

ICF Anti- Doping Education Program

ICF requires all Athletes participating in the Junior & U23 World Championships to complete the *WADA Athlete learning Program about Health & Anti-Doping*.

This online anti-doping education is compulsory for all Athletes participating at the ICF Junior & U23 Canoe Slalom World Championships even if they have completed the “Pure Performance” or a National program in the past. ☐☐

This program is designed to give information about the dangers of doping and the importance of anti-doping controls.

There are 10 sessions that vary in length but are specifically aimed at elite Athletes

As soon as the athlete completes the sessions he/she will receive a certificate by email. Please collect these certificates and forward them to Sue Natoli suenatoli@gmail.com OR bring them to the competition to have the Athletes name checked off.

The direct link to the Program is:

<https://www.canoeicf.com/anti-doping-education>

Here the Athlete will be asked to create a user name and account. It is very important that they use their name **in English as the user name** so that when WADA report to the ICF it is clear who has completed the program eg if they use a name like JD, slalom hot dog etc we cannot tell who this is.

Thanks for your assistance with this.
