

TEAMS' GUIDE – CANOE POLO

Dear Teams,

Thank you for accepting our invitation to the first ever multi-discipline ICF Super Cup where 4 disciplines will contest over 3 action-packed days not just for medals and glory but prize money as well.

After many months of knowing this event was going to happen a lot is happening at great speed now and we look forward to great events across three days of competition with Canoe Polo on the second and third days.

This is the first time the we have tried to sync schedules for 4 disciplines, so it is only right that we all need to be very cooperative and to be respectful to all that is happening. It will be intense but we are sure a fond memory for many years ahead.

The Hangzhou HOC in conjunction with the CCA and ICF have worked hard to make this happen and in addition to reading this “Canoe Polo only” bulletin, please also read the main bulletin that contains a lot of information.

Thank you, we wish you a memorable stay in Hangzhou and much success at the Super Cup!

8, Referees and Table Officials

As per the list above approximately half of the officials from Deqing plus two Chinese Referees will referee, carry out table duties and conduct scrutineering in order to make this showcase event successful.

9, Scrutineering

There will not be formal scrutineering before the competition starts but please try and have your equipment on good order. It's an opportunity for Canoe Polo to show the top athletes from other disciplines how good Canoe Polo really is!

Scrutineering for the world championships for all the Super Cup teams will take place at the Super Cup venue on the Sunday. **Team Leaders** – the referees will try and do this to suit so please liaise with them and do not leave it to the last minute.

No scrutineering will be done for any Super Cup team on Monday after the Super Cup, except for sponsorship stickers!

10, Entry and exit to the water, pitches and warm-up area

Please see the appendix map to this bulletin. These rules must be followed:

- The launching pier is furthest away from the finishing tower
- The landing pier (exit) is separate and nearer to the finishing tower after games.
- All Canoe Polo athletes must stay within the line of the pitches and no go out into the regatta course under any circumstance. This may well impact on the other disciplines.
- Access to the warm up goals must be by staying close to the land and going between the pontoon and land as per appendix map.
- Exit after a game is via the water side of the paying area (absolutely not the other side of the pontoon). That one will be used for the portage during marathon races.
- **There will be no warm up on the pitch and referees will really press to keep to the time schedule as any slippage will affect other disciplines/live-stream/television coverage.**
- **All teams should be ready to immediately enter the pitch on conclusion of previous game and start exactly at the specified time – referees please remember a watch.**

11, Competition Balls

Wisely as per previous continental and world championships.

12, Live streaming

The Super Cup will be live-streamed internationally and can be seen via the ICF YouTube channel.

13, Playing system and schedules

So as not to be a mini-worlds and with the uniqueness of the Super Cup a knockout system with significant jeopardy has been devised for both tension and media interest.

In written words the draw system is as follows:

Day 1

- **Draw 1 - Circa 7am on arrival at the venue.**
 - All 12 teams will be randomly drawn in the 12 positions:
 - All winners to quarterfinals after first round.
- **Draw 2 – 11:30am.**
 - Losers from first round getting a second round for chance for quarterfinals.
 - 2 of the three winners will go to the quarter final. It will be calculated for both the 2 first games (one lost and one win). The 2 with best goal difference will go to quarterfinals. If the goal difference is the same then it is number of scored goals.
- **Draw 3 – 13:30pm.**
 - All the teams will be drawn.
- **Draw 4 – 17:00pm – the last draw – right after the last match of the day.**
 - The 4 teams that lost the quarter finals will play 5-8 placement games.
 - The 4 winners will play semifinals then into bronze and gold games.

Each draw will be a quick process in the media area inside the building and conducted by Joao Botelho with Greg Smale as observer. **For the very first draw on arrival all Team Leaders immediately to the draw please.**

Any questions regarding the playing system please contact Joao Botelho.
