## **ATHLETE CLASSIFICATION**

### **Paracanoe Kayak athletes:** KL1 / KL2 / KL3

Athletes with one of the following statuses are required to pass the classification before the competition:

- REVIEW Status with a Fixed Review Date before the Competition
- REVIEW Status or
- New Status

### **Paracanoe Va'a athletes:** VL1 / VL2 / VL3

A new Va'a classification system has been adopted by ICF and IPC. This new Va'a classification system will be followed for the Tokyo 2020 Paralympics.

Please find the Va'a classification system on the ICF website.

As a consequence, **all Paracanoe Va'a athletes need to pass the Va'a classification** before competing in an ICF international event in 2018, regardless of their classification status from previous years. If an athlete has passed Classification this year at Szeged, Belgrade or at another time, their current Status applies for Worlds and all other ICF sanctioned competitions.

### **New platform for sending classification documents:**

A new platform has been developed for sending documents to the ICF Classifiers.

**Please use this platform to upload your classification document. No document should be sent by mail.**

This platform allows to have a more secure transfer of documents, as well as a secured storage. It is compliant with the IPC code on data protection matters.

- All mandatory documents should be uploaded on this platform before the specific deadline.
- An access will be required for log in the system. If you need a new access, please send an email to [classification@canoeicf.com](mailto:classification@canoeicf.com)
- The preferred format for all documents is PDF

Access to the *Classification Upload Platform*:

<https://www.canoeicf.com/classification>

**New Classification mail address:**

Along with the new upload system, the classification mail address has changed.

For any communication with classifiers, please use the following mail address:

[classification@canoeicf.com](mailto:classification@canoeicf.com)

No medical or confidential document should be sent by email.

**Appearance in classification:**

For the athletes with a Status requiring Classification, a classification slot must be booked in advance through the doodle. Please be aware that the doodle will be open only for 2 weeks.

If an athlete fails to attend his/her classification slot, he/she will not be classified and will not be permitted to race. PLEASE NOTE: Athletes and all their equipment are expected to be present for the entire Classification Period.

Athletes must be classified separately for Kayak and Va'a.

**ANTI-DOPING EDUCATION**

For the world Championships, it is mandatory for the Paracanoe athlete to pass the anti-doping online course. The course can be accessed here:

<https://www.canoeicf.com/anti-doping-education>

The Athlete Learning Program about Health and Anti-Doping (ALPHA) gives athletes information about the dangers of doping and the importance of anti-doping controls and promotes positive attitudes to avoiding doping.

It consists of eight sessions and takes two hours to complete. Athletes are encouraged to take the course in several stages. Progress is then saved from one visit to another. A pre- and post-course anti-doping knowledge test and attitude survey is included to evaluate the effectiveness of the program.

A score of 80% or higher is required for ALPHA certification, though athletes with insufficient scores are able to repeat the program. Those who have completed the programme in previous years do not need to redo it.

Please enter the correct identity information while creating an account, as the completion of the course will be recorded.

## REQUIRED DOCUMENTS FOR CLASSIFICATION

Athletes attending classification at competitions must upload the following Paracanoe forms on the *Classification upload platform* before the classification period, with the following deadlines:

**No later than 30 days before the start of the classification period of the Competition (*unless otherwise indicated*):**

- Paracanoe Athlete Certificate of Diagnosis
- Athlete Diagnosis Form
- Any other supporting medical documentation

**No later than 3 weeks before the event:**

- Declaration of Medical Complications & Emergency Measures
- Paracanoe Athlete Information & Consent
- Strapping waiver – this document will be valid for the whole 2018 season
- PFD waiver - this document will be valid for the whole 2018 season

**No later than 3 days before the event:**

- Equipment passport for Kayak – if the athlete competes in a Kayak category
- Equipment passport for Va'a – if the athlete competes in a Va'a category

All documents must be completed in English.

**Athlete Certificate of Diagnosis** must be completed in English and signed by a medical doctor. It should also include supporting medical diagnostic documentation. In complex cases additional supporting medical information may be requested.

The forms are available to download from the ICF Website in the Paracanoe area – in the classification page:

<http://www.canoeicf.com/discipline/paracanoe>

Any athlete who is entered in an event for which he/she has no classification will not be permitted to race.

Paracanoe athletes may enter more than one event if their classification makes them eligible to do so and the schedule permits. (NOTE: Athletes are not permitted to compete outside their classification category, ie. A KL1 category athlete may not race 'up' into KL2)

NF's are required to provide their own boats for their classification. The ICF is unable to provide a boat loan service. It is recommended that Federations who need to borrow boats for the competition or for classification make boat loan arrangements early with boat manufacturers or event organizers.

## EQUIPMENT PASSPORT

ALL athletes competing **MUST** complete and upload an equipment passport on the *classification upload platform*.

If the equipment passports are not completed and uploaded, the athlete will not be allowed to race. The equipment passports will be checked during classification and before each race. If the equipment does not match the equipment passports, the athlete will not be allowed to race.

If the athlete has sent an equipment passport before but has changed some equipment, a new equipment passport must be uploaded on the *classification upload platform* and the changes must be specified.

If the athlete has been given a confirmed status and are changing the equipment, the Chief Classifier will determine if the changes are approved.

The equipment passport form is available to download from the Paracanoe section of the ICF website.
