2027 ICF Canoe Marathon World Championships

As Mayor of Silkeborg – The Outdoor Capital of Denmark, it is with great pleasure to express my full support for the Danish Canoe Federation and the city of Silkeborg to host the 2027 ICF Canoe Marathon World Championships.

Water activities, and in particular canoeing is a big part of outdoor recreation and sports in Silkeborg. The sport is very well organized and facilitated in our municipality.

Silkeborg is in the middle of the beautiful Danish Lake Highlands and is characterized by beautiful lakes, rolling hills and the largest forest area in Denmark.

The surrounding nature and the infrastructure between city and nature, provides excellent opportunities with easy access for participants and spectators. And thereby creating a great championship in the middle of the city.

The city of Silkeborg has many years of experience arranging sports events on high international level. In 2022 we hosted the ECA Canoe Marathon European Championships, where we with our professionalism created a European Championships with the biggest support from our citizen and guests. This was beneficial for both participants, who got a good experience with great support, but also for the sport of canoeing, which had such great exposure. This success to expose the sport, we want to repeat again with the 2027 ICF Canoe Marathon World Championships.

Canoeing is more than a just a sport. It is an experience that connects athletes on all levels with nature and provides unique opportunities for an active lifestyle. There is no better place for celebrating the potential of canoeing all as well as the very best athletes than in The Outdoor Capital of Denmark.

On behalf of the city of Silkeborg, I would most warmly welcome the International Canoe Federation and the 2027 ICF Canoe Marathon World Championships.

Yours Sincerely,

Helle Gade
Mayor

Agreement of the alternative venue at the 2027 ICF Canoe Marathon World Championships

The Municipality of Silkeborg supports the 2027 ICF Canoe Marathon World Championships. We have a great desire to hold the World Championships as central as possible. It must be beneficial for both athletes and spectators. We will ensure that we succeed in holding the 2027 ICF Canoe Marathon World Championships at Søvej.

Should it not be possible to hold the World Championships on Søvej, contrary to expectations, we have other options in Silkeborg. Silkeborg has several lakes with larger green areas that can be used for holding a World Championship.

If it is necessary finding an alternative venue in Silkeborg, this area will be available free of charge for the championships for the entire period needed for preparations, the competition and dismantling.

Yours Sincerely,

Helle Gade
