2 GREETINGS

2.1 WORDS OF WELCOME BY THE PRESIDENT OF THE GERMAN CANOE FEDERATION

Welcome to the 2024 ICF Canoe Marathon World Cup in Brandenburg an der Havel!

The world elite in canoe marathon will visit Brandenburg once again. From June 1st to 2nd, 2024, the Beetzsee in Brandenburg an der Havel with its natural regatta course will be the meeting place for the world best athletes in canoe marathon. As President of the German Canoe Federation,

I cordially would like to invite all athletes, coaches and trainers as well as all officials from the international federations to Brandenburg an der Havel.

The organizers of the Brandenburg Beetzsee regatta team approved many times that they are competent in organizing perfect competitions, including the Canoe Marathon World Championships in 2016. And now, eight years later, we are delighted that in the run-up to the Olympic Games in Paris we can show the public how exciting and inspiring canoe marathon racing competitions can be.

I would like to thank all the volunteers of the Brandenburg Beetzsee regatta team, but also the responsible persons of the city of Brandenburg an der Havel and the Government of the State of Brandenburg and the sponsors who make this event possible in the first place through their support.

I hope that this year's ICF Marathon Racing World Cup will run smoothly in good water and weather conditions and that all participants will be able to deliver their best possible performance.

GERMAN CANOE FEDERATION

Jens Perlwitz

President

2.2 WORDS OF WELCOME BY THE LORD MAYOR OF THE CITY OF BRANDENBURG AN DER HAVEL

Dear members of the international canoe marathon family,

Brandenburg's water sports enthusiasts are already looking forward to the World Cup at the beginning of June 2024.

After the successful Canoe Marathon World Championships in 2016, Brandenburg an der Havel will be the venue for this interesting international top-class sporting event for the fourth time.

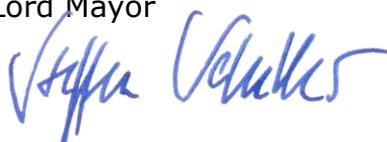

We, the people of Brandenburg, are very much looking forward to welcoming the athletes, coaches and support staff as well as representatives of the International Canoe Federation and the national associations to our sports-loving city.

Thanks to extensive funding in recent years, which we as a city have invested, together with the state of Brandenburg, in the expansion and modernization of our traditional natural regatta course, we are now able to offer ideal conditions for the organization and staging of major championships to organizers and athletes. In addition, the city of Brandenburg an der Havel enjoys a reputation as a cosmopolitan and friendly host, which we want to prove in 2024 once again.

I am convinced that the highly experienced, volunteer members of our Brandenburg organization team will once again do their utmost to ensure that athletes from all over the world will find optimal and fair competition conditions at the 2024 Canoe Marathon World Cup on Lake Beetzsee and that you, our guests, will have a pleasant stay in Brandenburg an der Havel.

On behalf of the people of Brandenburg, I would like to extend a very warm welcome to you already

Lord Mayor

Steffen Scheller

2.3 WORDS OF WELCOME BY THE CHAIRMAN OF THE ORGANISING COMMITTEE

Dear friends of canoe marathons,

As early as 2008 and several times since then, the world's elite of canoe marathon sports were guests on the probably unique natural regatta course in Brandenburg an der Havel, located on the beautiful Beetzsee. And so, we as Regattateam Brandenburg Beetzsee e.V. are proud to have the trust of the International Canoe Federation and the German Canoe Association to host the 2024 ICF World Cup Canoe Marathon in Brandenburg an der Havel. Our team is already working intensively to offer all participants optimal competition conditions and at the same time to offer a few unforgettable days in Brandenburg an der Havel, the city on the river. Since the last marathon event, the conditions on the regatta course have been continuously improved and so we are looking forward to working with new technical developments during the 2024 World Cup as well. Dear friends of the canoe marathon, we look forward to welcoming you again in 2024 on the regatta course at Lake Beetzsee and in the sports-loving city of Brandenburg an der Havel.

With best regards

Uwe Steinhäuser

Chairman of the Organising Committee

2024 ICF Canoe Marathon World Cup in Brandenburg an der Havel /
Germany

3 GENERAL INFORMATION

3.1 BRANDENBURG AN DER HAVEL – THE CITY ON THE RIVER

Brandenburg an der Havel, a city in the state of Brandenburg, Germany. Town and country have the same name. This has its origins in the country's more than 1,000-year history. In Brandenburg an der Havel, the Mark Brandenburg was founded. The three historic town centres are impressive testimonies of history. Crisscrossed by the water arms of the Havel and embedded in Europe's largest inland water sports area, the city with its maritime flair looks like Venice in many places.

If you want to go on a journey through history and always be close to the Havel and its lakes, Brandenburg an der Havel is the right place for you. The water area offers the best conditions for bathing fun and water sports activities of all kinds, from rafting to stand-up paddling. Cyclists and hikers will also find well-developed routes with a view of the water in the excursion region around the city.

RAMBLES THROUGH LITTLE VENICE

There are only a few cities in Germany that can look back on such a long and varied history as Brandenburg an der Havel. There are three historic city centres, the New Town, the Old Town and the Cathedral Island. On a tour, you can experience the outstanding ensemble of medieval and, above all, Gothic architecture.

EXCITING JOURNEY THROUGH HISTORY

From the New Town Market with St. Catherine's Church and the Mill Gate Tower, the route leads to the Dominsel, the founding place of the Mark Brandenburg with the imposing Cathedral of St. Peter and Paul. The circular route continues to the St. Gotthard Church, an outstanding example of a Reformation church.

3.2 GENERAL INFORMATION'S

Venue: Regatta Course, Brandenburg an der Havel, Germany

Date: 01.06. – 02.06.2024

3.3 TRAVEL INFORMATION

The airport Berlin-Brandenburg International (BER) is about 90 km away and it takes one hour by bus and highway.

It is also possible to travel to Brandenburg via railway. It takes about one hour from the main station in Berlin.

As to be seen in the map, the motorways A2, A10 are not far from the city centre of Brandenburg.

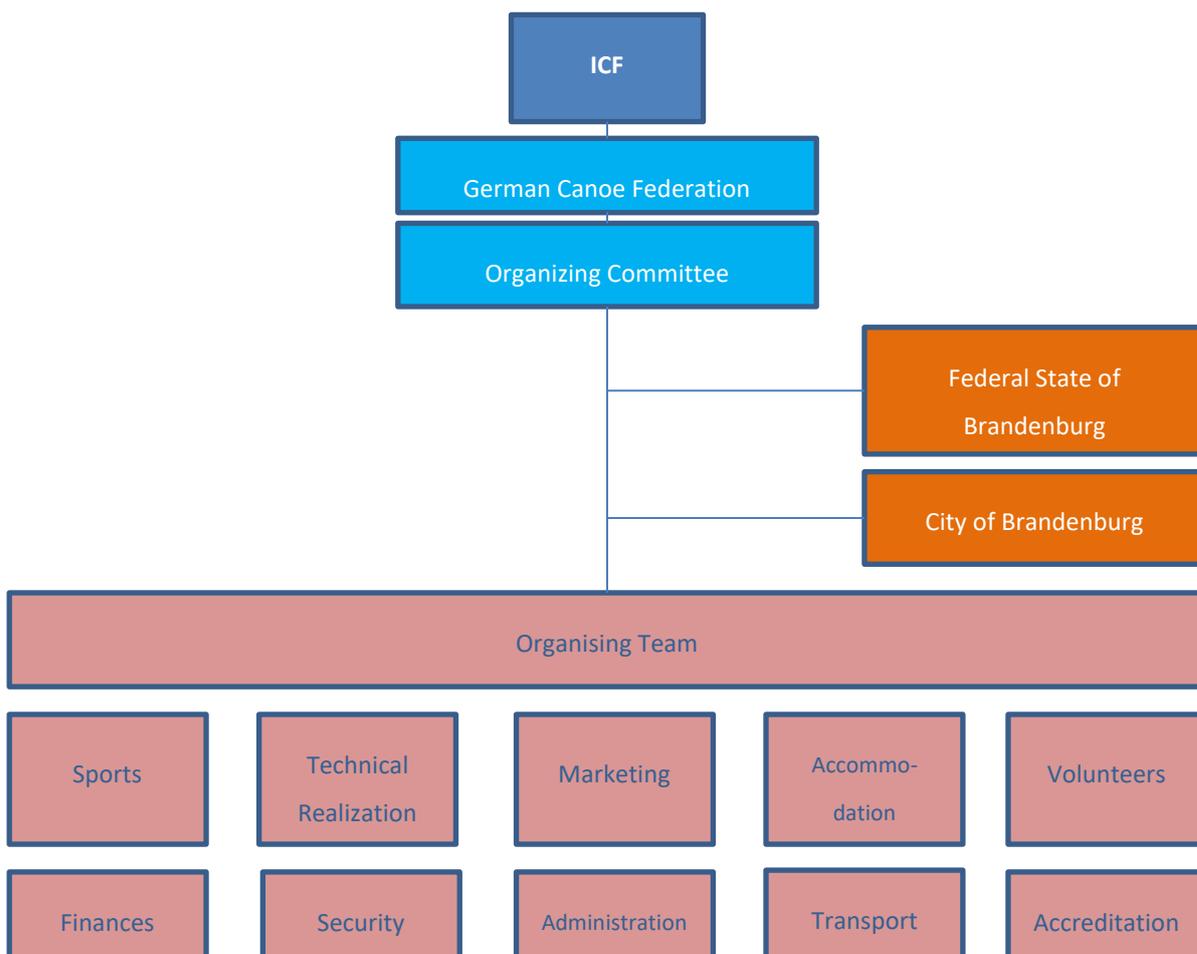

For travel information about Brandenburg, please visit: www.erlebnis-brandenburg.de

3.4 WEATHER

The climate in the city of Brandenburg is temperate. This is influenced from the east by the continental climate and from the west by the Atlantic maritime climate. The significant precipitation is spread over the whole year. There are no pronounced dry months. The average annual precipitation for Havelsee is 539 mm. The driest month is February with an average of 32 mm, while the average rainfall is in June with 64 mm. The average annual temperature is 9.1 °C. The warmest month in comparison is July with an average of 18.4 °C. In January, the coldest month of the year, the average temperature is -0.2 °C.
