ICF ANTI-DOPING RULES

INTRODUCTION

Preface

At the International Canoe Federation (ICF) Board of Directors Meeting held on November 6-9, 2014 in Warsaw, the ICF accepted the revised (2015) World Anti-Doping Code (the “Code”). These Anti-Doping Rules are adopted and implemented in conformance with the ICF’s responsibilities under the Code, and are in furtherance of the ICF’s continuing efforts to eradicate doping in the sport of Canoeing.

These Anti-Doping Rules are sport rules governing the conditions under which sport is played. Aimed at enforcing anti-doping principles in a global and harmonised manner, they are distinct in nature from criminal and civil laws, and are not intended to be subject to or limited by any national requirements and legal standards applicable to criminal or civil proceedings. When reviewing the facts and the law of a given case, all courts, arbitral tribunals and other adjudicating bodies should be aware of and respect the distinct nature of these Anti-Doping Rules. The Code should be implemented as these rules represent the consensus of a broad spectrum of stakeholders around the world and is necessary to protect fair sport.

Fundamental Rationale for the Code and ICF’s Anti-Doping Rules

Anti-doping programmes seek to preserve what is intrinsically valuable about sport. This intrinsic value is often referred to as "the spirit of sport"; it is the essence of Olympism; it is how we play true. The spirit of sport is the celebration of the human spirit, body and mind, and is characterised by the following values:

- Ethics, fair play and honesty
- Health
- Excellence in performance
- Character and education
- Fun and joy
- Teamwork
- Dedication and commitment
- Respect for rules and laws
- Respect for self and other participants
- Courage
- Community and solidarity

Doping is fundamentally contrary to the spirit of sport. The International Canoe Federation has shared the Fundamental Rationale of the Code since doping controls were initiated in the 1980s. The ICF was the second International Federation committed to initiate Out-of-competition testing.

Scope of these Anti-Doping Rules

These Anti-Doping Rules shall apply to ICF, all affiliated National Federations, participants and stake holders and/or involved in the sport. The Anti-Doping Rules are binding for:

a. all Athletes and Athlete Support Personnel who are members of ICF, National Federation, or associated member (including any clubs, teams, associations or leagues);

b. all Athletes and Athlete Support Personnel participating in such capacity in Events, Competitions and other activities organised, convened, authorised or recognised by ICF, or any National Federation, or associated member (including any clubs, teams, associations or leagues), wherever held;

c. any other Athlete or Athlete Support Personnel or other Person who, by virtue of an accreditation, a licence or other contractual arrangement, or otherwise, is subject to the jurisdiction of ICF, or of any National Federation, or associated member (including any clubs, teams, associations or leagues), for purposes of anti-doping;

Within the overall pool of Athletes set out above who are bound by and required to comply with these Anti-Doping Rules, the following Athletes shall be considered to be International-Level Athletes for purposes of these Anti-Doping Rules, and therefore the specific provisions in these Anti-Doping Rules applicable to International-Level Athletes (as regards Testing but also as regards
TUEs, whereabouts information, results management, and appeals) shall apply to such Athletes:

a. Athletes who compete in any of the International Events organised by the ICF or where the ICF is the ruling body.
ARTICLE 1 DEFINITION OF DOPING

Doping is defined as the occurrence of one or more of the anti-doping rule violations set forth in Article 2.1 through Article 2.10 of these Anti-Doping Rules.

ARTICLE 2 ANTI-DOPING RULE VIOLATIONS

The purpose of Article 2 is to specify the circumstances and conduct which constitute anti-doping rule violations. Hearings in doping cases will proceed based on the assertion that one or more of these specific rules have been violated.

_Athletes_ or other _Persons_ shall be responsible for knowing what constitutes an anti-doping rule violation and the substances and methods which have been included on the _Prohibited List_.

The following constitute anti-doping rule violations:

2.1 Presence of a _Prohibited Substance_ or its _Metabolites_ or _Markers_ in an _Athlete’s Sample_

2.1.1 It is each _Athlete’s_ personal duty to ensure that no _Prohibited Substance_ enters his or her body. _Athletes_ are responsible for any _Prohibited Substance_ or its _Metabolites_ or _Markers_ found to be present in their _Samples_. Accordingly, it is not necessary that intent, _Fault_, negligence or knowing _Use_ on the _Athlete’s_ part be demonstrated in order to establish an anti-doping rule violation under Article 2.1.

[Comment to Article 2.1.1: An anti-doping rule violation is committed under this Article without regard to an Athlete’s Fault. This rule has been referred to in various CAS decisions as “Strict Liability”. An Athlete’s Fault is taken into consideration in determining the Consequences of this anti-doping rule violation under Article 10. This principle has been consistently upheld by CAS.]

2.1.2 Sufficient proof of an anti-doping rule violation under Article 2.1 is established by any of the following: presence of a _Prohibited Substance_ or its _Metabolites_ or _Markers_ in the _Athlete’s A Sample_ where the _Athlete_ waives analysis of the _B Sample_ and the _B Sample_ is not analysed; or, where the _Athlete’s B Sample_ is analysed...
and the analysis of the Athlete’s B Sample confirms the presence of the Prohibited Substance or its Metabolites or Markers found in the Athlete’s A Sample; or, where the Athlete’s B Sample is split into two bottles and the analysis of the second bottle confirms the presence of the Prohibited Substance or its Metabolites or Markers found in the first bottle.

[Comment to Article 2.1.2: The ICF may at its discretion choose to have the B Sample analysed even if the Athlete does not request the analysis of the B Sample.]

2.1.3 Excepting those substances for which a quantitative threshold is specifically identified in the Prohibited List, the presence of any quantity of a Prohibited Substance or its Metabolites or Markers in an Athlete’s Sample shall constitute an anti-doping rule violation.

2.1.4 As an exception to the general rule of Article 2.1, the Prohibited List or International Standards may establish special criteria for the evaluation of Prohibited Substances that can also be produced endogenously.

2.2 Use or Attempted Use by an Athlete of a Prohibited Substance or a Prohibited Method

[Comment to Article 2.2: As noted in Article 3 (Proof of Doping), it has always been the case that Use or Attempted Use of a Prohibited Substance or Prohibited Method may be established by any reliable means. Unlike the proof required to establish an anti-doping rule violation under Article 2.1, Use or Attempted Use may also be established by other reliable means such as admissions by the Athlete, witness statements, documentary evidence, conclusions drawn from longitudinal profiling, including data collected as part of the Athlete Biological Passport, or other analytical information which does not otherwise satisfy all the requirements to establish “Presence” of a Prohibited Substance under Article 2.1. For example, Use may be established based upon reliable analytical data from the analysis of an A Sample (without confirmation from an analysis of a B Sample) or from the analysis of a B Sample alone where the ICF provides a satisfactory
explanation for the lack of confirmation in the other Sample.]

2.2.1 It is each Athlete’s personal duty to ensure that no Prohibited Substance enters his or her body and that no Prohibited Method is Used. Accordingly, it is not necessary that intent, Fault, negligence or knowing Use on the Athlete’s part be demonstrated in order to establish an anti-doping rule violation for Use of a Prohibited Substance or a Prohibited Method.

2.2.2 The success or failure of the Use or Attempted Use of a Prohibited Substance or Prohibited Method is not material. It is sufficient that the Prohibited Substance or Prohibited Method was Used or Attempted to be Used for an anti-doping rule violation to be committed.

[Comment to Article 2.2.2: Demonstrating the "Attempted Use" of a Prohibited Substance or a Prohibited Method requires proof of intent on the Athlete’s part. The fact that intent may be required to prove this particular anti-doping rule violation does not undermine the Strict Liability principle established for violations of Article 2.1 and violations of Article 2.2 in respect of Use of a Prohibited Substance or Prohibited Method.

An Athlete’s “Use” of a Prohibited Substance constitutes an anti-doping rule violation unless such substance is not prohibited Out-of-Competition and the Athlete’s Use takes place Out-of-Competition. (However, the presence of a Prohibited Substance or its Metabolites or Markers in a Sample collected In-Competition will be a violation of Article 2.1 regardless of when that substance might have been administered).]

2.3 Evading, Refusing or Failing to Submit to Sample Collection

Evading Sample collection, or without compelling justification refusing or failing to submit to Sample collection after notification as authorised in these Anti-Doping Rules or other applicable anti-doping rules.

[Comment to Article 2.3: For example, it would be an anti-doping rule violation of “evading Sample
collection” if it were established that an Athlete was deliberately avoiding a Doping Control official to evade notification or Testing. A violation of "failing to submit to Sample collection” may be based on either intentional or negligent conduct of the Athlete, while "evading” or “refusing” Sample collection contemplates intentional conduct by the Athlete.

2.4 Whereabouts Failures

Any combination of three missed tests and/or filing failures, as defined in the International Standard for Testing and Investigations, within a twelve-month period by an Athlete in a Registered Testing Pool.

2.5 Tampering or Attempted Tampering with any part of Doping Control.

Conduct which subverts the Doping Control process but which would not otherwise be included in the definition of Prohibited Methods. Tampering shall include, without limitation, intentionally interfering or attempting to interfere with a Doping Control official, providing fraudulent information to an Anti-Doping Organisation, or intimidating or attempting to intimidate a potential witness.

[Comment to Article 2.5: For example, this Article would prohibit altering identification numbers on a Doping Control form during Testing, breaking the B bottle at the time of B Sample analysis, or altering a Sample by the addition of a foreign substance. Offensive conduct towards a Doping Control official or other Person involved in Doping Control which does not otherwise constitute Tampering shall be addressed in the disciplinary rules of sport organisations.]

2.6 Possession of a Prohibited Substance or a Prohibited Method

2.6.1 Possession by an Athlete In-Competition of any Prohibited Substance or any Prohibited Method, or Possession by an Athlete Out-of-Competition of any Prohibited Substance or any Prohibited Method which is prohibited Out-of-Competition unless the Athlete
establishes that the Possession is consistent with a Therapeutic Use Exemption (“TUE”) granted in accordance with Article 4.4 or other acceptable justification.

2.6.2 Possession by Athlete Support Person In-Competition of any Prohibited Substance or any Prohibited Method, or Possession by Athlete Support Person Out-of-Competition of any Prohibited Substance or any Prohibited Method which is prohibited Out-of-Competition, in connection with an Athlete, Competition or training, unless the Athlete Support Person establishes that the Possession is consistent with a TUE granted to an Athlete in accordance with Article 4.4 or other acceptable justification.

[Comment to Articles 2.6.1 and 2.6.2: Acceptable justification would not include, for example, buying or Possessing a Prohibited Substance for purposes of giving it to a friend or relative, except under justifiable medical circumstances where that Person had a physician’s prescription, e.g., buying Insulin for a diabetic child.]

[Comment to Article 2.6.2: Acceptable justification would include, for example, a team doctor carrying Prohibited Substances for dealing with acute and emergency situations.]

2.7 Trafficking or Attempted Trafficking in any Prohibited Substance or Prohibited Method.

2.8 Administration or Attempted Administration to any Athlete In-Competition of any Prohibited Substance or Prohibited Method, or Administration or Attempted Administration to any Athlete Out-of-Competition of any Prohibited Substance or any Prohibited Method that is prohibited Out-of-Competition.

2.9 Complicity

Assisting, encouraging, aiding, abetting, conspiring, covering up or any other type of intentional complicity involving an anti-doping rule violation, Attempted anti-doping rule violation or violation of Article 10.12.1 by another Person.
2.10 Prohibited Association

Association by an Athlete or other Person subject to the authority of an Anti-Doping Organisation in a professional or sport-related capacity with any Athlete Support Person who:

2.10.1 If subject to the authority of an Anti-Doping Organisation, is serving a period of Ineligibility; or

2.10.2 If not subject to the authority of an Anti-Doping Organisation and where Ineligibility has not been addressed in a results management process pursuant to the Code, has been convicted or found in a criminal, disciplinary or professional proceeding to have engaged in conduct which would have constituted a violation of anti-doping rules if Code-compliant rules had been applicable to such Person. The disqualifying status of such Person shall be in force for the longer of six years from the criminal, professional or disciplinary decision or the duration of the criminal, disciplinary or professional sanction imposed; or

2.10.3 Is serving as a front or intermediary for an individual described in Article 2.10.1 or 2.10.2.

In order for this provision to apply, it is necessary that the Athlete or other Person has previously been advised in writing by an Anti-Doping Organisation with jurisdiction over the Athlete or other Person, or by WADA, of the Athlete Support Person’s disqualifying status and the potential Consequence of prohibited association and that the Athlete or other Person can reasonably avoid the association. The Anti-Doping Organisation shall also use reasonable efforts to advise the Athlete Support Person who is the subject of the notice to the Athlete or other Person that the Athlete Support Person may, within 15 days, come forward to the Anti-Doping Organisation to explain that the criteria described in Articles 2.10.1 and 2.10.2 do not apply to him or her. (Notwithstanding Article 17, this Article applies even when the Athlete Support Person’s disqualifying conduct occurred prior to the effective date provided in Article 20.7.)

The burden shall be on the Athlete or other Person to establish that any association with Athlete Support
Personnel described in Article 2.10.1 or 2.10.2 is not in a professional or sport-related capacity.

Anti-Doping Organisations that are aware of Athlete Support Personnel who meet the criteria described in Article 2.10.1, 2.10.2, or 2.10.3 shall submit that information to WADA.

[Comment to Article 2.10: Athletes and other Persons must not work with coaches, trainers, physicians or other Athlete Support Personnel who are Ineligible on account of an anti-doping rule violation or who have been criminally convicted or professionally disciplined in relation to doping. Some examples of the types of association which are prohibited include: obtaining training, strategy, technique, nutrition or medical advice; obtaining therapy, treatment or prescriptions; providing any bodily products for analysis; or allowing the Athlete Support Person to serve as an agent or representative. Prohibited association need not involve any form of compensation.]

ARTICLE 3 PROOF OF DOPING

3.1 Burdens and Standards of Proof
The ICF shall have the burden of establishing that an anti-doping rule violation has occurred. The standard of proof shall be whether the ICF has established an anti-doping rule violation to the comfortable satisfaction of the hearing panel bearing in mind the seriousness of the allegation which is made. This standard of proof in all cases is greater than a mere balance of probability but less than proof beyond a reasonable doubt. Where these Anti-Doping Rules place the burden of proof upon the Athlete or other Person alleged to have committed an anti-doping rule violation to rebut a presumption or establish specified facts or circumstances, the standard of proof shall be by a balance of probability.

[Comment to Article 3.1: This standard of proof required to be met by the ICF is comparable to the standard which is applied in most countries to cases involving professional misconduct.

3.2 Methods of Establishing Facts and Presumptions
Facts related to anti-doping rule violations may be established by any reliable means, including admissions. The following rules of proof shall be applicable in doping cases:

[Comment to Article 3.2: For example, the ICF may establish an anti-doping rule violation under Article 2.2 based on the Athlete’s admissions, the credible testimony of third Persons, reliable documentary evidence, reliable analytical data from either an A or B Sample as provided in the Comments to Article 2.2, or conclusions drawn from the profile of a series of the Athlete’s blood or urine Samples, such as data from the Athlete Biological Passport.]

3.2.1 Analytical methods or decision limits approved by WADA after consultation within the relevant scientific community and which has been the subject of peer review are presumed to be scientifically valid. Any Athlete or other Person seeking to rebut this presumption of scientific validity shall, as a condition precedent to any such challenge, first notify WADA of the challenge and the basis of the challenge. CAS on its own initiative may also inform WADA of any such challenge. At WADA’s request, the CAS panel shall appoint an appropriate scientific expert to assist the panel in its evaluation of the challenge. Within 10 days of WADA’s receipt of such notice, and WADA’s receipt of the CAS file, WADA shall also have the right to intervene as a party, appear amicus curiae, or otherwise provide evidence in such proceeding.

3.2.2 WADA-accredited laboratories, and other laboratories approved by WADA, are presumed to have conducted Sample analysis and custodial procedures in accordance with the International Standard for Laboratories. The Athlete or other Person may rebut this presumption by establishing that a departure from the International Standard for Laboratories occurred which could reasonably have caused the Adverse Analytical Finding.

If the Athlete or other Person rebuts the preceding presumption by showing that a departure from the International Standard for Laboratories occurred which could reasonably have caused the Adverse Analytical Finding, then the ICF shall have the burden to establish
that such departure did not cause the Adverse Analytical Finding.

[Comment to Article 3.2.2: The burden is on the Athlete or other Person to establish, by a balance of probability, a departure from the International Standard for Laboratories that could reasonably have caused the Adverse Analytical Finding. If the Athlete or other Person does so, the burden shifts to the ICF to prove to the comfortable satisfaction of the hearing panel that the departure did not cause the Adverse Analytical Finding.]

3.2.3 Departures from any other International Standard or other anti-doping rule or policy set forth in the Code or these Anti-Doping Rules which did not cause an Adverse Analytical Finding or other anti-doping rule violation shall not invalidate such evidence or results. If the Athlete or other Person establishes a departure from another International Standard or other anti-doping rule or policy which could reasonably have caused an anti-doping rule violation based on an Adverse Analytical Finding or other anti-doping rule violation, then the ICF shall have the burden to establish that such a departure did not cause the Adverse Analytical Finding or the factual basis for the anti-doping rule violation.

3.2.4 The facts established by a decision of a court or professional disciplinary tribunal of competent jurisdiction which is not the subject of a pending appeal shall be irrefutable evidence against the Athlete or other Person to whom the decision pertained of those facts unless the Athlete or other Person establishes that the decision violated principles of natural justice.

3.2.5 The ICF Doping Control Panel in a hearing on an anti-doping rule violation may draw an inference adverse to the Athlete or other Person who is asserted to have committed an anti-doping rule violation based on the Athlete’s or other Person’s refusal, after a request made in a reasonable time in advance of the hearing, to appear at the hearing (either in person or telephonically as directed by the tribunal) and to answer questions from the ICF Doping Control Panel or the ICF.
ARTICLE 4
THE PROHIBITED LIST

4.1 Incorporation of the Prohibited List

These Anti-Doping Rules incorporate the Prohibited List which is published and revised by WADA as described in Article 4.1 of the Code. [Comment to Article 4.1: The current Prohibited List is available on WADA's website at www.wada-ama.org.]

4.2 Prohibited Substances and Prohibited Methods Identified on the Prohibited List

4.2.1 Prohibited Substances and Prohibited Methods

Unless provided otherwise in the Prohibited List and/or a revision, the Prohibited List and revisions shall go into effect under these Anti-Doping Rules three months after publication by WADA without requiring any further action by the ICF. All Athletes and other Persons shall be bound by the Prohibited List, and any revisions thereto, from the date they go into effect, without further formality. It is the responsibility of all Athletes and other Persons to familiarise themselves with the most up-to-date version of the Prohibited List and all revisions thereto.

4.2.2 Specified Substances

For purposes of the application of Article 10, all Prohibited Substances shall be “Specified Substances” except substances in the classes of anabolic agents and hormones and those stimulants and hormone antagonists and modulators so identified on the Prohibited List. The category of Specified Substances shall not include Prohibited Methods.

[Comment to Article 4.2.2: The Specified Substances identified in Article 4.2.2 should not in any way be considered less important or less dangerous than other doping substances. Rather, they are simply substances]
which are more likely to have been consumed by an Athlete for a purpose other than the enhancement of sport performance.]

4.3 WADA’s Determination of the Prohibited List

WADA’s determination of the Prohibited Substances and Prohibited Methods that will be included on the Prohibited List, the classification of substances into categories on the Prohibited List and the classification of a substance as prohibited at all times or In-Competition only is final and shall not be subject to challenge by an Athlete or other Person based on an argument that the substance or method was not a masking agent or did not have the potential to enhance performance, represent a health risk or violate the spirit of sport.

4.4 Therapeutic Use Exemptions (“TUEs”)

4.4.1 Athletes with a documented medical condition requiring the Use of a Prohibited Substance or a Prohibited Method must first obtain a TUE. The presence of a Prohibited Substance or its Metabolites or Markers (Article 2.1) and/or the Use or Attempted Use of a Prohibited Substance or a Prohibited Method (Article 2.2), Possession of Prohibited Substances or Prohibited Methods (Article 2.6) or Administration or Attempted Administration of a Prohibited Substance or Prohibited Method (Article 2.8) consistent with the provisions of an applicable TUE issued pursuant to the International Standard for Therapeutic Use Exemptions shall not be considered an anti-doping rule violation.

4.4.2 Subject to Article 4.4.3, Athletes included by the ICF in its Registered Testing Pool and other Athletes participating in any International Event must obtain a TUE from the ICF.

4.4.3 Where the Athlete already has a TUE granted by his or her National Anti-Doping Organisation for the substance or method in question, that TUE is not automatically valid for international-level Competition. However, the Athlete may apply to ICF to recognise that TUE, in accordance with Article 7 of the
International Standard for Therapeutic Use Exemptions. If that TUE meets the criteria set out in the International Standard for Therapeutic Use Exemptions, then ICF shall recognise it for purposes of international-level Competition as well. If ICF considers that the TUE does not meet those criteria and so refuses to recognise it, ICF shall notify the Athlete and his or her National Anti-Doping Organisation promptly, with reasons. The Athlete and the National Anti-Doping Organisation shall have 21 days from such notification to refer the matter to WADA for review in accordance with Article 4.4.6. If the matter is referred to WADA for review, the TUE granted by the National Anti-Doping Organisation remains valid for national-level Competition and Out-of-Competition Testing (but is not valid for international-level Competition) pending WADA’s decision. If the matter is not referred to WADA for review, the TUE becomes invalid for any purpose when the 21-day review deadline expires.

The application for a TUE must be made as soon as possible (in the case of an Athlete in the Registered Testing Pool, this would be when he/she is first notified of his/her inclusion in the pool) and in any event (save in emergency situations) no later than 30 days before the Athlete’s participation in the Event.

An Athlete may only be granted retroactive approval for his/her Therapeutic Use of a Prohibited Substance or Prohibited Method (i.e., a retroactive TUE) if:

a. Emergency treatment or treatment of an acute medical condition was necessary; or
b. Due to other exceptional circumstances, there was insufficient time or opportunity for the Athlete to submit, or for the TUEC to consider, an application for the TUE prior to Sample collection; or
c. The applicable rules required the Athlete or permitted the Athlete (see Code Article 4.4.5) to apply for a retroactive TUE; or
d. It is agreed, by WADA and by the Anti-Doping Organisation to whom the application for a retroactive TUE is or would be made, that fairness requires the grant of a retroactive TUE.

[Comment to Article 4.4.3.: If ICF refuses to recognise a TUE granted by a National Anti-Doping Organisation only because medical records or other information are
missing that are needed to demonstrate satisfaction of the criteria in the International Standard for Therapeutic Use Exemptions, the matter should not be referred to WADA. Instead, the file should be completed and re-submitted to ICF. The submission of false or misleadingly incomplete information in support of a TUE application (including but not limited to the failure to advise of the unsuccessful outcome of a prior application to another Anti-Doping Organisation for such a TUE) may result in a charge of Tampering or Attempted Tampering under Article 2.5.

An Athlete should not assume that his/her application for grant or recognition of a TUE (or for renewal of a TUE) will be granted. Any Use or Possession or Administration of a Prohibited Substance or Prohibited Method before an application has been granted is entirely at the Athlete’s own risk.

4.4.4 TUEs granted by the ICF shall be reported to the Athlete’s National Federation and to WADA. Athletes who are not International-Level Athletes who need to Use a Prohibited Substance or a Prohibited Method for therapeutic reasons must obtain a TUE from their National Anti-Doping Organisation or other body designated by their National Federation, as required under the rules of the National Anti-Doping Organisation/other body. National Federations shall promptly report any such TUEs to the ICF and WADA.

4.4.5 The ICF shall appoint a panel of physicians from the ICF Medical and Anti-Doping Committee to consider requests for TUE’s. Upon the ICF’s receipt of a TUE request, the Chair of the ICF Medical and Anti-Doping Committee shall appoint one or more members of the ICF Medical and Anti-Doping Committee (which may include the Chair) to consider such request. The ICF Medical and Anti-Doping Committee member(s) so designated shall promptly evaluate such request in accordance with the International Standard for Therapeutic Use Exemptions and render a decision on such request, which subject to Article 4.4.6 of these Rules, shall be the final decision of the ICF.

4.4.6 Reviews and Appeals of TUE Decisions
4.4.6.1 WADA shall review any decision by ICF not to recognise a TUE granted by the National Anti-Doping Organisation that is referred to WADA by the Athlete or the Athlete’s National Anti-Doping Organisation. In addition, WADA shall review any decision by ICF to grant a TUE that is referred to WADA by the Athlete’s National Anti-Doping Organisation. WADA may review any other TUE decisions at any time, whether upon request by those affected or on its own initiative. If the TUE decision being reviewed meets the criteria set out in the International Standard for Therapeutic Use Exemptions, WADA will not interfere with it. If the TUE decision does not meet those criteria, WADA will reverse it. Decisions on TUEs are subject to further appeal as provided in Article 13.

4.4.7 Any TUE decision by ICF (or by a National Anti-Doping Organisation where it has agreed to consider the application on behalf of ICF) that is not reviewed by WADA, or that is reviewed by WADA but is not reversed upon review, may be appealed by the Athlete and/or the Athlete’s National Anti-Doping Organisation first to the ICF Court of Arbitration and subsequently to CAS, in accordance with Article 13.

ARTICLE 5  TESTING AND INVESTIGATION

5.1 Purpose of Testing and Investigations

Testing and investigations shall only be undertaken for anti-doping purposes. They shall be conducted in conformity with the provisions of the International Standard for Testing and Investigations and the specific protocols of ICF supplementing that International Standard.

5.1.1 Testing shall be undertaken to obtain analytical evidence as to the Athlete’s compliance (or non-compliance) with the strict Code prohibition on the presence/Use of a Prohibited Substance or Prohibited Method. Test distribution planning, Testing, post-Testing activity and all related activities conducted by ICF shall be in conformity with the International Standard for Testing and Investigations. ICF shall determine the number of finishing placement tests, random tests and target tests to be performed, in
accordance with the criteria established by the International Standard for Testing and Investigations. All provisions of the International Standard for Testing and Investigations shall apply automatically in respect of all such Testing.

5.1.2 Investigations shall be undertaken:

5.1.2.1 in relation to Atypical Findings, Atypical Passport Findings and Adverse Passport Findings, in accordance with Articles 7.4 and 7.5 respectively, gathering intelligence or evidence (including, in particular, analytical evidence) in order to determine whether an anti-doping rule violation has occurred under Article 2.1 and/or Article 2.2; and

5.1.2.2 in relation to other indications of potential anti-doping rule violations, in accordance with Articles 7.6 and 7.7, gathering intelligence or evidence (including, in particular, non-analytical evidence) in order to determine whether an anti-doping rule violation has occurred under any of Articles 2.2 to 2.10.

5.1.3 ICF may obtain, assess and process anti-doping intelligence from all available sources, to inform the development of an effective, intelligent and proportionate test distribution plan, to plan Target Testing, and/or to form the basis of an investigation into a possible anti-doping rule violation(s).

5.2 Authority to conduct Testing

5.2.1 Subject to the jurisdictional limitations for Event Testing set out in Article 5.3 of the Code, ICF shall have In-Competition and Out-of-Competition Testing authority over all of the Athletes specified in the Introduction to these Anti-Doping Rules (under the heading "Scope").

5.2.2 ICF may require any Athlete over whom it has Testing authority (including any Athlete serving a period of Ineligibility) to provide a Sample at any time and at any place.

[Comment to Article 5.2.2: Unless the Athlete has identified a 60-minute time-slot for Testing between the hours of 11pm and 6am, or has otherwise consented
to Testing during that period, ICF will not test an Athlete during that period unless it has a serious and specific suspicion that the Athlete may be engaged in doping. A challenge to whether ICF had sufficient suspicion for Testing in that period shall not be a defence to an anti-doping rule violation based on such test or attempted test.]

5.2.3 WADA shall have In-Competition and Out-of-Competition Testing authority as set out in Article 20.7.8 of the Code.

5.2.4 If ICF delegates or contracts any part of Testing to a National Anti-Doping Organisation (directly or through a National Federation), that National Anti-Doping Organisation may collect additional Samples or direct the laboratory to perform additional types of analysis at the National Anti-Doping Organisation’s expense. If additional Samples are collected or additional types of analysis are performed, ICF shall be notified.

5.3 Event Testing

5.3.1 Except as provided in Article 5.3 of the Code, only a single organisation should be responsible for initiating and directing Testing at Event Venues during an Event Period. At International Events, the collection of Samples shall be initiated and directed by ICF (or any other international organisation which is the ruling body for the Event). At the request of ICF (or any other international organisation which is the ruling body for an Event), any Testing during the Event Period outside of the Event Venues shall be coordinated with ICF (or the relevant ruling body of the Event).

5.3.2 If an Anti-Doping Organisation which would otherwise have Testing authority but is not responsible for initiating and directing Testing at an Event desires to conduct Testing of Athletes at the Event Venues during the Event Period, the Anti-Doping Organisation shall first confer with ICF (or any other international organisation which is the ruling body of the Event) to obtain permission to conduct and coordinate such Testing. If the Anti-Doping Organisation is not satisfied with the response from ICF (or any other international organisation which is the ruling body of the Event), the
Anti-Doping Organisation may ask WADA for permission to conduct Testing and to determine how to coordinate such Testing, in accordance with the procedures set out in the International Standard for Testing and Investigations. WADA shall not grant approval for such Testing before consulting with and informing ICF (or any other international organisation which is the ruling body for the Event). WADA’s decision shall be final and not subject to appeal. Unless otherwise provided in the authorisation to conduct Testing, such tests shall be considered Out-of-Competition tests. Results management for any such test shall be the responsibility of the Anti-Doping Organisation initiating the test unless provided otherwise in the rules of the ruling body of the Event.

5.3.3 Every organiser of selected ICF’s International Competitions, (the list of those Competitions is published each year on the ICF’s website) must plan for Doping Controls to take place and must ensure that, during the Competition or Event, the necessary facilities, Sample collection materials and doping control personnel are available, and the Testing procedures are correctly applied in accordance with the International Standard for Testing and Investigation and conducted by qualified persons so authorised.

5.3.4 At those ICF International Competitions or Events the ICF’s Anti-Doping Administrator or its delegate shall be responsible for co-ordinating all Testing.

5.3.7 The overall costs of Doping Controls and Competition and/or Event Testing is the responsibility of the organising committee and/or the National Federation of the country in which the Competition or Event is taking place. ICF may, at its own discretion, decide to take responsibility for those costs.

5.4 Responsibility for ICF Testing

Test Distribution Plan

The ICF Medical and Anti-Doping Committee shall be responsible for drawing up a test distribution plan for the sport of Canoeing in accordance with Article 4 of the International Standard for Testing, and for the
implementation of that plan, including overseeing all Testing conducted by or on behalf of the ICF. Testing may be conducted by members of the ICF Medical and Anti-Doping Committee or by other qualified persons so authorised by the ICF.

5.5 Coordination of Testing

The ICF and National Federations shall promptly report completed tests preferably through the WADA clearinghouse to avoid unnecessary duplication in Testing.

5.6 Athlete Whereabouts Requirements

5.6.1 The ICF shall identify a Registered Testing Pool of those Athletes who are required to comply with the whereabouts requirements of Annex I to the International Standard for Testing and Investigation, and shall publish the criteria on its website or through ADAMS for Athletes to be included in this Registered Testing Pool as well as a list of the Athletes meeting those criteria for the period in question. The ICF shall coordinate with National Anti-Doping Organisations the identification of such Athletes and the collection of their whereabouts information. The ICF shall review and update as necessary its criteria for including Athletes in its Registered Testing Pool, and shall revise the membership of its Registered Testing Pool from time to time as appropriate in accordance with the set criteria. Athletes shall be notified before they are included in a Registered Testing Pool and when they are removed from that pool. Each Athlete in the Registered Testing Pool (a) shall advise the ICF of his/her whereabouts on a quarterly basis, in the manner set out in Article 11.3 of the International Standard for Testing; (b) shall update that information as necessary, in accordance with Article 11.4.2 of the International Standard for Testing and Investigation, so that it remains accurate and complete at all times; and (c) shall make him/herself available for Testing at such whereabouts, in accordance with Article 11.4 of the International Standard for Testing.

5.6.2 For purposes of Article 2.4, an Athlete’s failure to comply with the requirements of the International
Standard for Testing and Investigations shall be deemed a filing failure or a missed test (as defined in the International Standard for Testing and Investigations) where the conditions set forth in the International Standard for Testing and Investigations for declaring a filing failure or missed test are met.

5.6.3 An Athlete in ICF’s Registered Testing Pool shall continue to be subject to the obligation to comply with the whereabouts requirements of Annex I to the International Standard for Testing and Investigations unless and until (a) the Athlete gives written notice to ICF that he/she has retired or (b) ICF has informed him or her that he/she no longer satisfies the criteria for inclusion in ICF’s Registered Testing Pool.

5.6.4 Whereabouts information relating to an Athlete shall be shared (through ADAMS) with WADA and other Anti-Doping Organisations having authority to test that Athlete, shall be maintained in strict confidence at all times, shall be used exclusively for the purposes set out in Article 5.6 of the Code, and shall be destroyed in accordance with the International Standard for the Protection of Privacy and Personal Information once it is no longer relevant for these purposes.

5.6.5 Each National Federation shall use its best efforts to ensure that Athletes in the ICF’s Registered Testing Pool submit whereabouts information as required. However, the ultimate responsibility for providing whereabouts information rests with each Athlete.

5.7 Retirement and Return to Competition

5.7.1 An Athlete who has been identified by the ICF for inclusion in the ICF’s Registered Testing Pool shall comply with the whereabouts requirements of the International Standard for Testing until he or she receives written notice from the ICF that he or she is no longer included in the ICF Registered Testing Pool for reasons of retirement (the Athlete has to give written notice to the ICF that he or she has retired) or non-fulfilment of the criteria for inclusion in the ICF Registered Testing Pool.
5.7.2 An Athlete in the ICF’s Registered Testing Pool who has given notice of retirement to the ICF may not resume competing in International Events or National Events until he or she has made himself or herself available for Testing, by giving six months prior written notice to his or her International Federation and National Anti-Doping Organisation. WADA, in consultation with ICF, and the Athlete’s National Anti-Doping Organisation, may grant an exemption to the six-month written notice rule where the strict application of that rule would be manifestly unfair to an Athlete. This decision may be appealed under Article 13. Any competitive results obtained in violation of this Article 5.7.1 shall be Disqualified.

5.7.3 If an Athlete retires from sport while subject to a period of Ineligibility, the Athlete shall not resume competing in International Events or National Events until the Athlete has given six months prior written notice (or notice equivalent to the period of Ineligibility remaining as of the date the Athlete retired, if that period was longer than six months) to ICF and to his/her National Anti-Doping Organisation of his/her intent to resume competing and has made him/herself available for Testing for that notice period, including (if requested) complying with the whereabouts requirements of Annex I to the International Standard for Testing and Investigations.

5.7 Selection of Athletes to be Tested

5.7.1 At International Events, the ICF Medical and Anti-Doping Committee shall determine the number of finishing placement tests, random tests and target tests to be performed.

5.7.2 At National Events, each National Federation shall determine the number of Athletes selected for Testing in each Competition and the procedures for selecting the Athletes for Testing.

5.7.3 In addition to the selection procedures set forth in Articles 5.7.1 and 5.7.2 above, the ICF Medical and Anti-Doping Committee at International Events, and the National Federation at National Events, may also select Athletes or teams for Target Testing so long as such
Target Testing is not used for any purpose other than legitimate Doping Control purposes.

5.7.4 Athletes shall be selected for Out-of-Competition Testing by the ICF Medical and Anti-Doping Committee and by National Federations through a process that substantially complies with the International Standard for Testing in force at the time of selection.

5.8 Independent Observer Programme
ICF and the organising committees for International events and the Organising Committee and National Federation for National Events shall authorise and facilitate Independent Observer Programme at such Events as directed by the ICF.

ARTICLE 6 ANALYSIS OF SAMPLES

Doping Control Samples collected under these Anti-Doping Rules shall be analysed in accordance with the following principles:

6.1 Use of Accredited and Approved Laboratories
Samples shall be analysed only in laboratories accredited or otherwise approved by WADA. The choice of the WADA-accredited or WADA-approved laboratory used for the Sample analysis shall be determined exclusively by the ICF.

[Comment to Article 6.1: Violations of Article 2.1 may be established only by Sample analysis performed by a laboratory accredited or otherwise approved by WADA. Violations of other Articles may be established using analytical results from other laboratories so long as the results are reliable.]

6.2.1 Purpose of Analysis of Samples
Samples shall be analysed to detect Prohibited Substances and Prohibited Methods and other substances as may be directed by WADA pursuant to the Monitoring Programme described in Article 4.5 of the Code or to assist the ICF in profiling relevant parameters in an Athlete’s urine, blood or other matrix, including DNA or genomic profiling, or for any other legitimate anti-doping purpose. Samples may be collected and stored for future analysis.
[Comment to Article 6.2: For example, relevant profile information could be used to direct Target Testing or to support an anti-doping rule violation proceeding under Article 2.2 or both.]

6.2.2 ICF shall ask laboratories to analyse Samples in conformity with Article 6.4 of the Code and Article 4.7 of the International Standard for Testing and Investigations.

6.3 Research on Samples

No Sample may be used for research without the Athlete’s written consent. Samples used for purposes other than Article 6.2 shall have any means of identification removed such that they cannot be traced back to a particular Athlete.

6.4 Standards for Sample Analysis and Reporting

Laboratories shall analyse Samples and report results in conformity with the International Standard for Laboratories. To ensure effective Testing, the Technical Document referenced at Article 5.4.1 of the Code will establish risk assessment-based Sample analysis menus appropriate for particular sports and sport disciplines, and laboratories shall analyse Samples in conformity with those menus, except as follows:

6.4.1 ICF may request that laboratories analyse its Samples using more extensive menus than those described in the Technical Document.

6.4.2 ICF may request that laboratories analyse its Samples using less extensive menus than those described in the Technical Document only if it has satisfied WADA that, because of the particular circumstances of its sport, as set out in its test distribution plan, less extensive analysis would be appropriate.

6.4.3 As provided in the International Standard for Laboratories, laboratories at their own initiative and expense may analyse Samples for Prohibited Substances or Prohibited Methods not included on the Sample
analysis menu described in the Technical Document or specified by the Testing authority. Results from any such analysis shall be reported and have the same validity and consequence as any other analytical result.

6.5 Further Analysis of Samples

Any Sample may be stored and subsequently subjected to further analysis for the purposes set out in Article 6.2: (a) by WADA at any time; and/or (b) by ICF at any time before both the A and B Sample analytical results (or A Sample result where B Sample analysis has been waived or will not be performed) have been communicated by ICF to the Athlete as the asserted basis for an Article 2.1 anti-doping rule violation. Such further analysis of Samples shall conform with the requirements of the International Standard for Laboratories and the International Standard for Testing and Investigations.

ARTICLE 7 RESULTS MANAGEMENT

7.1 Results Management for Tests Initiated by the ICF

Results management for tests initiated by the ICF (including tests performed by WADA pursuant to agreement with the ICF) shall proceed as set forth below:

7.1.1 The results from all analyses must be sent to the ICF in encoded form, in a report signed by an authorised representative of the laboratory. All communication must be conducted in confidentiality and in conformity with ADAMS, a database management tool developed by WADA. ADAMS is consistent with data privacy statutes and norms applicable to WADA and other organisations using it.

7.1.2 Upon receipt of an Adverse Analytical Finding, the ICF Anti-Doping Administrator shall conduct a review to determine whether: (a) the Adverse Analytical Finding is consistent with an applicable TUE, or (b) there is any apparent departure from the International Standard for Testing and Investigation or
International Standard for Laboratories that caused the Adverse Analytical Finding.

7.2 Notification After Review Regarding Adverse Analytical Findings

7.2.1 If the review of an Adverse Analytical Finding under Article 7.1.2 does not reveal an applicable TUE, or departure from the International Standard for Testing and Investigation or the International Standard for Laboratories that caused the Adverse Analytical Finding, the ICF shall promptly notify the Athlete of: (a) the Adverse Analytical Finding; (b) the anti-doping rule violated; (c) the Athlete’s right to promptly request the analysis of the B Sample or, failing such request, that the B Sample analysis may be deemed waived; (d) the scheduled date, time and place for the B Sample analysis (which shall be within the time period specified in the International Standard for Laboratories) if the Athlete or the ICF chooses to request an analysis of the B Sample; (e) the opportunity for the Athlete and/or the Athlete’s representative to attend the B Sample opening and analysis at the scheduled date, time and place if such analysis is requested; and (f) the Athlete’s right to request copies of the A and B Sample laboratory documentation package which includes information as required by the International Standard for Laboratories. If the ICF decides not to bring forward the Adverse Analytical Finding as an anti-doping rule violation, it shall so notify the Athlete, the Athlete’s National Anti-Doping Organisation and WADA.

7.2.2 Where requested by the Athlete or the ICF, arrangements shall be made to analyse the B Sample in accordance with the International Standard for Testing. An Athlete may accept the A Sample analytical results by waiving the requirement for B Sample analysis. The ICF may nonetheless elect to proceed with the B Sample analysis.

7.2.3 The Athlete and/or his representative shall be allowed to be present at the analysis of the B Sample. Also a representative of the Athlete’s National Federation as well as a representative of the ICF shall be allowed to be present.
7.2.4 If the B Sample analysis does not confirm the A Sample analysis, then (unless the ICF takes the case forward as an anti-doping rule violation under Article 2.2) the entire test shall be considered negative and the Athlete, the Athlete’s National Anti-Doping Organisation, and WADA shall be so informed.

7.2.5 If the B Sample confirms the A Sample analysis, the findings shall be reported to the Athlete, the Athlete’s National Anti-Doping Organisation and to WADA.

7.3 Review of Atypical Findings

7.3.1 As provided in the International Standard for Laboratories, in certain circumstances laboratories are directed to report the presence of Prohibited Substances that may also be produced endogenously as Atypical Findings that should be investigated further.

7.3.2 If a laboratory reports an Atypical Finding in respect of a Sample collected from an Athlete by or on behalf of the ICF, the ICF Anti-Doping Administrator shall conduct a review to determine whether: (a) the Atypical Finding is consistent with an applicable TUE that has been granted as provided in the International Standard for Therapeutic Use Exemptions, or (b) there is any apparent departure from the International Standard for Testing and Investigation or International Standard for Laboratories that caused the Atypical Analytical Finding.

7.3.3 If the review of an Atypical Finding under Article 7.2.2 reveals an applicable TUE or a departure from the International Standard for Testing and Investigation or the International Standard for Laboratories that caused the Atypical Finding, the entire test shall be considered negative [and the Athlete, his National Federation, and WADA shall be so informed].

7.3.4 If the review of an Atypical Finding does not reveal an applicable TUE or a departure from the International Standard for Testing and Investigation or the International Standard for Laboratories that caused the Atypical Finding, ICF shall conduct the follow-up investigation or cause it to be conducted. If, once that
investigation is completed, it is concluded that the Atypical Finding should be considered an Adverse Analytical Finding; the ICF shall pursue the matter in accordance with Article 7.1.3. Otherwise, the Athlete, the Athlete’s National Anti-Doping Organisation and WADA shall be notified that the Atypical Finding will not be brought forward as an Adverse Analytical Finding.

7.3.5 The ICF will not provide notice of an Atypical Finding until it has completed its investigation and has decided whether it will bring the Atypical Finding forward as an Adverse Analytical Finding unless one of the following circumstances exists:

(a) If the ICF determines the B Sample should be analysed prior to the conclusion of its investigation, it may conduct the B Sample analysis after notifying the Athlete, with such notice to include a description of the Atypical Finding and the information described in Article 7.2.1(d) to (f).

(b) If the ICF receives a request, either from a Major Event Organisation shortly before one of its International Events or from a sports organisation responsible for meeting an imminent deadline for selecting team members for an International Event, to disclose whether any Athlete identified on a list provided but the Major Event Organisation or sports organisation has a pending Atypical Finding, the ICF shall advice the Major Event Organisation or sports organisation after first providing notice of the Atypical Finding to the Athlete.

7.4 Review of Atypical Passport Findings and Adverse Passport Findings

Review of Atypical Passport Findings and Adverse Passport Findings shall take place as provided in the International Standard for Testing and Investigations and International Standard for Laboratories. At such time as ICF Anti-Doping Administrator or its delegate is satisfied that an anti-doping rule violation has occurred, it shall promptly give the Athlete (and simultaneously the Athlete’s National Anti-Doping Organisation and WADA) notice of the anti-doping rule violation asserted and the basis of that assertion.
7.5 Review of Whereabouts Failures

ICF Anti-Doping Administrator or its delegate shall review potential filing failures and missed tests, as defined in the International Standard for Testing and Investigations, in respect of Athletes who file their whereabouts information with ICF, in accordance with Annex I to the International Standard for Testing and Investigations. At such time as ICF Anti-Doping Administrator or its delegate is satisfied that an Article 2.4 anti-doping rule violation has occurred, it shall promptly give the Athlete (and simultaneously the Athlete’s National Anti-Doping Organisation and WADA) notice that it is asserting a violation of Article 2.4 and the basis of that assertion.

7.6 Review of Other Anti-Doping Rule Violations Not Covered by Articles 7.3-7.6

ICF Doping Review Panel shall conduct any follow-up investigation required into a possible anti-doping rule violation not covered by Articles 7.2-7.6. At such time as ICF Doping Review Panel is satisfied that an anti-doping rule violation has occurred, it shall promptly give the Athlete or other Person (and simultaneously the Athlete’s or other Person’s National Anti-Doping Organisation and WADA) notice of the anti-doping rule violation asserted and the basis of that assertion.

7.7 Identification of Prior Anti-Doping Rule Violations

Before giving an Athlete or other Person notice of an asserted anti-doping rule violation as provided above, ICF shall refer to ADAMS and contact WADA and other relevant Anti-Doping Organisations to determine whether any prior anti-doping rule violation exists.

7.8 Provisional Suspensions

7.8.1 Mandatory Provisional Suspension If analysis of an A Sample has resulted in an Adverse Analytical Finding for a Prohibited Substance that is not a Specified Substance or for a Prohibited Method, and a review in accordance with Article 7.1.2 does not reveal an applicable TUE or departure from the International Standard for Testing and Investigation or the International Standard for Laboratories that caused the Adverse Analytical Finding, the ICF shall Provisionally
Suspend the Athlete promptly after the review and notification described in Articles 7.1, 7.2 and 7.4 and pending the hearing panel’s determination of whether he/she has committed an anti-doping rule violation.

7.8.2 Optional Provisional Suspension: In case of an Adverse Analytical Finding for a Specified Substance, or in the case of any other anti-doping rule violations not covered by Article 7.8.1 where ICF decides to take the matter forward as an apparent anti-doping rule violation in accordance with the foregoing provisions of this Article 7, the ICF Executive Committee, after consultation with the ICF Anti-Doping Administrator, may Provisionally Suspend the Athlete or other Person against whom the anti-doping rule violation is asserted at any time after the review and notification described in Articles 7.1-7.6 and prior to the final hearing as described in Article 8.

7.8.3 Where a Provisional Suspension is imposed, whether pursuant to Article 7.8.1 or Article 7.8.2, the Athlete shall be given either (a) an opportunity for a Provisional Hearing before imposition of the Provisional Suspension or on a timely basis after imposition of the Provisional Suspension; or (b) an opportunity for an expedited hearing in accordance with Article 8 (Right to a Fair Hearing) on a timely basis after imposition of a Provisional Suspension. National Federations shall impose Provisional Suspensions in accordance with the principles set forth in this Article 7.6. The Athlete or other Person has a right to appeal from the Provisional Suspension in accordance with Article 13.2 (save as set forth in Article 7.8.3.1).

7.8.3.1 The Provisional Suspension may be lifted if the Athlete or other Persons demonstrates to the competent hearing panel that the violation is likely to have involved a Contaminated Product. A hearing panel’s decision not to lift a mandatory Provisional Suspension on account of the Athlete’s assertion regarding a Contaminated Product shall not be appealable. In case where the Athlete or Other Person will request the provisional hearing the competent hearing panel will be an ad-hoc panel appointed by ICF.

7.8.4 If a Provisional Suspension is imposed based on an Adverse Analytical Finding in respect of an A Sample,
and any subsequent analysis of the B Sample analysis does not confirm the A Sample analysis, then the Athlete shall not be subject to any further Provisional Suspension on account of a violation of Article 2.1 of the Code (Presence of a Prohibited Substance or its Metabolites or Markers). In circumstances where the Athlete or the Athlete’s team have been removed from a Competition based on a violation of Article 2.1 and the subsequent B Sample analysis does not confirm the A Sample finding, the ICF, without otherwise affecting the Competition, it is still possible for the Athlete or team to be reinserted, the Athlete or team may continue to take part in the Competition.

7.9 Resolution Without a Hearing

7.9.1 Agreement between parties

At any time during the results management process the Athlete or other Person may agree with ICF on the Consequences which are either mandated by the Code or which ICF’s Anti-Doping Administrator or its delegate considers appropriate where flexibility in sanctioning is permitted. The agreement should state the full reasons for any period of Ineligibility agreed, including (if applicable) a justification for why the flexibility in sanction was applied.

Such agreement shall be considered as a decision for the case which will be reported to parties with a right to appeal under Article 13.2.3 as provided in Article 14.2.2 and published as provided in Article 14.3.2

7.9.2 Waiver of hearing

An Athlete or other Person against whom an anti-doping rule violation is asserted may waive a hearing expressly. Alternatively, if the Athlete or other Person against whom an anti-doping rule violation is asserted fails to request the hearing and/or to dispute that assertion within the deadline specified in the notice sent by the ICF Anti-Doping Administrator or its delegate asserting the violation, then he/she shall be deemed to have waived a hearing.

7.9.3 Process in case of Athlete’s waiving of hearing
In cases where Article 7.9.2 applies, a hearing before a hearing panel shall not be required. Instead ICF’s Anti-Doping Administrator or its delegate will refer the case to the ICF Anti-Doping Hearing Panel for adjudication, transmitting all the available documents of the case.

The ICF’s Doping Control Panel shall promptly issue a written decision (in accordance with art 8.2) about the commission of the anti-doping rule violation and the Consequences imposed as a result, and setting out the full reasons for any period of Ineligibility imposed, including (if applicable) a justification for why the maximum potential period of Ineligibility was not imposed. ICF shall send copies of that decision to other Anti-Doping Organisations with a right to appeal under Article 13.2.3, and shall Publicly Disclose that decision in accordance with Article 14.3.2.

7.10 Notification of Results Management Decisions

In all cases where ICF has asserted the commission of an anti-doping rule violation, withdrawn the assertion of an anti-doping rule violation, imposed a Provisional Suspension, or agreed with an Athlete or other Person on the imposition of Consequences without a hearing, ICF shall give notice thereof in accordance with Article 14.2.1 to other Anti-Doping Organisations with a right to appeal under Article 13.2.3.

7.11 Retirement from Sport

If an Athlete or other Person retires while a results management process is underway, the ICF retains jurisdiction to complete its results management process. If an Athlete or other Person retires before any results management process has begun and the ICF would have had results management authority over the Athlete or other Person at the time the Athlete or other Person committed an anti-doping rule violation, the ICF has authority to conduct results management in respect of anti-doping rule violation.

[Comment to Article 7.11: Conduct by an Athlete or other Person before the Athlete or other Person was subject to the jurisdiction of any Anti-Doping Organisation would not constitute an anti-doping rule violation but could be a legitimate basis for denying
ARTICLE 8  RIGHT TO A FAIR HEARING

8.1 Principles for a Fair Hearing

8.1.1 When ICF sends a notice to an Athlete or other Person asserting an anti-doping rule violation, and the Athlete or other Person does not waive a hearing in accordance with Article 7.9.1 or 7.9.2, then the case shall be referred to the ICF Doping Control Panel for hearing and adjudication.

8.1.2 Hearings shall be scheduled and completed within a reasonable time. Hearings held in connection with Events that are subject to these Anti-Doping Rules may be conducted by an expedited process where permitted by the hearing panel.

8.1.3 The Chair of the ICF Doping Control Panel shall summon the panel to hear each case. The members of the Doping Control Panel shall be impartial. If one member of the Doping Control Panel declares a lack of impartiality, the remaining two members shall take the decision on the case. Should more than one member be constrained new members shall be appointed to hear the respective case.

8.1.4 Hearings pursuant to this Article shall be completed expeditiously following the completion of the results management process described in Article 7. Hearings held in connection with Events may be conducted on an expedited basis.

8.1.5 The National Federation of the Athlete or other Person alleged to have violated these Anti-Doping Rules may attend the hearing as an observer.

8.1.6 The ICF shall keep WADA fully apprised as to the status of pending cases and the result of all hearings.
8.2 Decisions

8.2.1 The ICF Doping Control Panel shall issue a written decision within 30 days from the date of the hearing or from the date the case has been referred to the panel. The written decision will include the full reasons for the decision and for any period of Ineligibility imposed, including (if applicable) a justification for why the greatest potential Consequences were not imposed.

8.2.2 Decisions of the ICF Doping Control Panel may be appealed to the ICF Court of Arbitration and, subsequently, and where applicable, to CAS in accordance with Article 13. Copies of the decision shall be provided to the Athlete or other Person and to other Anti-Doping Organizations with a right to appeal under Article 13.2.3.

8.2. If no appeal is brought against the decision, then (a) if the decision is that an anti-doping rule violation was committed, the decision shall be Publicly Disclosed as provided in Article 14.3.2; but (b) if the decision is that no anti-doping rule violation was committed, then the decision shall only be Publicly Disclosed with the consent of the Athlete or other Person who is the subject of the decision. ICF shall use reasonable efforts to obtain such consent, and if consent is obtained, shall Publicly Disclose the decision in its entirety or in such redacted form as the Athlete or other Person may approve.

The principles contained at Article 14.3.6 shall be applied in cases involving a Minor.

8.3 Single Hearing Before CAS
Cases asserting anti-doping rule violations may be heard directly at CAS, with no requirement for a prior hearing, with the consent of the Athlete, ICF, WADA, and any other Anti-Doping Organisation that would have had a right to appeal a first instance hearing decision to CAS.
ARTICLE 9    AUTOMATIC DISQUALIFICATION OF INDIVIDUAL RESULTS

A violation of these Anti-Doping Rules in Individual Sports in connection with an In-Competition test automatically leads to Disqualification of the result obtained in that Competition with all resulting consequences, including forfeiture of any medals, points and prizes.

[Comment to Article 9: In sports which are not Team Sports but where awards are given to teams, Disqualification or other disciplinary action against the team when one or more team members have committed an anti-doping rule violation shall be as provided in the applicable rules of the ICF.]

ARTICLE 10    SANCTIONS ON INDIVIDUALS

10.1 Disqualification of Results in the Event during which an Anti-Doping Rule Violation Occurs

An Anti-Doping Rule violation occurring during or in connection with an Event may, upon the decision of the ruling body of the Event, lead to Disqualification of all of the Athlete’s individual results obtained in that Event with all Consequences, including forfeiture of all medals, points and prizes, except as provided in Article 10.1.1.

[Comment to Article 10.1: Whereas Article 9 (Automatic Disqualification of Individual Results) Disqualifies the result in a single Competition in which the Athlete tested positive, this Article may lead to Disqualification of all results in all races during the Event.]

10.1.1 If the Athlete establishes that he or she bears No Fault or Negligence for the violation, the Athlete’s individual results in the other Competitions shall not be Disqualified unless the Athlete’s results in Competitions other than the Competition in which the anti-doping rule violation occurred were likely to have been affected by the Athlete’s anti-doping rule violation.
10.2 Ineligibility for Presence, Use or Attempted Use, or Possession of Prohibited Substances or Prohibited Methods

10.2.1 The period of Ineligibility imposed for a violation of Article 2.1 (Presence of Prohibited Substance or its Metabolites or Markers), Article 2.2 (Use or Attempted Use of Prohibited Substance or Prohibited Method) or Article 2.6 (Possession of Prohibited Substances and Methods) shall be as follows, unless the conditions for eliminating or reducing the period of Ineligibility, as provided in Articles 10.4 and 10.5, or the conditions for increasing the period of Ineligibility, as provided in Article 10.6, are met:

10.2.1 The period of Ineligibility shall be four years where:

10.2.1.1 The anti-doping rule violation does not involve a Specified Substance, unless the Athlete or other Person can establish that the anti-doping rule violation was not intentional.

10.2.1.2 The anti-doping rule violation involves a Specified Substance and ICF can establish that the anti-doping rule violation was intentional.

10.2.2 If Article 10.2.1 does not apply, the period of Ineligibility shall be two years.

10.2.3 As used in Articles 10.2 and 10.3, the term “intentional” is meant to identify those Athletes who cheat. The term therefore requires that the Athlete or other Person engaged in conduct which he or she knew constituted an anti-doping rule violation or knew that there was a significant risk that the conduct might constitute or result in an anti-doping rule violation and manifestly disregarded that risk. An anti-doping rule violation resulting from an Adverse Analytical Finding for a substance which is only prohibited In-Competition shall be rebuttably presumed to be not intentional if the substance is a Specified Substance and the Athlete can establish that the Prohibited Substance was Used Out-of-Competition. An anti-doping rule violation resulting from an Adverse Analytical Finding for a substance which is only prohibited In-Competition shall not be considered intentional if the substance is not a
Specified Substance and the Athlete can establish that the Prohibited Substance was Used Out-of-Competition in a context unrelated to sport performance.

10.3 Ineligibility for Other Anti-Doping Rule Violations
The period of Ineligibility for violations of these Anti-Doping Rules other than as provided in Article 10.2 shall be as follows unless Articles 10.5 or 10.6 are applicable:

10.3.1 For violations of Article 2.3 (refusing or failing to submit to Sample collection) or Article 2.5 (Tampering with Doping Control), the Ineligibility period shall be four (4) years unless, in the case of failing to submit to Sample collection, the Athlete can establish that the commission of the anti-doping rule violation was not intentional (as defined in Article 10.2.3), in which case the period of Ineligibility shall be two years.

10.3.2 For violations of Article 2.4, the period of Ineligibility shall be two years, subject to reduction down to a minimum of one year, depending on the Athlete’s degree of Fault. The flexibility between two years and one year of Ineligibility in this Article is not available to Athletes where a pattern of last-minute whereabouts changes or other conduct raises a serious suspicion that the Athlete was trying to avoid being available for Testing.

10.3.3 For violations of Article 2.7 or 2.8, the period of Ineligibility shall be a minimum of four years up to lifetime Ineligibility, depending on the seriousness of the violation. An Article 2.7 or Article 2.8 violation involving a Minor shall be considered a particularly serious violation and, if committed by Athlete Support Personnel for violations other than for Specified Substances, shall result in lifetime Ineligibility for Athlete Support Personnel. In addition, significant violations of Article 2.7 or 2.8 which may also violate non-sporting laws and regulations, shall be reported to the competent administrative, professional or judicial authorities.

[Comment to Article 10.3.3: Those who are involved in doping Athletes or covering up doping should be subject to sanctions which are more severe than the
Athletes who test positive. Since the authority of sport organisations is generally limited to Ineligibility for accreditation, membership and other sport benefits, reporting Athlete Support Personnel to competent authorities is an important step in the deterrence of doping.

10.3.4 For violations of Article 2.9, the period of Ineligibility imposed shall be a minimum of two years, up to four years, depending on the seriousness of the violation.

10.3.5 For violations of Article 2.10, the period of Ineligibility shall be two years, subject to reduction down to a minimum of one year, depending on the Athlete or other Person’s degree of Fault and other circumstances of the case.

10.4 Elimination of the Period of Ineligibility where there is No Fault or Negligence

If an Athlete or other Person establishes in an individual case that he or she bears No Fault or Negligence, then the otherwise applicable period of Ineligibility shall be eliminated.

[Comment to Article 10.4: This Article and Article 10.5.2 apply only to the imposition of sanctions; they are not applicable to the determination of whether an anti-doping rule violation has occurred. They will only apply in exceptional circumstances, for example where an Athlete could prove that, despite all due care, he or she was sabotaged by a competitor. Conversely, No Fault or Negligence would not apply in the following circumstances: (a) a positive test resulting from a mislabelled or contaminated vitamin or nutritional supplement (Athletes are responsible for what they ingest (Article 2.1.1) and have been warned against the possibility of supplement contamination); (b) the Administration of a Prohibited Substance by the Athlete’s personal physician or trainer without disclosure to the Athlete (Athletes are responsible for their choice of medical personnel and for advising medical personnel that they cannot be given any Prohibited Substance); and (c) sabotage of the Athlete’s food or drink by a spouse, coach or other Person within the Athlete’s circle of associates]
Athletes are responsible for what they ingest and for the conduct of those Persons to whom they entrust access to their food and drink. However, depending on the unique facts of a particular case, any of the referenced illustrations could result in a reduced sanction under Article 10.5 based on No Significant Fault or Negligence.

10.5 Reduction of Period of Ineligibility Based on No Significant Fault or Negligence

10.5.1 Reduction of Sanctions for Specified Substances or Contaminated Products for Violations of Article 2.1, 2.2 or 2.6.

10.5.1.1 Specified Substances

Where the anti-doping rule violation involves a Specified Substance, and the Athlete or other Person can establish No Significant Fault or Negligence, then the period of Ineligibility shall be, at a minimum, a reprimand and no period of Ineligibility, and at a maximum, two years of Ineligibility, depending on the Athlete’s or other Person’s degree of Fault.

10.5.1.2 Contaminated Products

In cases where the Athlete or other Person can establish No Significant Fault or Negligence and that the detected Prohibited Substance came from a Contaminated Product, then the period of Ineligibility shall be, at a minimum, a reprimand and no period of Ineligibility, and at a maximum, two years Ineligibility, depending on the Athlete’s or other Person’s degree of Fault.

[Comment to Article 10.5.1.2: In assessing that Athlete’s degree of Fault, it would, for example, be favorable for the Athlete if the Athlete had declared the product which was subsequently determined to be contaminated on his or her Doping Control form.]

10.5.2 Application of No Significant Fault or Negligence beyond the Application of Article 10.5.1

If an Athlete or other Person establishes in an individual case where Article 10.5.1 is not applicable that he or
she bears No Significant Fault or Negligence, then, subject to further reduction or elimination as provided in Article 10.6, the otherwise applicable period of Ineligibility may be reduced based on the Athlete or other Person’s degree of Fault, but the reduced period of Ineligibility may not be less than one-half of the period of Ineligibility otherwise applicable. If the otherwise applicable period of Ineligibility is a lifetime, the reduced period under this Article may be no less than eight years.

[Comment to Article 10.5.2: Article 10.5.2 may be applied to any anti-doping rule violation except those Articles where intent is an element of the anti-doping rule violation (e.g., Article 2.5, 2.7, 2.8 or 2.9) or an element of a particular sanction (e.g., Article 10.2.1) or a range of Ineligibility is already provided in an Article based on the Athlete or other Person’s degree of Fault.]

10.6 Elimination, Reduction, or Suspension of Period of Ineligibility or other Consequences for Reasons Other than Fault

10.6.1 Substantial Assistance in Discovering or Establishing Anti-Doping Rule Violations

10.6.1.1 ICF may, prior to a final appellate decision under Article 13 or the expiration of the time to appeal, suspend a part of the period of Ineligibility imposed in an individual case in which it has results management authority where the Athlete or other Person has provided Substantial Assistance to an Anti-Doping Organisation, criminal authority or professional disciplinary body which results in: (i) the Anti-Doping Organisation discovering or bringing forward an anti-doping rule violation by another Person, or (ii) which results in a criminal or disciplinary body discovering or bringing forward a criminal offense or the breach of professional rules committed by another Person and the information provided by the Person providing Substantial Assistance is made available to ICF. After a final appellate decision under Article 13 or the expiration of time to appeal, ICF may only suspend a part of the otherwise applicable period of Ineligibility with the approval of WADA. The extent to which the
otherwise applicable period of *Ineligibility* may be suspended shall be based on the seriousness of the anti-doping rule violation committed by the *Athlete* or other *Person* and the significance of the *Substantial Assistance* provided by the *Athlete* or other *Person* to the effort to eliminate doping in sport. No more than three-quarters of the otherwise applicable period of *Ineligibility* may be suspended. If the otherwise applicable period of *Ineligibility* is a lifetime, the non-suspended period under this Article must be no less than eight years. If the *Athlete* or other *Person* fails to continue to cooperate and to provide the complete and credible *Substantial Assistance* upon which a suspension of the period of *Ineligibility* was based, ICF shall reinstate the original period of *Ineligibility*. If ICF decides to reinstate a suspended period of *Ineligibility* or decides not to reinstate a suspended period of *Ineligibility*, that decision may be appealed by any *Person* entitled to appeal under Article 13.

10.6.1.2 To further encourage *Athletes* and other *Persons* to provide *Substantial Assistance* to *Anti-Doping Organisations*, at the request of ICF or at the request of the *Athlete* or other *Person* who has (or has been asserted to have) committed an anti-doping rule violation, WADA may agree at any stage of the results management process, including after a final appellate decision under Article 13, to what it considers to be an appropriate suspension of the otherwise-applicable period of *Ineligibility* and other *Consequences*. In exceptional circumstances, WADA may agree to suspensions of the period of *Ineligibility* and other *Consequences* for *Substantial Assistance* greater than those otherwise provided in this Article, or even no period of *Ineligibility*, and/or no return of prize money or payment of fines or costs. WADA’s approval shall be subject to reinstatement of sanction, as otherwise provided in this Article. Notwithstanding Article 13, WADA’s decisions in the context of this Article may not be appealed by any other *Anti-Doping Organisation*.

10.6.1.3 If ICF suspends any part of an otherwise applicable sanction because of *Substantial Assistance*, then notice providing justification for the decision shall be provided to the other *Anti-Doping Organisations* with a right to appeal under Article 13.2.3 as provided in Article 14.2. In unique circumstances where WADA
determines that it would be in the best interest of anti-doping, WADA may authorise ICF to enter into appropriate confidentiality agreements limiting or delaying the disclosure of the Substantial Assistance agreement or the nature of Substantial Assistance being provided.

[Comment to Article 10.6.1: The cooperation of Athletes, Athlete Support Personnel and other Persons who acknowledge their mistakes and are willing to bring other anti-doping rule violations to light is important to clean sport. This is the only circumstance under the Code where the suspension of an otherwise applicable period of Ineligibility is authorised.]

10.6.2 Admission of an Anti-Doping Rule Violation in the Absence of Other Evidence

Where an Athlete or other Person voluntarily admits the commission of an anti-doping rule violation before having received notice of a Sample collection which could establish an anti-doping rule violation (or, in the case of an anti-doping rule violation other than Article 2.1, before receiving first notice of the admitted violation pursuant to Article 7) and that admission is the only reliable evidence of the violation at the time of admission, then the period of Ineligibility may be reduced, but not below one-half of the period of Ineligibility otherwise applicable.

[Comment to Article 10.6.2: This Article is intended to apply when an Athlete or other Person comes forward and admits to an anti-doping rule violation in circumstances where no Anti-Doping Organisation is aware that an anti-doping rule violation might have been committed. It is not intended to apply to circumstances where the admission occurs after the Athlete or other Person believes he or she is about to be caught. The amount by which Ineligibility is reduced should be based on the likelihood that the Athlete or other Person would have been caught had he/she not come forward voluntarily.]

10.6.3 Prompt Admission of an Anti-Doping Rule Violation after being Confronted with a Violation Sanctionable under Article 10.2.1 or Article 10.3.1
An Athlete or other Person potentially subject to a four-year sanction under Article 10.2.1 or 10.3.1 (for evading or refusing Sample Collection or Tampering with Sample Collection), by promptly admitting the asserted anti-doping rule violation after being confronted by ICF, and also upon the approval and at the discretion of both WADA and ICF, may receive a reduction in the period of Ineligibility down to a minimum of two years, depending on the seriousness of the violation and the Athlete or other Person’s degree of Fault.

10.6.4 Application of Multiple Grounds for Reduction of a Sanction

Where an Athlete or other Person establishes entitlement to reduction in sanction under more than one provision of Article 10.4, 10.5 or 10.6, before applying any reduction or suspension under Article 10.6, the otherwise applicable period of Ineligibility shall be determined in accordance with Articles 10.2, 10.3, 10.4, and 10.5. If the Athlete or other Person establishes entitlement to a reduction or suspension of the period of Ineligibility under Article 10.6, then the period of Ineligibility may be reduced or suspended, but not below one-fourth of the otherwise applicable period of Ineligibility.

[Comment to Article 10.6.4: The appropriate sanction is determined in a sequence of four steps. First, the hearing panel determines which of the basic sanctions (Articles 10.2, 10.3, 10.4, or 10.5) apply to the particular anti-doping rule violation. Second, if the basic sanction provides for a range of sanctions, the hearing panel must determine the applicable sanction within that range according to the Athlete or other Person’s degree of Fault. In a third step, the hearing panel establishes whether there is a basis for elimination, suspension, or reduction of the sanction (Article 10.6). Finally, the hearing panel decides on the commencement of the period of Ineligibility under Article 10.11. Several examples of how Article 10 is to be applied are found in Appendix 2.]

10.7 Multiple Violations
10.7.1 For an Athlete or other Person’s second anti-doping rule violation, the period of Ineligibility shall be the greater of:

six months;

one-half of the period of Ineligibility imposed for the first anti-doping rule violation without taking into account any reduction under Article 10.6; or

twice the period of Ineligibility otherwise applicable to the second anti-doping rule violation treated as if it were a first violation, without taking into account any reduction under Article 10.6.

The period of Ineligibility established above may then be further reduced by the application of Article 10.6.

10.7.2 A third anti-doping rule violation will always result in a lifetime period of Ineligibility, except if the third violation fulfils the condition for elimination or reduction of the period of Ineligibility under Article 10.4 or 10.5, or involves a violation of Article 2.4. In these particular cases, the period of Ineligibility shall be from eight years to lifetime Ineligibility.

10.7.3 An anti-doping rule violation for which an Athlete or other Person has established No Fault or Negligence shall not be considered a prior violation for purposes of this Article.

10.7.4 Additional Rules for Certain Potential Multiple Violations

10.7.4.1 For purposes of imposing sanctions under Article 10.7, an anti-doping rule violation will only be considered a second violation if the the ICF can establish that the Athlete or other Person committed the second anti-doping rule violation after the Athlete or other Person received notice pursuant to Article 7 (Results Management), or after the ICF made reasonable efforts to give notice, of the first anti-doping rule violation; if the ICF cannot establish this, the violations shall be considered together as one single first violation, and the sanction imposed shall be based on the violation that carries the more severe sanction;
10.7.4.2 If, after the imposition of a sanction for a first anti-doping rule violation, the ICF discovers facts involving an anti-doping rule violation by the Athlete or other Person which occurred prior to notification regarding the first violation, then the ICF shall impose an additional sanction based on the sanction that could have been imposed if the two violations would have been adjudicated at the same time. Results in all Competitions dating back to the earlier anti-doping rule violation will be Disqualified as provided in Article 10.8.

10.7.5 Multiple Anti-Doping Rule Violations during Ten-Year Period
For purposes of Article 10.7, each anti-doping rule violation must take place within the same ten (10) year period in order to be considered multiple violations.

10.8 Disqualification of Results in Competitions Subsequent to Sample Collection or Commission of an Anti-Doping Rule Violation
In addition to the automatic Disqualification of the results in the Competition which produced the positive Sample under Article 9, all other competitive results of the Athlete obtained from the date a positive Sample was collected (whether In-Competition or Out-of-Competition), or other anti-doping rule violation occurred, through the commencement of any Provisional Suspension or Ineligibility period, shall, unless fairness requires otherwise, be Disqualified with all of the resulting Consequences including forfeiture of any medals, points and prizes.

[Comment to Article 10.8.: Nothing in ICF’s Anti-Doping Rules precludes clean Athletes or other Persons who have been damaged by the actions of a Person who has committed an anti-doping rule violation from pursuing any right which they would otherwise have to seek damages from such Person.]

10.9 Allocation of CAS Cost Awards and Forfeited Prize Money
The priority for repayment of CAS cost awards and forfeited prize money shall be: first, payment of costs awarded by CAS; and second, reimbursement of the expenses of ICF
10.10 Financial Consequences

Where an Athlete or other Person commits an anti-doping rule violation, ICF may, in its discretion and subject to the principle of proportionality, elect to a) recover from the Athlete or other Person costs associated with the anti-doping rule violation, regardless of the period of Ineligibility imposed and/or b) fine the Athlete or other Person in an amount up to 5000 Euros, only in cases where the maximum period of Ineligibility otherwise applicable has already been imposed.

The imposition of a financial sanction or the ICF's recovery of costs shall not be considered a basis for reducing the Ineligibility or other sanction which would otherwise be applicable under these Anti-Doping Rules or the Code.

10.11 Commencement of Ineligibility Period

Except as provided below, the period of Ineligibility shall start on the date of the final hearing decision providing for Ineligibility or, if the hearing is waived or there is no hearing, on the date Ineligibility is accepted or otherwise imposed.

10.11.1 Delays Not Attributable to the Athlete or other Person

Where there have been substantial delays in the hearing process or other aspects of Doping Control not attributable to the Athlete or other Person, the ICF may start the period of Ineligibility at an earlier date commencing as early as the date of Sample collection or the date on which another anti-doping rule violation last occurred. All competitive results achieved during the period of Ineligibility, including retroactive Ineligibility, shall be Disqualified.

[Comment to Article 10.11.1: In cases of anti-doping rule violations other than under Article 2.1, the time required for an Anti-Doping Organisation to discover and develop facts sufficient to establish an anti-doping rule violation may be lengthy, particularly where the Athlete or other Person has taken affirmative action to avoid detection. In these circumstances, the flexibility
provided in this Article to start the sanction at an earlier date should not be used.]

10.11.2 Timely Admission
Where the Athlete or other Person promptly (which, in all events, for an Athlete means before the Athlete competes again) admits the anti-doping rule violation after being confronted with the anti-doping rule violation by the ICF, the period of Ineligibility may start as early as the date of Sample collection or the date on which another anti-doping rule violation last occurred. In each case, however, where this Article is applied, the Athlete or other Person shall serve at least one-half of the period of Ineligibility going forward from the date the Athlete or other Person accepted the imposition of a sanction, the date of a hearing decision imposing a sanction, or the date the sanction is otherwise imposed.
This Article shall not apply where the period of Ineligibility has already been reduced under Article 10.6.3

10.11.3 Credit for Provisional Suspension or Period of Ineligibility Served

10.11.3.1 If a Provisional Suspension is imposed and respected by the Athlete or other Person, then the Athlete or other Person shall receive a credit for such period of Provisional Suspension against any period of Ineligibility which may ultimately be imposed. If a period of Ineligibility is served pursuant to a decision that is subsequently appealed, then the Athlete or other Person shall receive a credit for such period of Ineligibility served against any period of Ineligibility which may ultimately be imposed on appeal.

10.11.3.2 If an Athlete or other Person voluntarily accepts a Provisional Suspension and thereafter respects the Provisional Suspension, the Athlete or other Person shall receive a credit for such period of voluntary Provisional Suspension against any period of Ineligibility which may ultimately be imposed. A copy of the Athlete or other person’s voluntary acceptance of a Provisional Suspension shall be provided promptly to each party entitled to receive notice of an asserted anti-doping rule violation under Article 14.1.
[Comment to Article 10.11.3.2: An Athlete’s voluntary acceptance of a Provisional Suspension is not an admission by the Athlete and shall not be used in any way to draw an adverse inference against the Athlete.]

10.11.3.3 No credit against a period of Ineligibility shall be given for any time period before the effective date of the Provisional Suspension or voluntary Provisional Suspension regardless of whether the Athlete elected not to compete or was suspended by his or her team.

10.11.3.4 In Team Sports, where a period of Ineligibility is imposed upon a team, unless fairness requires otherwise, the period of Ineligibility shall start on the date of the final hearing decision providing for Ineligibility or, if the hearing is waived, on the date Ineligibility is accepted or otherwise imposed. Any period of team Provisional Suspension (whether imposed or voluntarily accepted) shall be credited against the total period of Ineligibility to be served.

[Comment to Article 10.11: The text of Article 10.11 has been revised to make clear that delays not attributable to the Athlete, timely admission by the Athlete and Provisional Suspension are the only justifications for starting the period of Ineligibility earlier than the date of the final hearing decision.]

10.12 Status During Ineligibility

10.12.1 Prohibition against Participation during Ineligibility
No Athlete or other Person who has been declared Ineligible may, during the period of Ineligibility, participate in any capacity in a Competition, Event or activity (other than authorised anti-doping education or rehabilitation programmes) authorised or organised by any Signatory, Signatory’s member organisation, or a club or other member organisation of a Signatory’s member organisation, or in Competitions authorised or organised by any professional league or any international or national level Event organisation or any elite or national-level sporting activity funded by a governmental agency.
An Athlete or other Person subject to a period of Ineligibility longer than four years may, after completing four years of the period of Ineligibility, participate as an Athlete in local sport events not sanctioned or otherwise under the jurisdiction of a Code Signatory or a member of a Code Signatory, but only so long as the local sport event is not at a level that could otherwise qualify such Athlete or Person directly or indirectly to compete in (or accumulate points toward) a national championship or International Event and does not involve the Athlete or other Person working in any capacity with Minors.

An Athlete or other Person subject to a period of Ineligibility shall remain subject to Testing.

[Comment to Article 10.12.1: For example, subject to Article 10.12.2 below, an Ineligible Athlete cannot participate in a training camp, exhibition or practice organised by his or her National Federation or a club which is a member of that National Federation or which is funded by a governmental agency. Further, an Ineligible Athlete may not compete in a non-Signatory professional league (e.g., the National Hockey League, the National Basketball Association, etc.), Events organised by a non-Signatory International Event organisation or a non-Signatory national-level event organisation without triggering the Consequences set forth in Article 10.12.3. The term “activity” also includes, for example, administrative activities, such as serving as an official, director, officer, employee, or volunteer of the organisation described in this Article. Ineligibility imposed in one sport shall also be recognised by other sports (see Article 15).]

10.12.2 Return to Training

As an exception to Article 10.12.1, an Athlete may return to train with a team or to use the facilities of a club or other member organisation of ICF’s member organisation during the shorter of: (1) the last two months of the Athlete’s period of Ineligibility, or (2) the last one-quarter of the period of Ineligibility imposed.
[Comment to Article 10.12.2: During the training period described in this Article, an Ineligible Athlete may not compete or engage in any activity described in Article 10.12.1 other than training.]

10.12.3 Violation of the Prohibition of Participation during Ineligibility

Where an Athlete or other Person who has been declared Ineligible violates the prohibition against participation during Ineligibility described in Article 10.12.1, the results of such participation shall be Disqualified and a new period of Ineligibility equal in length up to the original period of Ineligibility shall be added to the end of the original period of Ineligibility. The new period of Ineligibility may be adjusted based on the Athlete or other Person's degree of Fault and other circumstances of the case. The determination of whether an Athlete or other Person has violated the prohibition against participation, and whether an adjustment is appropriate, shall be made by the Anti-Doping Organisation whose results management led to the imposition of the initial period of Ineligibility. This decision may be appealed under Article 13.

Where an Athlete Support Person or other Person assists a Person in violating the prohibition against participation during Ineligibility, the ICF shall impose sanctions for a violation of Article 2.9 for such assistance.

10.12.4 Withholding of Financial Support during Ineligibility

In addition, for any anti-doping rule violation not involving a reduced sanction as described in Article 10.4 or 10.5, some or all sport-related financial support or other sport-related benefits received by such Person will be withheld by the ICF and its National Federations.

10.13 Automatic Publication of Sanction

A mandatory part of each sanction shall include automatic publication, as provided in Article 14.3.
ARTICLE 11  CONSEQUENCES TO TEAMS/CREW BOATS/RELAY TEAMS

11.1 If one or more than one member of a team in a Team Sport has been notified of a possible Anti-Doping Rule violation under Article 7 in connection with an Event, the Team ruling body for the Event shall conduct appropriate Target Testing of the team during the Event Period.

11.2 If one or more than one member of a team in a Team Sport are found to have committed an Anti-Doping Rule violation during an Event period, the ruling body of the Event shall impose an appropriate sanction on the team (e.g., loss of points, Disqualification from a Competition or Event, or other sanction) in addition to any Consequences imposed upon the individual Athlete(s) committing the Anti-Doping Rule violation.

11.3 If a member of a Crew Boat/Relay Team is found to have committed a violation of these Anti-Doping Rules during an Event, the Crew Boat/Relay Team shall be Disqualified from the Event.

ARTICLE 12  SANCTIONS AND COSTS ASSESSED AGAINST NATIONAL FEDERATIONS

12.1 The ICF Executive Committee has the authority to withhold some or all funding or other non financial support to National Federations that are not in compliance with these Anti-Doping Rules.

12.2 National Federations shall be obligated to reimburse the ICF for all costs (including but not limited to laboratory fees, hearing expenses and travel) related to a violation of these Anti-Doping Rules committed by an Athlete or other Person affiliated with that National Federation.

12.3 The ICF may elect to take additional disciplinary action against National Federations with respect to recognition, the eligibility of its officials and Athletes.
to participate in *International Events* and fines based on the following:

12.3.1 Four or more violations of these Anti-Doping Rules (other than violations involving Article 2.4) are committed by *Athletes* or other *Persons* affiliated with a *National Federation* within a 12-month period in *Testing* conducted by the ICF or Anti-Doping Organisations other than the *National Federation* or its *National Anti-Doping Organisation*. In such event the ICF may in its discretion elect to: (a) ban all officials from that *National Federation* for participation in any ICF activities for a period of up to two years and/or (b) fine the *National Federation* in an amount up to € 15.000 Euros. (For purposes of this Rule, any fine paid pursuant to Rule 12.3.2 shall be credited against any fine assessed.)

12.3.1.1 If four or more violations of these Anti-Doping Rules (other than violations involving Article 2.4) are committed in addition to the violations described in Article 12.3.1 by *Athletes* or other *Persons* affiliated with a *National Federation* within a 12-month period in testing conducted by the ICF or Anti-Doping Organisations other than the *National Federation* or its *National Anti-Doping Organisation*, then the ICF may suspend that *National Federation’s* membership for a period of up to 4 years.

12.3.2 More than one *Athlete* or other *Person* from a *National Federation* commits an Anti-Doping Rule violation during an *International Event*. In such event the ICF may fine that *National Federation* in an amount up to € 15.000 Euros.

12.3.3 A *National Federation* has failed to make diligent efforts to keep the ICF informed about an *Athlete’s* whereabouts after receiving a request for that information from the ICF. In such event ICF may fine the National Federation in an amount up to € 5.000 Euros per *Athlete* in addition to all of the ICF costs incurred in *Testing* that *National Federation’s Athletes*.

**ARTICLE 13   APPEALS**

13.1 Decisions Subject to Appeal
Decisions made under these Anti-Doping Rules may be appealed as set forth below in Article 13.2 through 13.7 or as otherwise provided in these Anti-Doping Rules, the Code or the International Standards. Such decisions shall remain in effect while under appeal unless the appellate body orders otherwise. Before an appeal is commenced, any post-decision review provided in the Anti-Doping Organisation’s rules must be exhausted, provided that such review respects the principles set forth in Article 13.2.2 (except as provided in Article 13.1.3).

13.1.1 Scope of Review Not Limited

The scope of review on appeal includes all issues relevant to the matter and is expressly not limited to the issues or scope of review before the initial decision maker.

13.1.2 CAS Shall Not Defer to the Findings Being Appealed

In making its decision, CAS need not give deference to the discretion exercised by the body whose decision is being appealed.

[Comment to Article 13.1.2: CAS proceedings are de novo. Prior proceedings do not limit the evidence or carry weight in the hearing before CAS.]

13.1.3 WADA Not Required to Exhaust Internal Remedies

Where WADA has a right to appeal under Article 13 and no other party has appealed a final decision within the ICF’s process, WADA may appeal such decision directly to CAS without having to exhaust other remedies in the ICF’s process.

[Comment to Article 13.1.3: Where a decision has been rendered before the final stage of the ICF’s process (for example, a first hearing) and no party elects to appeal that decision to the next level of the ICF’s process (ICF Court of Arbitration), then WADA may bypass the remaining steps in the ICF’s internal process and appeal directly to CAS.]
13.2 Appeals from Decisions Regarding Anti-Doping Rule Violations, Consequences, Provisional Suspensions, Recognition of Decisions and Jurisdiction

A decision that an anti-doping rule violation was committed, a decision imposing Consequences or not imposing Consequences for an anti-doping rule violation, or a decision that no anti-doping rule violation was committed; a decision that an anti-doping rule violation proceeding cannot go forward for procedural reasons (including, for example, prescription); a decision by WADA not to grant an exception to the six months notice requirement for a retired Athlete to return to Competition under Article 5.7.1; a decision by WADA assigning results management under Article 7.1 of the Code; a decision by ICF not to bring forward an Adverse Analytical Finding or an Atypical Finding as an anti-doping rule violation, or a decision not to go forward with an anti-doping rule violation after an investigation under Article 7.6; and a decision to impose a Provisional Suspension as a result of a Provisional Hearing; ICF’s failure to comply with Article 7.9; a decision that ICF lacks jurisdiction to rule on an alleged anti-doping rule violation or its Consequences; a decision to suspend, or not suspend, a period of Ineligibility or to reinstate, or not reinstate, a suspended period of Ineligibility under Article 10.6.1; a decision under Article 10.12.3; and a decision by ICF not to recognise another Anti-Doping Organisation’s decision under Article 15, may be appealed exclusively as provided in Articles 13.2-13.7

13.2.1 Appeals Involving International-Level Athletes

In cases arising from competition in an International Event or in cases involving International-Level Athletes, the decision of the ICF Doping Control Panel may be appealed to the ICF Court of Arbitration (Internal Appeals Body) as provided in Chapter V of the ICF Statutes. Decisions of the ICF Court of Arbitration may be appealed exclusively to CAS.

[Comment to Article 13.2.1: CAS decisions are final and binding except for any review required by law applicable to the annulment or enforcement of arbitral awards.]
13.2.2 Appeals Involving Other Athletes or Other Persons

In cases involving Athletes or other Persons who do not have a right to appeal under Article 13.2.1, each National Federation shall have in place an appeal procedure that respects the following principles: a timely hearing, a fair and impartial hearing panel; the right to be represented by a counsel at the Person’s expense; and a timely, written, reasoned decision. In cases where no independent national-level reviewing body exists, the Athlete or other Person who is the subject of the decision shall have the right to appeal exclusively to the ICF Court of Arbitration (Internal Appeals Body). Decisions rendered by the ICF Doping Control Panel according to article 8.2.8 may also be appealed to the ICF Court of Arbitration.

13.2.3 Persons Entitled to Appeal

In cases under Article 13.2.1, the following parties shall have the right to appeal to the ICF Court of Arbitration and in the next instance to CAS: (a) the Athlete or other Person who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) the ICF and any other Anti-Doping Organisation under whose rules a sanction could have been imposed; (d) the National Anti-Doping Organisation of the Person’s country of residence or countries where the Person is a national or license holder; (e) the International Olympic Committee or International Paralympic Committee, as applicable, where the decision may have an effect in relation to the Olympic Games or Paralympic Games, including decisions affecting eligibility for the Olympic Games or Paralympic Games; and (f) WADA.

In cases under Article 13.2.2, the parties having the right to appeal to the national-level appeal body and in the next instance to the ICF Court of Arbitration shall be as provided in the National Federation’s rules but, at a minimum, shall include the following parties: (a) the Athlete or other Person who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) the ICF; and (d) the National Anti-Doping Organisation of the Person’s country of residence (e) the International Olympic
Committee or International Paralympic Committee, as applicable, where the decision may have an effect in relation to the Olympic Games or Paralympic Games, including decisions affecting eligibility for the Olympic Games or Paralympic Games; and (f) WADA. For cases under Article 13.2.2, WADA, the International Olympic Committee, the International Paralympic Committee and the ICF shall also have the right to appeal to CAS with respect to the decision of the ICF Court of Arbitration. Any party filing an appeal shall be entitled to assistance from CAS to obtain all relevant information from the Anti-Doping Organisation whose decision is being appealed and the information shall be provided if CAS so directs.

Notwithstanding any other provision herein, the only Person who may appeal from a Provisional Suspension is the Athlete or other Person upon whom the Provisional Suspension is imposed.

13.2.4 Cross Appeals and other Subsequent Appeals Allowed

Cross appeals and other subsequent appeals by any respondent named in cases brought to CAS under the Code are specifically permitted. Any party with a right to appeal under this Article 13 must file a cross appeal or subsequent appeal at the latest with the party’s answer.

[Comment to Article 13.2.4: This provision is necessary because since 2011, CAS rules no longer permit an Athlete the right to cross appeal when an Anti-Doping Organisation appeals a decision after the Athlete’s time for appeal has expired. This provision permits a full hearing for all parties.]

13.3 Failure to Render a Timely Decision

Where, in a particular case, the ICF fails to render a decision with respect to whether an anti-doping rule violation was committed within a reasonable deadline set by WADA, WADA may elect to appeal directly to CAS as if the ICF had rendered a decision finding no anti-doping rule violation. If the CAS hearing panel determines that an anti-doping rule violation was committed and that WADA acted reasonably in electing to appeal directly to CAS, then WADA’s costs and
attorney fees in prosecuting the appeal shall be reimbursed to WADA by the ICF.

[Comment to Article 13.3: Given the different circumstances of each anti-doping rule violation investigation and results management process, it is not feasible to establish a fixed time period for the ICF to render a decision before WADA may intervene by appealing directly to CAS. Before taking such action, however, WADA will consult with the ICF and give the ICF an opportunity to explain why it has not yet rendered a decision. .]

13.4 Appeals Relating to TUEs

TUE decisions may be appealed exclusively as provided in Article 4.4

13.5 Notification of Appeal Decisions

Any Anti-Doping Organisation that is a party to an appeal shall promptly provide the appeal decision to the Athlete or other Person and to the other Anti-Doping Organisations that would have been entitled to appeal under Article 13.2.3 as provided under Article 14.2.

13.6 Appeal from Decisions Pursuant to Article 12

Decisions by the ICF pursuant to Article 12 may be appealed exclusively to CAS by the National Federation.

13.7 Time for Filing Appeals

13.7.1 Appeals to CAS or the ICF Court of Arbitration

The time to file an appeal to the ICF Court of Arbitration or to CAS shall be twenty-one (21) days from the date of receipt of the decision by the appealing party. The above notwithstanding, the following shall apply in connection with appeals filed by a party entitled to appeal but which was not a party to the proceedings that led to the decision being appealed:

a) Within fifteen days from notice of the decision, such party/ies shall have the right to request from the body having issued the decision a copy of the case file on which such body relied;
b) If such a request is made within the fifteen-day period, then the party making such request shall have twenty-one (21) days from receipt of the file to file an appeal to the ICF Court of Arbitration or CAS.

The above notwithstanding, the filing deadline for an appeal or intervention filed by WADA shall be the later of:
(a) Twenty-one (21) days after the last day on which any other party in the case could have appealed, or
(b) Twenty-one (21) days after WADA’s receipt of the complete file relating to the decision.

Appeals Under Article 13.2.2

The time to file an appeal to the appeal body established by National Federations as indicated in Article 13.2.2 shall be indicated by the rules of the National Federation.

The above notwithstanding, the filing deadline for an appeal or intervention filed by WADA shall be the later of: (a) Twenty-one (21) days after the last day on which any other party in the case could have appealed, or (b) Twenty-one (21) days after WADA’s receipt of the complete file relating to the decision.

ARTICLE 14 NATIONAL FEDERATIONS’ INCORPORATION OF ICF RULES, REPORTING AND RECOGNITION

14.1 Incorporation of the ICF Anti-Doping Rules

All National Federations shall comply with these Anti-Doping Rules. These Anti-Doping Rules shall also be incorporated either directly or by reference into each National Federations Rules. All National Federations shall include in their regulations the procedural rules necessary to effectively implement these Anti-Doping Rules. Each National Federation shall obtain the written acknowledgement and agreement, in the form attached as Appendix 1, of all Athletes subject to Doping Control and Athlete Support Personnel for such Athletes. Notwithstanding whether or not the required form has been signed, the Rules of each National Federation
shall specifically provide that all Athletes, Athlete Support Personnel and other Persons under the jurisdiction of the National Federation shall be bound by these Anti-Doping Rules.

14.2 Statistical Reporting

14.2.1 National Federations shall report to the ICF at the end of every year results of all Doping Controls within their jurisdiction sorted by Athlete and identifying each date on which the Athlete was tested, the entity conducting the test, and whether the test was In-Competition or Out-of-Competition. The ICF may periodically publish Testing data received from National Federations as well as comparable data from Testing under the ICF’s jurisdiction.

14.2.2 The ICF shall publish annually a general statistical report of its Doping Control activities during the calendar year with a copy provided to WADA.

14.3 Doping Control Information Clearinghouse

To facilitate coordinated test distribution planning and to avoid unnecessary duplication in Testing by the various Anti-Doping Organisations, ICF shall report all In-Competition and Out-of-Competition tests on such Athletes to the WADA clearing house, using ADAMS, as soon as possible after such tests have been conducted. This information will be made accessible, where appropriate and in accordance with the applicable rules, to the Athlete, the Athlete’s National Anti-Doping Organisation and any other Anti-Doping Organisations with Testing authority over the Athlete.

14.4 Public Disclosure

14.4.1 The identity of any Athlete or other Person who is asserted by ICF to have committed an anti-doping rule violation may be Publicly Disclosed by ICF only after notice has been provided to the Athlete or other Person in accordance with Article 7.3, 7.4, 7.5, 7.6 or 7.7 and simultaneously to WADA and the National Anti-Doping Organisation of the Athlete or other Person in accordance with Article 14.5.
14.4.2 No later than twenty days after it has been determined in a final appellate decision under Article 13.2.1 or 13.2.2, or such appeal has been waived, or a hearing in accordance with Article 8 has been waived, or the assertion of an anti-doping rule violation has not been timely challenged, ICF must Publicly Report the disposition of the matter, including the sport, the anti-doping rule violated, the name of the Athlete or other Person committing the violation, the Prohibited Substance or Prohibited Method involved (if any), and the Consequences imposed. ICF must also Publicly Report within twenty days the results of final appeal decisions concerning anti-doping rule violations, including the information described above.

14.4.3 In any case where it is determined, after a hearing or appeal, that the Athlete or other Person did not commit an anti-doping rule violation, the decision may be Publicly Disclosed only with the consent of the Athlete or other Person who is the subject of the decision. ICF shall use reasonable efforts to obtain such consent. If consent is obtained, ICF shall Publicly Disclose the decision in its entirety or in such redacted form as the Athlete or other Person may approve.

14.4.4 Publication shall be accomplished at a minimum by placing the required information on the ICF’s website or publishing it through other means and leaving the information up for the longer of one month or the duration of any period of Ineligibility.

14.4.5 Neither ICF, nor its National Federations, nor any official of either body, shall publicly comment on the specific facts of any pending case (as opposed to general description of process and science) except in response to public comments attributed to the Athlete or other Person against whom an anti-doping rule violation is asserted, or their representatives.

14.4.6 The mandatory Public Reporting required in Article 14.3.2 shall not be required where the Athlete or other Person who has been found to have committed an anti-doping rule violation is a Minor. Any optional Public Reporting in a case involving a Minor shall be proportionate to the facts and circumstances of the case.
14.4.7 Except where expressly stated otherwise, a notice under these Anti-Doping Rules shall only be effective if it is in writing. Faxes and email are permitted.

14.4.8 Any notice given under these Anti-Doping Rules shall, in the absence of earlier receipt, be deemed to have been duly given as follows:
   a) if delivered personally, on delivery;
   b) if sent by first class post, two clear business days after the date of posting;
   c) if sent by airmail, six clear business days after the date of posting;
   d) if sent by facsimile, at the expiration of 48 hours after the time it was sent;
   e) if sent by email, at the time at which it was sent.

14.4.9 Notice to an Athlete or other Person who is a member of a National Federation may be accomplished by delivery of the notice to the National Federation.

Article 14.5

14.5.1 Notice of Anti-Doping Rule Violations to Athletes and other Persons

Notice to Athletes or other Persons of anti-doping rule violations asserted against them shall occur as provided under Articles 7 and 14 of these Anti-Doping Rules. Notice to an Athlete or other Person who is a member of a National Federation may be accomplished by delivery of the notice to the National Federation.

14.5.2 Notice of Anti-Doping Rule Violations to National Anti-Doping Organisations and WADA

Notice of the assertion of an anti-doping rule violation to National Anti-Doping Organisations and WADA shall occur as provided under Articles 7 and 14 of these Anti-Doping Rules, simultaneously with the notice to the Athlete or other Person.

14.5.3 Content of an Anti-Doping Rule Violation Notice

Notification of an anti-doping rule violation under Article 2.1 shall include: the Athlete’s name, country, sport and discipline within the sport, the Athlete’s competitive level, whether the test was In-Competition or Out-of-Competition, the date of Sample collection,
the analytical result reported by the laboratory, and other information as required by the International Standard for Testing and Investigations.

Notice of anti-doping rule violations other than under Article 2.1 shall include the rule violated and the basis of the asserted violation.

14.5.4 Status Reports

Except with respect to investigations which have not resulted in notice of an anti-doping rule violation pursuant to Article 14.1.1, National Anti-Doping Organisations and WADA shall be regularly updated on the status and findings of any review or proceedings conducted pursuant to Article 7, 8 or 13 and shall be provided with a prompt written reasoned explanation or decision explaining the resolution of the matter.

14.5.1 Confidentiality

The recipient organisations shall not disclose this information beyond those Persons with a need to know (which would include the appropriate personnel at the applicable National Olympic Committee, National Federation, and team in a Team Sport) until the ICF has made Public Disclosure or has failed to make Public Disclosure as required in Article 14.3.

14.6 Data Privacy

14.6.1 The ICF may collect, store, process or disclose personal information relating to Athletes and other Persons where necessary and appropriate to conduct their anti-doping activities under the Code, the International Standards (including specifically the International Standard for the Protection of Privacy and Personal Information) and these Anti-Doping Rules.

14.6.2 Any Participant who submits information including personal data to any Person in accordance with these Anti-Doping Rules shall be deemed to have agreed, pursuant to applicable data protection laws and otherwise, that such information may be collected, processed, disclosed and used by such Person for the purposes of the implementation of these Anti-Doping Rules, in accordance with the International Standard for
the Protection of Privacy and Personal Information and otherwise as required to implement these Anti-Doping Rules.

ARTICLE 15 APPLICATION AND RECOGNITION OF DECISIONS

15.1 Subject to the right to appeal provided in Article 13, the Testing, hearing results or other final adjudications of any Signatory to the Code which are consistent with the Code and are within the Signatory’s authority, shall be applicable worldwide and shall be recognised and respected by the ICF and its National Federations.

[Comment to Article 15.1: The extent of recognition of TUE decisions of other Anti-Doping Organisations shall be determined by Article 4.4 and the International Standard for Therapeutic Use Exemptions.]

15.2 ICF and its National Federations shall recognise the measures taken by other bodies which have not accepted the Code if the rules of those bodies are otherwise consistent with the Code.

15.3 Subject to the right to appeal provided in Article 13, any decision of ICF regarding a violation of these Anti-Doping Rules shall be recognised by all National Federations, which shall take all necessary action to render such decision effective.

ARTICLE 16 INCORPORATION OF ICF ANTI-DOPING RULES AND OBLIGATIONS OF NATIONAL FEDERATIONS

16.1 All National Federations and their members shall comply with these Anti-Doping Rules. All National Federations and other members shall include in their regulations the provisions necessary to ensure that ICF may enforce these Anti-Doping Rules directly as against
Athletes under their anti-doping jurisdiction (including National-Level Athletes). These Anti-Doping Rules shall also be incorporated either directly or by reference into each National Federation’s rules so that the National Federation may enforce them itself directly as against Athletes under its anti-doping jurisdiction (including National-Level Athletes).

16.2 All National Federations shall establish rules requiring all Athletes and each Athlete Support Personnel who participates as coach, trainer, manager, team staff, official, medical or paramedical personnel in a Competition or activity authorised or organised by a National Federation or one of its member organisations to agree to be bound by these Anti-Doping Rules and to submit to the results management authority of the Anti-Doping Organisation responsible under the Code as a condition of such participation.

16.3 All National Federations shall report any information suggesting or relating to an anti-doping rule violation to ICF and to their National Anti-Doping Organisations, and shall cooperate with investigations conducted by any Anti-Doping Organisation with authority to conduct the investigation.

16.4 All National Federations shall have disciplinary rules in place to prevent Athlete Support Personnel who are Using Prohibited Substances or Prohibited Methods without valid justification from providing support to Athletes under the jurisdiction of ICF or the National Federation.

16.5 All National Federations shall be required to conduct anti-doping education in coordination with their National Anti-Doping Organisations

ARTICLE 17  STATUTE OF LIMITATIONS

No anti-doping rule violation proceeding may be commenced against an Athlete or other Person unless he or she has been notified of the anti-doping rule violation as provided in Article 7, or notification has been reasonably attempted, within ten years from the date the violation is asserted to have occurred.
ARTICLE 18 The ICF COMPLIANCE REPORT TO WADA

The ICF will report to WADA on the ICF’s compliance with the Code every second year and shall explain reasons for any noncompliance.

ARTICLE 19 EDUCATION

ICF shall plan, implement, evaluate and monitor information, education and prevention programmes for doping-free sport on at least the issues listed at Article 18.2 of the Code, and shall support active participation by Athletes and Athlete Support Personnel in such programmes.

19.1 ICF may decide to request Athletes to perform educational activities before and/or during their participation at select Events (ex: Youth World Championships). The list of Events for which Athletes will be required to perform educational activities as a condition of participation will be published on the ICF website. The Athletes who have not performed the educational activities will be asked to provide valid justifications to have failed to participate in the educational activity. ICF Anti-Doping Administrator or its delegate should evaluate those justifications on a case by case basis and may decide to request to impose disciplinary sanctions if deemed appropriate.

ARTICLE 20 AMENDMENT AND INTERPRETATION OF ANTI-DOPING RULES

20.1 These Anti-Doping Rules may be amended from time to time by the ICF Executive Committee.

20.2 These Anti-Doping Rules shall be interpreted as an independent and autonomous text and not by reference to existing law or statutes.

20.3 The headings used for the various Parts and Articles of these Anti-Doping Rules are for convenience
only and shall not be deemed part of the substance of these Anti-Doping Rules or to affect in any way the language of the provisions to which they refer.

20.4 The Code and the International Standards shall be considered integral parts of these Anti-Doping Rules and shall prevail in case of conflict.

20.5 These Anti-Doping Rules have been adopted pursuant to the applicable provisions of the Code and shall be interpreted in a manner that is consistent with applicable provisions of the Code. The Introduction shall be considered an integral part of these Anti-Doping Rules.

20.6 The comments annotating various provisions of the Code and these Anti-Doping Rules shall be used to interpret these Anti-Doping Rules.

20.7 These Anti-Doping Rules have come into full force and effect on 1 January 2015 (the “Effective Date”). They shall not apply retroactively to matters pending before the Effective Date; provided, however, that:

20.7.1 Anti-doping rule violations taking place prior to the Effective Date count as “first violations” or “second violations” for purposes of determining sanctions under Article 10 for violations taking place after the Effective Date.

20.7.2 The retrospective periods in which prior violations can be considered for purposes of multiple violations under Article 10.7.5 and the statute of limitations set forth in Article 17 are procedural rules and should be applied retroactively; provided, however, that Article 17 shall only be applied retroactively if the statute of limitations period has not already expired by the Effective Date. Otherwise, with respect to any anti-doping rule violation case which is pending as of the Effective Date and any anti-doping rule violation case brought after the Effective Date based on an anti-doping rule violation which occurred prior to the Effective Date, the case shall be governed by the substantive anti-doping rules in effect at the time the alleged anti-doping rule violation occurred unless the panel hearing the case determines the principle of “lex
mitior” appropriately applies under the circumstances of the case.

20.7.3 Any Article 2.4 whereabouts violation (whether a filing failure or a missed test) declared by the ICF under rules in force prior to the Effective Date that has not expired prior to the Effective Date and that would qualify as a whereabouts failure (whether a Filing Failure or a Missed Test, as those terms are defined in the International Standard for Testing and Investigations) prior to the Effective Date shall be carried forward and may be relied upon, prior to expiry, in accordance with the International Standard for Testing and Investigation, but it shall be deemed to have expired 12 months after it occurred.

20.7.4 Where a period of Ineligibility imposed by the ICF under rules in force prior to the Effective Date has not yet expired as of the Effective Date, the Person who is Ineligible may apply to the ICF for a reduction in the period of Ineligibility in light of the amendments made to the Code as from the Effective Date. To be valid, such application must be made before the period of Ineligibility has expired.

20.7.5 For purposes of assessing the period of Ineligibility for a second violation under Article 10.7.1, where the sanction for the first violation was determined based on rules in force prior to the Effective Date, the period of Ineligibility which would have been assessed for that first violation had these Anti-Doping Rules been applicable, shall be applied.

ARTICLE 21 INTERPRETATION OF THE CODE

21.1 The official text of the Code shall be maintained by WADA and shall be published in English and French. In the event of any conflict between the English and French versions, the English version shall prevail.

21.2 The comments annotating various provisions of the Code shall be used to interpret the Code.

21.3 The Code shall be interpreted as an independent and autonomous text and not by reference to the
existing law or statutes of the Signatories or governments.

21.4 The headings used for the various Parts and Articles of the Code are for convenience only and shall not be deemed part of the substance of the Code or to affect in any way the language of the provisions to which they refer.

21.5 The Code shall not apply retroactively to matters pending before the date the Code is accepted by a Signatory and implemented in its rules. However, pre-Code anti-doping rule violations would continue to count as "first violations" or "second violations" for purposes of determining sanctions under Article 10 for subsequent post-Code violations.

21.6 The Purpose, Scope and Organisation of the World Anti-Doping Programme and the Code and Appendix 1, Definitions, and Appendix 2, Examples of the Application of Article 10, shall be considered integral parts of the Code.

ARTICLE 22 ADDITIONAL ROLES AND RESPONSIBILITIES OF ATHLETES AND OTHER PERSONS

22.1 Roles and Responsibilities of Athletes

22.1.1 To be knowledgeable of and comply with these Anti-Doping Rules.

22.1.2 To be available for Sample collection at all times.

[Comment to Article 22.1.2: With due regard to an Athlete’s human rights and privacy, legitimate anti-doping considerations sometimes require Sample collection late at night or early in the morning. For example, it is known that some Athletes use low doses of EPO during these hours so that it will be undetectable in the morning.]

22.1.3 To take responsibility, in the context of anti-doping, for what they ingest and Use.
22.1.4 To inform medical personnel of their obligation not to Use Prohibited Substances and Prohibited Methods and to take responsibility to make sure that any medical treatment received does not violate these Anti-Doping Rules.

22.1.5 To disclose to their National Anti-Doping Organisation and to ICF any decision by a non-Signatory finding that the Athlete committed an anti-doping rule violation within the previous ten years.

22.1.6 To cooperate with Anti-Doping Organisations investigating anti-doping rule violations.

22.1.7 Failure by any Athlete to cooperate in full with Anti-Doping Organisations investigating anti-doping rule violations may result in a charge of misconduct under ICF’s disciplinary rules/code of conduct.

22.2 Roles and Responsibilities of Athlete Support Personnel

22.2.1 To be knowledgeable of and comply with these Anti-Doping Rules.

22.2.2 To cooperate with the Athlete Testing programme.

22.2.3 To use his or her influence on Athlete values and behavior to foster anti-doping attitudes.

22.2.4 To disclose to his or her National Anti-Doping Organisation and to ICF any decision by a non-Signatory finding that he or she committed an anti-doping rule violation within the previous ten years.

22.2.5 To cooperate with Anti-Doping Organisations investigating anti-doping rule violations.
APPENDIX 1 - DEFINITIONS

ADAMS: The Anti-Doping Administration and Management System is a Web-based database management tool for data entry, storage, sharing, and reporting designed to assist stakeholders and WADA in their anti-doping operations in conjunction with data protection legislation.

Administration: Providing, supplying, supervising, facilitating, or otherwise participating in the Use or Attempted Use by another Person of a Prohibited Substance or Prohibited Method. However, this definition shall not include the actions of bona fide medical personnel involving a Prohibited Substance or Prohibited Method used for genuine and legal therapeutic purposes or other acceptable justification and shall not include actions involving Prohibited Substances which are not prohibited in Out-of-Competition Testing unless the circumstances as a whole demonstrate that such Prohibited Substances are not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

Adverse Analytical Finding: A report from a WADA-accredited laboratory or other WADA-approved laboratory that, consistent with the International Standard for Laboratories and related Technical Documents that identifies in a Sample the presence of a Prohibited Substance or its Metabolites or Markers (including elevated quantities of endogenous substances) or evidence of the Use of a Prohibited Method.

Adverse Passport Finding: A report identified as an Adverse Passport Finding as described in the applicable International Standards.

Anti-Doping Organisation: A Signatory that is responsible for adopting rules for initiating, implementing or enforcing any part of the Doping Control process. This includes, for example, the International Olympic Committee, the International Paralympic Committee, other Major Event Organisations that conduct Testing at their Events,
WADA, International Federations, and National Anti-Doping Organisations.

**Athlete:** Any Person who competes in sport at international level (as defined by each International Federation) or the national level (as defined by each National Anti-Doping Organisation, An Anti-Doping Organisation has discretion to apply anti doping rules to an Athlete who is neither an International-Level Athlete nor a National-Level Athlete, and thus to bring them within the definition of “Athlete.” In relation to Athletes who are neither International-Level nor National-Level Athletes, an Anti-Doping Organisation may elect to: conduct limited Testing or no Testing at all; analyse Samples for less than the full menu of Prohibited Substances; require limited or no whereabouts information; or not require advance TUEs. However, if an Article 2.1, 2.3 or 2.5 anti-doping rule violation is committed by any Athlete over whom an Anti-Doping Organisation has authority who competes below the international or national level, then the Consequences set forth in the Code (except Article 14.3.2) must be applied For purposes of Article 2.8 and Article 2.9 and for purposes of anti-doping information and education, any Person who participates in sport under the authority of any Signatory, government, or other sports organisation accepting the Code is an Athlete.

For purpose of communication on Anti-doping issues involving an Athlete, the ICF will contact the National Federation responsible for that Athlete. Thereafter communication can be directly with the Athlete or through their National Federation.

[Comment: Competitors at all levels of competition should receive the benefit of anti-doping information and education.]

**Athlete Biological Passport:** The programme and methods of gathering and collating data as described in the International Standard for Testing and Investigations and International Standard for Laboratories.

**Athlete Support Personnel:** Any coach, trainer, manager, agent, team staff, official, medical, paramedical personnel, parent or any other Person
working with, treating or assisting an Athlete participating in or preparing for sports Competition.

Attempt: Purposely engaging in conduct that constitutes a substantial step in a course of conduct planned to culminate in the commission of an anti-doping rule violation. Provided, however, there shall be no anti-doping rule violation based solely on an Attempt to commit a violation if the Person renounces the Attempt prior to it being discovered by a third party not involved in the Attempt.

Atypical Finding: A report from a WADA-accredited laboratory or other WADA-approved laboratory which requires further investigation as provided by the International Standard for Laboratories or related Technical Documents prior to the determination of an Adverse Analytical Finding.

Atypical Passport Finding: A report described as an Atypical Passport Finding as described in the applicable International Standards.

CAS: The Court of Arbitration for Sport.

Competition: A single race, match, game or singular sport contest. For example, a basketball game or the finals of the Olympic 100-meter dash in athletics. For stage races and other sport contests where prizes are awarded on a daily or other interim basis the distinction between a Competition and an Event will be as provided in the rules of the applicable International Federation.

Consequences of Anti-Doping Rule Violations (“Consequences”): An Athlete’s or other Person’s violation of an anti-doping rule may result in one or more of the following: (a) Disqualification means the Athlete’s results in a particular Competition or Event are invalidated, with all resulting Consequences including forfeiture of any medals, points and prizes; (b) Ineligibility means the Athlete or other Person is barred on account of an anti-doping rule violation for a specified period of time from participating in any Competition or other activity or funding as provided in Article 10.12.1; and
(c) **Provisional Suspension** means the Athlete or other Person is barred temporarily from participating in any Competition or activity prior to the final decision at a hearing conducted under Article 8; (d) **Financial Consequences** means a financial sanction imposed for an anti-doping rule violation or to recover costs associated with an anti-doping rule violation; and (e) **Public Disclosure or Public Reporting** means the dissemination or distribution of information to the general public or Persons beyond those Persons entitled to earlier notification in accordance with Article 14. Teams in *Team Sports* may also be subject to Consequences as provided in Article 11 of the *Code*.

**Contaminated Product:** A product that contains a *Prohibited Substance* that is not disclosed on the product label or in information available in a reasonable Internet search.

**Crew Boat:** A sport where more than one canoeist is in the same boat during a *Competition*.

**Disqualification:** See *Consequences of Anti-Doping Rule Violations*, above.

**Doping Control:** All steps and processes from test distribution planning through to ultimate disposition of any appeal including all steps and processes in between such as provision of whereabouts information, *Sample* collection and handling, laboratory analysis, TUEs, results management and hearings.

**Event:** A series of individual *Competitions* conducted together under one ruling body (e.g., the Olympic Games, ICF World Championships, or Pan American Games).

**Event Period:** The time between the beginning and end of an Event, as established by the ruling body of the Event.

**Event Venues:** Those venues so designated by the ruling body for the Event.

**Fault:** *Fault* is any breach of duty or any lack of care appropriate to a particular situation. Factors to be taken into consideration in assessing an Athlete or other Person’s degree of *Fault* include, for example, the
Athlete’s or other Person’s experience, whether the Athlete or other Person is a Minor, special considerations such as impairment, the degree of risk that should have been perceived by the Athlete and the level of care and investigation exercised by the Athlete in relation to what should have been the perceived level of risk. In assessing the Athlete’s or other Person’s degree of Fault, the circumstances considered must be specific and relevant to explain the Athlete’s or other Person’s departure from the expected standard of behaviour. Thus, for example, the fact that an Athlete would lose the opportunity to earn large sums of money during a period of Ineligibility, or the fact that the Athlete only has a short time left in his or her career, or the timing of the sporting calendar, would not be relevant factors to be considered in reducing the period of Ineligibility under Article 10.5.1 or 10.5.2.

[Comment: The criteria for assessing an Athlete’s degree of Fault is the same under all Articles where Fault is to be considered. However, under Article 10.5.2, no reduction of sanction is appropriate unless, when the degree of Fault is assessed, the conclusion is that No Significant Fault or Negligence on the part of the Athlete or other Person was involved.]

Financial Consequences: see Consequences of Anti-Doping Rule Violations, above.

ICF Event: An Event where the ICF is the ruling body for the Event and/or appoints the technical officials for the Event.

In-Competition: “In-Competition” means the period commencing twelve hours before a Competition in which the Athlete is scheduled to participate through the end of such Competition and the Sample collection process related to such Competition.

Independent Observer Programme: A team of observers, under the supervision of WADA, who observe and may provide guidance on the Doping Control process at certain Events and report on their observations.

Individual Sport. Any sport that is not a Team Sport.

Ineligibility: See Consequences of Anti-Doping Rule Violations above.
**International Event:** An Event or Competition where the International Olympic Committee, the International Paralympic Committee, an International Federation, a Major Event Organisation, or another international sport organisation is the ruling body for the Event or appoints the technical officials for the Event.

**International-Level Athlete:** Athletes in the ICF Registered Testing Pool (RTP) and those Athletes competing in International Events as defined in the Scope section of these Anti-Doping Rules.

**International Standard:** A standard adopted by WADA in support of the Code. Compliance with an International Standard (as opposed to another alternative standard, practice or procedure) shall be sufficient to conclude that the procedures addressed by the International Standard were performed properly. International Standards shall include any Technical Documents issued pursuant to the International Standard.

**Major Event Organisations:** The continental associations of National Olympic Committees and other international multi-sport organisations that function as the ruling body for any continental, regional or other International Event.

**Marker:** A compound, group of compounds or biological parameter(s) that indicates the Use of a Prohibited Substance or Prohibited Method.

**Metabolite:** Any substance produced by a biotransformation process.

**Minor:** A natural Person who has not reached the age eighteen years.

**National Anti-Doping Organisation:** The entity(ies) designated by each country as possessing the primary authority and responsibility to adopt and implement anti-doping rules, direct the collection of Samples, the management of test results, and the conduct of hearings, at the national level.. If this designation has not been made by the competent public authority(ies), the entity shall be the country's National Olympic Committee or its designee.
**National Event**: A sport Event or Competition involving International- or National-Level Athletes that is not an International Event.

**National Federation**: A national or regional entity which is a member (including provisional members) of or is recognised by the ICF as the entity governing the ICF's sport in that nation or region.

**National-Level Athlete**: Athletes who compete in sport at the national level, as defined by each National Anti-Doping Organisation, consistent with the International Standard for Testing and Investigations.

**National Olympic Committee**: The organisation recognised by the International Olympic Committee. The term National Olympic Committee shall also include the National Sport Confederation in those countries where the National Sport Confederation assumes typical National Olympic Committee responsibilities in the anti-doping area.

**No Fault or Negligence**: The Athlete or other Person's establishing that he or she did not know or suspect, and could not reasonably have known or suspected even with the exercise of utmost caution, that he or she had Used or been administered the Prohibited Substance or Prohibited Method or otherwise violated an anti-doping rule. Except in the case of a Minor, for any violation of Article 2.1, the Athlete must also establish how the Prohibited Substance entered his or her system.

**No Significant Fault or Negligence**: The Athlete or other Person's establishing that his or her Fault or negligence, when viewed in the totality of the circumstances and taking into account the criteria for No Fault or Negligence, was not significant in relationship to the anti-doping rule violation Except in the case of a Minor, for any violation of Article 2.1, the Athlete must also establish how the Prohibited Substance entered his or her system.

[Comment: For Cannabinoids, an Athlete may establish No Significant Fault or Negligence by clearly demonstrating that the context of the Use was unrelated to sport performance.]

**Out-of-Competition**: Any period which is not In-Competition.
Participant: Any Athlete or Athlete Support Person. A natural Person or an organisation or other entity.

Possession: The actual, physical Possession, or the constructive Possession (which shall be found only if the Person has exclusive control or intends to exercise control over the Prohibited Substance/Method or the premises in which a Prohibited Substance/Method exists); provided, however, that if the Person does not have exclusive control over the Prohibited Substance/Method or the premises in which a Prohibited Substance/Method exists, constructive Possession shall only be found if the Person knew about the presence of the Prohibited Substance/Method and intended to exercise control over it. Provided, however, there shall be no anti-doping rule violation based solely on Possession if, prior to receiving notification of any kind that the Person has committed an anti-doping rule violation, the Person has taken concrete action demonstrating that the Person never intended to have possession and has renounced possession by explicitly declaring it to an Anti-Doping Organisation. Notwithstanding anything to the contrary in this definition, the purchase (including by any electronic or other means) of a Prohibited Substance or Prohibited Method constitutes Possession by the Person who makes the purchase.

[Comment: Under this definition, steroids found in an Athlete’s car would constitute a violation unless the Athlete establishes that someone else used the car; in that event, the Anti-Doping Organisation must establish that, even though the Athlete did not have exclusive control over the car, the Athlete knew about the steroids and intended to have control over the steroids. Similarly, in the example of steroids found in a home medicine cabinet under the joint control of an Athlete and spouse, the Anti-Doping Organisation must establish that the Athlete knew the steroids were in the cabinet and that the Athlete intended to exercise control over the steroids. The act of purchasing a Prohibited Substance alone constitutes Possession, even where, for example, the product does not arrive, is received by someone else, or is sent to a third party address]
Prohibited List: The List identifying the Prohibited Substances and Prohibited Methods.

Prohibited Method: Any method so described on the Prohibited List.

Prohibited Substance: Any substance or class of substances so described on the Prohibited List.

Provisional Hearing: For purposes of Article 7.6, an expedited abbreviated hearing occurring prior to a hearing under Article 8 (Right to a Fair Hearing) that provides the Athlete with notice and an opportunity to be heard in either written or oral form.

[Comment: A Provisional Hearing is only a preliminary proceeding which may not involve a full review of the facts of the case. Following a Provisional Hearing, the Athlete remains entitled to a subsequent full hearing on the merits of the case. By contrast, an “expedited hearing,” as that term is used in Article 7.9, is a full hearing on the merits conducted on an expedited time schedule.]

Provisional Suspension: See Consequences of Anti-Doping Rule Violations above.

Publicly Disclose or Publicly Report: See Consequences of Anti-Doping Rule Violations above.

Regional Anti-Doping Organisation: A regional entity designated by member countries to coordinate and manage delegated areas of their national anti-doping programmes, which may include the adoption and implementation of anti-doping rules, the planning and collection of Samples, the management of results, the review of TUEs, the conduct of hearings, and the conduct of educational programmes at a regional level.

Registered Testing Pool: The pool of highest-priority Athletes established separately at the international level by each International Federation and at the national level by National Anti-Doping Organisations who are subject to focused In-Competition and Out-of-Competition Testing as part of that International Federation’s or National Anti-Doping Organisation’s test distribution plan and therefore are required to provide whereabouts information as provided in Article

Relay Team: A sport where Teams of canoeists each run a course and the result is based on the team's total time.

Retroactive TUE. As defined in the International Standard for Therapeutic Use Exemptions.

Sample: Any biological material collected for the purposes of Doping Control.

[Comment: It has sometimes been claimed that the collection of blood samples violates the tenets of certain religious or cultural groups. It has been determined that there is no basis for any such claim.]

Signatories: Those entities signing the Code and agreeing to comply with the Code as provided in Article 23 of the Code.

Specified Substances: As defined in Article 4.2.2.

Strict Liability: The rule which provides that under Article 2.1 and Article 2.2, it is not necessary that intent, Fault, negligence, or knowing Use on the Athlete’s part be demonstrated by the Anti-Doping Organisation in order to establish an anti-doping rule violation.

Substantial Assistance: For purposes of Article 10.6.1, a Person providing Substantial Assistance must: (1) fully disclose in a signed written statement all information he or she possesses in relation to anti-doping rule violations, and (2) fully cooperate with the investigation and adjudication of any case related to that information, including, for example, presenting testimony at a hearing if requested to do so by an Anti-Doping Organisation or hearing panel. Further, the information provided must be credible and must comprise an important part of any case which is initiated or, if no case is initiated, must have provided a sufficient basis on which a case could have been brought.

Tampering: Altering for an improper purpose or in an improper way; bringing improper influence to bear; interfering improperly; obstructing, misleading or
engaging in any fraudulent conduct to alter results or prevent normal procedures from occurring.

**Target Testing:** Selection of specific **Athletes** for **Testing** based on criteria set forth in the International Standard for Testing and Investigations.

**Testing:** The parts of the **Doping Control** process involving test distribution planning, **Sample** collection, **Sample** handling, and **Sample** transport to the laboratory.

**Team Sport:** A sport in which the substitution of players is permitted during a **Competition**.

**Trafficking:** Selling, giving, transporting, sending, delivering or distributing (or **Possessing** for any such purpose) a **Prohibited Substance** or **Prohibited Method** (either physically or by any electronic or other means) by an **Athlete**, **Athlete Support Person** or any other **Person** subject to the jurisdiction of an **Anti-Doping Organisation** to any third party; provided, however, this definition shall not include the actions of bona fide medical personnel involving a **Prohibited Substance** used for genuine and legal therapeutic purposes or other acceptable justification, and shall not include actions involving **Prohibited Substances** which are not prohibited in **Out-of-Competition Testing** unless the circumstances as a whole demonstrate such **Prohibited Substances** are not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

**TUE:** Therapeutic Use Exemption, as described in Article

**UNESCO Convention:** The International Convention against Doping in Sport adopted by the 33rd session of the UNESCO General Conference on 19 October 2005 including any and all amendments adopted by the States Parties to the Convention and the Conference of Parties to the International Convention against Doping in Sport.

**Use:** The utilisation, application, ingestion, injection or consumption by any means whatsoever of any **Prohibited Substance** or **Prohibited Method**.

**WADA:** The World Anti-Doping Agency.
APPENDIX 2  CONSENT FORM

I, as a member of [National Federation] and/or a participant in a [National Federation or ICF] authorised or recognised event, hereby acknowledge and agree as follows:

1. I have received and had an opportunity to review the ICF Anti-Doping Rules.

2. I consent and agree to comply with and be bound by all of the provisions of the ICF Anti-Doping Rules, including but not limited to, all amendments to the Anti-Doping Rules and all International Standards incorporated in the Anti-Doping Rules.

3. I acknowledge and agree that [National Federations and ICF] have jurisdiction to impose sanctions as provided in the ICF Anti-Doping Rules.

4. I also acknowledge and agree that any dispute arising out of a decision made pursuant to the ICF Anti-Doping Rules, after exhaustion of the process expressly provided for in the ICF Anti-Doping Rules, may be appealed exclusively as provided in Article 13 of the ICF Anti-Doping Rules to an appellate body for final and binding arbitration, which in the case of International-Level Athletes is the Court of Arbitration for Sport.

5. I acknowledge and agree that the decisions of the arbitral appellate body referenced above shall be final and enforceable, and that I will not bring any claim, arbitration, lawsuit or litigation in any other court or tribunal.

6. I have read and understand this Acknowledgement and Agreement.
