The list is endless, Mr Csaba Szanto, András Szabo, Michel, paracanoe support reps, Hungarian Canoe federation and ICF in general.

We are very happy and promise an unending effort towards kaizen and continuous improvement in future despite existing challenges.

Re: Development of Canoeing and Kayaking in Dominica

Dear Mr. Andras:

Pleasant good afternoon to you. The Dominica Canoeing and Kayaking Association was very pleased with the development of Mr. Bram Sanderson in this very short stint with your Federation. The net gains resulted in many young men and children starting kayaking as one of their new sports. In the light of this new development we are therefore requesting that if you are hosting any training sessions that may be funded by ICF we would be more than happy to send our athletes.

Last Mr. Sanderson spoke very highly of your hospitality and for that we were extremely grateful.

Regards

TRINIDAD & TOBAGO:
