Item – 5

SUBJECT	2021 ICF Junior & U23 Canoe Slalom World Championships, Carbon Neutral
----------------	-----------------------------------------------------------------------------------

We would like to make the 2021 ICF Junior & U23 Canoe Slalom World Championships, **Carbon Neutral**.

Carbon emissions need to be assessed in order to be balanced by planting mangrove trees in Myanmar.

Therefore, we kindly ask you to share your teams travel details by filling in the following questionnaire:

<https://planet.canoeicf.com/TACEN21-CARBON-NEUTRAL>

Thank you for helping us to make the event carbon neutral!”.

HELP US CALCULATE YOUR TRAVEL CARBON FOOTPRINT

1  **ATHLETES, STAFF, ORGANISERS.**
Fill out this form, we just need to know how many KM you've travelled and what airports you flew between.

2  **TELL US YOUR FLIGHT DETAILS**
Put the airport codes in the form.

3  **TELL US HOW FAR YOU TRAVELLED OVER LAND**
Put the total KM travelled into the form. Include any travel to the event, during the event and away from the event.

4  **STARBOARD BLUE CALCULATES CO2 EMITTED**
Our environmental team calculate how much CO2 is emitted from your travel.

5  **TREES ARE PLANTED**
Mangroves are planted to absorb the emissions created during your travel.
