On the ICF/HUN Canoe Federation TIP in 2018

On the base of the HUN Canoe Federation financial support for the ICF Development Programme we organized a training camp in Hungary and the participation in 3 Events for the athletes, coaches from federations. (List enclosed)

The Training Camp

It was organized in Budapest at the premises of the György Kolonits Training Center from 29th April to 17 May. The main targets of the training were technique and physical abilities development and conducting various tests.

The 7th Women Canoe Cup

Total 53 athletes; 21 athletes supported by the TIP and 32 others on their own expenses represented 26 NFs took part in the competition. Some NF who usually participated in the Women Canoe Cup didn't take part in the event in order to save the expense. They participated in the World Cup 1 and 2 only.

The World Cup 1 and 2

Not all athletes in the TIP took part in both events, those excused because had to participate local races in their country.

The supporting coaches didn't want to pick the athletes performance to those Cups, it was more important the larger volume of training for their further improvement.

However the athletes show improvement from the 1st to the 2nd World Cup! Some achieved Final A, B or C.

Coaching

4 coaches and one manager worked with the TIP besides me from the ICF side. Among the coaches there are Olympic and World Champion Imre Pulai and the 9 times World Champion Paksy Timea. They made the training programme for their group and leaded/controlled the training sections.

Boats

NELO and PLASTEX provided 36 boats for the TIP in Budapest – Szeged and Duisburg.

Evaluation

In order to follow the athletes' progress and performance various tests, observation and were organized and recorded. The summary of all dates are under works.

Tests: time trials on various distances, cooper test by running, physical tests in gym and LA test on kayak ergo machine

Racing results: the position and the times were recorded

Questioners: one is made for the coaches to evaluate their athletes, one for the athletes for their opinion on the programme, coaching, catering etc.
