RW: Referee Written Exams

RA: Referee Assessments

For Referees

In conjunction with the assessments the ICF is restructuring the role of Level A Referees and Assessors. There will now be a panel of Assessors working together to maintain a consistent approach to practical assessment that will be linked and report via an Ipad based assessment tool. At least one of these assessors will be present at each of the above events.

For each referee will be possible up to one assessment in the same tournament.

To ensure better organization all applications must be requested by the National Federations to the following email addresses:

Andrea Donzelli - andrea.donzelli@gmail.com

Duncan Cochrane - ICFPoloRef@canoeicf.com

The Canoe Polo Committee, through their referents, will assess also the qualified ICF referees to verify their preparation; the results of the assessment will affect their level.

Best regards.

Andrea Donzelli
