IV. ELIMINATION COMPETITION – ENTRY POLICY

- Each National Federation with an entry in an event at the World Championships, La Seu d’Urgell 2019, will be eligible to enter at the 2019 Elimination Competition in any event with one (1) quota place.
- Any eligible National Federation may have two (2) quota places per event if:
 - For MK1 and WK1 events, the National Federation has 2 or more ranked boats in the “TOP 100” of the 2018 Canoe Slalom ICF Ranking – release 4 “TOP 100 ranked”.
 - For MC1 and WC1 events, the National Federation has 2 or more ranked boats in the “TOP 70” of the 2018 Canoe Slalom ICF Ranking – release 4 “TOP 100 ranked”.
 - See appendix 1 for the list of National Federation with two (2) quota places per event.
- The Host National Federation will have three (3) quota places per event.
- National Federations with only one quota place may apply to ICF Headquarters (madison.zurbrugg@canoeicf.com) for consideration of an additional quota place.
- In any case, the intention to enter in the Elimination Competition with the number of boats per event must be submitted to the ICF headquarters by the 31 March 2019. This will be considered as the acceptance of the allocated quota place for the Elimination Competition.

V. TEST EVENT – ENTRY POLICY

A. National Federations with an accepted quota place for 2020 Olympic Games in an event

- A National Federation, having obtained and confirmed a quota place in an event for 2020 Olympic Games, after the Global World Qualification (2019 ICF Canoe Slalom World Championships) will obtain one entry place in that event for the 2019 Test event in Tokyo.
- This National Federation may enter directly to the test event with one (1) boat in the concerned event without participation at the elimination competition.
- If this National Federation participates in the elimination competition in the already qualified event, one boat will progress to the Test Event, in the concerned event, regardless of their result. The National Federation must confirm the nominal entry for the Test Event by the 17.00 on 21 October to the Canoe Slalom Technical Chair.

B. Other National Federations

- From the Elimination Competition results, the highest ranked boat of each National Federation will progress to the Test Event to fill the maximum number of National Federations allowed for each event.
- If there are fewer National Federations than the places allowed in an event, then the places will be filled by the National Federations whose second boat ranked highest from the Elimination Competition results until all places are filled.

C. Particular case

- An athlete who obtains a quota place for the Test Event may, if allowed to do so by their National Federation, participate in more than one (1) event in the Test Event as long as no other athlete from their National Federation is entered to compete in those events at the Test Event.
