What are the conditions for entering to the Czech Republic from individual categories of countries for professional athletes, their team stuff, and other necessary persons?

## LOW RISK (green):

Travellers can come to the Czech Republic from these countries without any restrictions.

#### **MEDIUM RISK (orange):**

Before traveling to the Czech Republic, foreigners traveling from these countries must:

- 1. Fill in an arrival form.
- Undergo an antigen or PCR test, administered no more than 24 hours (antigen) or 72 hours (PCR) before the beginning of the trip and have a written confirmation of the result.

It is also mandatory to wear an FFP2 (KN95, N95, P2, DS) respirator everywhere outside the home for 14 days after arrival.

## HIGH RISK (red):

Before traveling to the Czech Republic, foreigners traveling from these countries must:

- 1. Fill in an arrival form.
- Undergo an antigen or PCR test, administered no more than 24 hours (antigen) or 72 hours (PCR) before the beginning of the trip and have a written confirmation of the result.
- 3. Subsequently, they must undergo a second PCR test (antigen is not sufficient) administered in the Czech Republic. Until a negative test result, it is not permitted to train or attend a sporting event.

It is also mandatory to wear an FFP2 (KN95, N95, P2, DS) respirator everywhere outside the home for 14 days after arrival.

#### **VERY HIGH RISK (dark red):**

Before traveling to the Czech Republic, foreigners traveling from these countries must:

- 1. Fill in an <u>arrival form</u>.
- 2. Undergo a PCR test (antigen is not sufficient), administered no more than 72 hours before the beginning of the trip and have a written confirmation of the result
- 3. Subsequently, they must undergo a second PCR test administered in the Czech Republic. Until a negative test result, it is not permitted to train or attend a sporting event.

It is also mandatory to wear an FFP2 (KN95, N95, P2, DS) respirator everywhere outside the home for 14 days after arrival.

#### **EXTREME RISK (black):**

It is not possible now to enter Czech Rep. for the sport reason.

## !!! Vaccinated person

Person, who has a national certificate of vaccination against COVID-19 disease issued by the Czech Republic, Croatia, Germany, Austria, Slovakia, Poland, Hungary, or Slovenia in English do not have to test prior/after the arrival or observe self-isolation.

# Where to get tested in the Czech Republic?

HOC will organise tests for Covid 19 at the venue. This sampling point at the venue will operate from Sunday, June 6<sup>th</sup>. Reservation in advance through the link: <a href="http://www.anygence.com/site/icf-canoe-slalom">http://www.anygence.com/site/icf-canoe-slalom</a> is mandatory. Results will be communicated within 4 hours. PCR or antigen tests before the departure will be possible here as well. Price for a PCR test is 1275 CZK (50 EUR) and for antigen test 460 CZK (18 EUR).

If you will arrive earlier than June 6<sup>th</sup>, we recommend using test point close to the venue. Registration in advance is mandatory. More details and reservations here: <a href="https://www.ghcgenetics.cz/covid/vhd-en/">https://www.ghcgenetics.cz/covid/vhd-en/</a>.

If you are coming by air, a good option is to take a test right at the airport after the arrival. For more details look here: <a href="https://www.ghcgenetics.cz/covid/informace-letiste-en/">https://www.ghcgenetics.cz/covid/informace-letiste-en/</a>. There is no possibility to make a reservation in advance. Price for PCR test is from 1550 CZK (60 EUR) and the results are within 48 hours but usually the next day.

## **!!! PLEASE NOTE:**

Apart from entry conditions, according to ICF Covid19 Protocol and measures set for the World Cup by Ministry of Health of the Czech Republic, it is requested to each accredited person in a competition to provide a negative PCR test result not older than 48 hours prior to first access to the venue during the official access period. Official access period starts on Monday, 6<sup>th</sup> June. Vaccination does not remove this obligation.
