

2017 ICF CANOE FREESTYLE WORLD CHAMPIONSHIPS

OFFICIAL COMMUNICATION # 1 – COMPETITION COMMITTEE DECISION CONCERNING COACHES AREA

The competition committee convened on the request of several national federations to consider moving the designated coach's platform closer to the feature.

An area between the VIP and grandstand has been identified as appropriate. The competition committee accepted this recommendation as moving to this new area will benefit both the athletes and the coaches.

The official coach's area will now be located in Zone 3. Access will be further restricted to one coach per athlete. The old platform security will be removed and hence this area will be open to the public.

The competition committee
