WORDS OF WELCOME

Dear canoeing friends,

we have found ourselves in difficult times. Despite the fact that majority of this year's competitions has been cancelled, we are delighted to welcome you all in Ljubljana - Tacen at the 2020 ICF Canoe Slalom World Cup race.

Andrej Ribič

*President of the
Canoe Federation of Slovenia
President of the
Organising Committee*

The competition will be held under special conditions and safety protocols will be in place to protect the health of all participants in the best possible way. This means that the competition will be held behind closed doors with only limited number of invited spectators allowed at the stands.

Tacen is a venue with a rich history. A history of wildwater sport spanning over 80 years has made canoeing one of the most popular sports in Slovenia. This inspires us to invest new energy to this legendary canoe slalom course. We wish to renovate it to become the modern course which can meet the challenge of hosting the world's biggest canoeing events also in the future.

Canoe Federation of Slovenia and the Organising Committee – SLOKA 2020 are delighted to welcome all national teams and competitors to the competition and we hope that the 2020 ICF Canoe Slalom World Cup race held on the slalom course in Ljubljana - Tacen will see excellent competition and memorable sporting moments for your team.

COMPETITION

Competition Rules

The 2020 ICF Canoe Slalom World Cup will be run in accordance with the ICF Canoe Slalom competition rules.

Athlete's Village

Athlete's village will include private tent for each participating team. Toilets will be available in the village.

Extreme slalom boat provision

The organising committee will provide 20 extreme canoe slalom boats along with spraydecks for the training and race period. More information on the boat rental will be available in the info office at the venue.

Internet Access

High Speed Wireless internet access will be available at the venue – the competition area, all office spaces, including ICF offices, Jury, Accreditation office and Media Centre.

Access pass and parking

Free access pass and car parking near the athlete's village will be guaranteed for up to two accredited vehicles.

Official video service

Technical video signal will be provided during the competition days and all demonstrations runs. Only a download solution will be available. Each National tent will be equipped with their own download cable.

Boat storage

Boat storage racks will be placed near athlete's village.

First aid

A small tent with first aid will be located in the finish area. The NF will advise all participants that emergency medical services will cover only emergency cases and that all participants are responsible to arrange medical insurance policy at their own cost.

Water safety

Rescuing in the competition area will be organised during the competition days.

Medical Insurance

Organising Committee kindly asks all participants of the 2020 ICF Canoe Slalom World Cup race to ensure medical insurance policy in their respective countries. All costs above the regular first aid and ambulance services are to be covered by this medical insurance policy. Organising Committee will not cover any expenses in connection with hospital treatment.

Doping control

Doping control will be performed in accordance with the ICF Anti-doping requirements and WADA standards.

COVID-19 HEALTH AND SANITARY MEASURES

Each Participating National Federation will be expected to have undertaken their own risk assessment and have a Covid-19 safety protocol in place and will require to have taken the precautionary measures prior to travel.

Each Participating National Federation is responsible for all costs (including medication) should any member of their Team be required to go into quarantine at any time from arrival to departure and/or be hospitalised or to return to the country of departure. The ICF, the Host National Federation and the Host Organising Committee will try to support the concerned person as much as they can.

The ICF or organiser does not accept any responsibility for Covid-19 infection that occurs during or after the competition but will take all advised precautionary measures to reduce the risk of transmission.

Masks will have to be worn at the competition venue at all times. Disinfection stations will be located throughout the venue. At the entrance to the venue the temperature screening will be in place for all the participants and invited persons.

NOTE: Sanitary measures can be updated at short notice by the local authorities.

For details, please, see the Global ICF / HOC COVID 19 protocol:

COVID-19: ENTRY TO SLOVENIA

Canoe Federation of Slovenia will provide the official invitation letter for participants of the 2020 ICF Canoe Slalom World Cup race in Ljubljana - Tacen. Please, send us the names and passport numbers of your team members who will come to Slovenia.

For the up to date info on entry to Slovenia, please, refer to:

<https://www.gov.si/en/topics/coronavirus-disease-covid-19/border-crossing/>

The National Institute of Public Health (NIJZ) closely monitors the epidemiological situation in Slovenia and globally, and prepares evaluations of the epidemiological situation in every single country. On the basis of those evaluations, the Government determines the lists of countries that are subject to the various measures that apply for entering Slovenia.

Epidemiologically safe countries or administrative units of countries are included on the green list. Persons with permanent or temporary residence in a country that has been added to the green list, and arriving from such countries, can **enter Slovenia without restrictions and quarantine.**

If your country is not on a green list, different restrictions apply, which include 10-day quarantine, except if you provide a negative COVID-19 test upon border crossing. The test should not be older than 48 hours and needs to be carried out in an EU Member State or a member of the Schengen Area, or in Slovenia by an organisation or an individual recognised by the Institute of Microbiology and Immunology and the National Laboratory of Health, Environment and Food as suitable and credible.
