flood of the river in 1879. By Hungarian standards, Szeged is a large city, with a population of 177 000. The climate is very favourable of canoeing; the annual mean temperature being about 11 °C (52F), somewhat higher than in the rest of the country. Szeged is sometimes called the City of Sunshine as there is an average of 2 000 hours of sunshine annually.
