

ATHLETES' GUIDE – CANOE SPRINT

Dear Athlete,

Thank you for accepting our invitation to the first ever multi-discipline ICF Super Cup where 4 disciplines will contest over 3 action-packed days not just for medals and glory but prize money as well.

It is very important to begin by saying that the circumstances are very different at this Super Cup to what you are used to at any other ICF event. There are no team leaders or coaches accompanying and assisting you, it is YOUR RESPONSIBILITY to wake up in time, warm-up in time, know the hours of training and the meal service, catch the shuttle bus, fix your boat, know the competition schedule, reach the start of your race, dress properly etc.

This is the first time for us as well to run such a multi-discipline event and we try to gather all the necessary information on the following pages for you. This guide is accompanied by a general information bulletin which is supposed to assist your arrival/departure/stay in Hangzhou during the Super Cup, while this one is Canoe Sprint-specific. Please respect us by reading both of them, so you don't have to ask questions that are already answered in writing. The trip to Hangzhou is long, so you should easily find the time to read them. Once you know where to look for information, we count on your self-reliance.

Thank you, we wish you a memorable stay in Hangzhou and much success at the Super Cup!

Rules, progression

The Super Cup is an ICF competition, our [canoe sprint rules](#) prevail except for progression. The competition format is compact, there are only heats and finals, which create quite cruel progression due to the high number of boats.

In single races, B finals will be held and the progression is the following:

1st-2nd to Final A, 3rd-4th to Final B, rest out

(To make it interesting in the B finals, we have amended the prize money table.)

In double boats, B finals will not be held and the progression is the following in men's and women's C2 and K2:

1st-4th to Final, rest out

In mixed C2 and K2 the progression is the following:

1st-2nd to Final, rest out

Draw, start list

The draw for the heats is going to be an actual draw in the presence of all athletes at the pre-competition Athletes' Meeting. The draw will be conducted in an order defined by date of birth (youngest to older).

As indicated originally in the invitation, each athlete must start in single and the double boat races too. Finalizing the double-boat entries (including mixed boats) will also happen at the Athletes' Meeting. Participating athletes (see list at the end of this guide) are encouraged to find their paddling partners prior to the meeting.

Athletes' Meeting

Time: **19:00, 11 October** (Friday), 2024

Location: Fuyang International Trade Center Hotel (where you'll be staying)

For this reason, do not look for the start list earlier, everyone will find out during this meeting when their actual start times are. The timetable is part of this guide, which tells you that both days start early (08:05 is the first start).

Communication

A whatsapp group is created for sharing information with you and it can also be used for finding paddling partners. You can use this QR code to sign up:

Upon finding a paddling partner, please don't keep it a secret and share it with us, so we can cut the already quite long Athletes' Meeting shorter.

Once arriving in China, you'll find that whatsapp is not supported, so it's important to install WeChat on your phone, which is the local equivalent of whatsapp.

Boats

Athletes will generally use the boats of local boat manufacturer, Peishang. There are a few of you who have been approached by Nelo directly, who provides boats directly but the majority will use these boats. Based on the indicated sizes we aim to distribute the boats upon your arrival so you can already make the necessary adjustments and train in your boat.

These are photos of the provided K1/K2 and C1/C2 models:

Dragon boat

On Saturday at 11:57 there will a dragon boat demonstration race in 10-person mixed boats over the distance of 200 meters with the compulsory participation of sprint athletes. The division of athletes into the dragon boats will also be decided at the Athletes' Meeting.

Weather

The forecasted weather in Hangzhou is very pleasant. Daytime temperatures in October normally reach 23-25 degrees and rarely go under 15 for the evenings. Light wind and some scattered showers are always a possibility but most days are dry.

Clothing

You are expected to race in your team uniforms. When racing in a double boat with an athlete of different nationality, the uniformity rule is overridden by this expectation. The same goes for the medal presentations where own nationality uniforms are expected.

Medal Ceremonies

We are running an extremely tight schedule with four disciplines competing almost simultaneously. The medal ceremonies are similarly tight-packed so please never be late! We have 4 minutes to run each ceremony, not more. Anthems are not played and flags are not hoisted.
