ICF CANOE SPRINT AND PARACANOE WORLD CUP

DEAR PARTICIPANTS,

There are less than 100 days until the first day of the Olympic Games. After last year's incomplete season, the number of entries shows that everyone wants to get on the water and compete. It is a great honour for us to host the competition and provide this opportunity for everyone here in Szeged, Hungary.

In the recent weeks, we have worked with the ICF to do everything we can to ensure the safety of the competition and to create conditions that will most likely prevent infection and disease if everyone fully adheres to the rules. We would like everyone to turn off a bit, leave this difficult period behind and focus on the competition.

The Organizing Committee wishes everyone a very good competition and good health! May the best win!

Best regards,

Gábor Schmidt
Chairman of the OC

PANDEMIC PRECAUTIONS

The HOC has developed the Covid-19 Manual for the competition, in collaboration with experts from the ICF and the National Public Health Center. The Covid Manual can be found in the appendix of the Last Info. The regulations included in the Manual apply to all activities and events related to the organisation of the competition almost without exception. To avoid any inconvenience, we kindly ask everyone to read the instructions carefully and prepare accordingly for the trip and the changed circumstances of their stay at the venue. The regulations included in the Manual apply equally to all persons officially participating and working in the competition. We are confident that thanks to the prudent measures we will be able to organise the competition with the least possible health risk if the participants also comply with the regulations.
